

Tapas Evening

****Saturday, 31st May, 6:30 PM****

Let's welcome the summer months and evoke the atmosphere of a European city!

****What Does "Tapas" Mean?***

In Spanish, "tapa" translates to "cover" or "lid." The tapas tradition began in Spanish taverns, where patrons were served free bites of food with their drinks. The small dish that held the tapas was placed on top of the drink, literally covering the glass like a lid!

As always, we like to add our own twist to every dish. We invite you to travel the globe and experience a variety of tapas from many different countries. After all, Spain is not the only place that offers amazing small plates!

£40 per person, with a £10 deposit required at booking.

To reserve your place, email nicki@somethingelsefishy, call 01963 250225, or visit one of our shops.
