

Welcome to the Reading Therapy Center!

We are excited to help you and your child! On this page, you will find FAQ about our Basic Math Program. For information about our programs in reading, comprehension, writing, and homework support, visit our website at www.readingtherapycenter.com

Our math program targets your child's barriers to achieving math success by filling in the holes of their foundational knowledge.

We work with children ages 3 to 20 who demonstrate challenges, including dyslexia, dysgraphia, dyscalculia, learning disabilities, autism, and cognitive delay.

Cost: Our programs require a *minimum* of 2 sessions per week (50-60 mins each). The cost per session is \$70. The typical cost per week is \$140. Our new-client, initial-session fee is a one-time charge of \$200. The information obtained during this session is used to create your child's individualized program and secures your child's selected ongoing-session dates/times. Please note that all clients are accepted on a first come, first served basis.

Location: At this time, all sessions take place on the online platform, Zoom.

Hours: We provide sessions 7 days a week:

- Mondays through Fridays from 8:00 a.m. to 7:00 p.m.
- Saturdays from 11:00 a.m. to 4:00 p.m.
- Sundays from 9:00 a.m. to 6:00 p.m.

Payment: Our invoices are emailed to clients on the 15th and 30th of every month. Payments must be made online. We accept all major credit cards and the Empowerment Scholarship of Arizona. We do *not* accept insurance. Payment is required upon receipt of each invoice for on-going sessions; the intake session must be paid at the time of service.

How to sign-up: Complete the intake packet and return it via email to Miss Tina. On the "permission to share information" page, be sure to include your child's school's name and providers that work with your child, such as a SLP, VT, OT, or behavioral therapist.
