

AIDE Business Development Support Offerings

"Helping you start and build your business; and supporting you through your journey so you reach your goals"

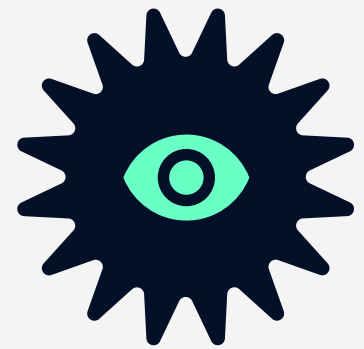

01. Understanding your Business

First, we review your current operations and capacity. We then identify risks, detect issues, and look out for potential problems that may arise.

02. Bespoke Trainings per Cohort

Bespoke and customized training packages for all levels (small, medium, and large) Enterprises. We also do institutional trainings for Private Institutions

03. Action Trainings

All trainings are followed up with group or individual assignments so firms operationalize what they learn.

04. Coaching and Mentoring

We hand hold the firms and participants by coaching them and mentoring them to design and implement strategies and workplans.
