What Our Clients Say

“

Over my 30 year career, we finally found a fundraising platform that figured it out. GroupFund is the best and easiest fundraiser we have ever seen.

We literally spent 20 minutes with our players and raised 3x more money than with any other fundraising companies. GroupFund is an absolute no brainer and service is second to none.

“

GroupFund is a terrific platform for fundraising. The first year in, we doubled our previous year fundraising, the second year we tripled it.

It is easy to set up for kids, and easy to use for donors. Almost zero work on your coaches. Outstanding platform!
