Remote Learning

What To Expect - Additional Info in **PURPLE**

Sessions are still 1 hour long!

As usual, we spend 45 minutes in session actively engaged in the therapy session.

What's different? The other 15 minutes, we usually spend breaking the ice at the beginning of the session and picking prizes while Miss Tina takes session notes. Being remote, this 15 minutes is still crucial as it allows Miss Tina to prepare the lesson, upload session documents, and provide important status updates to the team. Please remember that we are transitioning between clients as well - technology can be tricky at times.

Miss Tina is still running your sessions - her smiling face will be on the other end of the zoom camera.

What supplies do you need for the tele-session?

- **Reliable internet connection**
- **Video chat capable device**
- **Folder or Binder for Handouts**
- 3 pieces of wide ruled lined paper
- Pencil (with grip if applicable)
- Eraser
- Highlighter
- A Zoom Profile!
