

DECLARATION OF PROOF FOR SUPPRESSED COURT CASES AND JUDICIAL OBSTRUCTION

This appendix outlines instances in which judicial remedies were sabotaged, suppressed, or strategically neutralized by America First operatives to eliminate constitutional checks, protect the regime from accountability, and silence legal resistance.

I. SYSTEMATIC COURT BLOCKADES

- Civil Rights and Election Cases Dismissed: Numerous state and federal cases addressing election integrity, voter suppression, Schedule F, and AI targeting were dismissed without full review due to ideological judge appointments or administrative removal.
- Reassignment and Removal of Judges: Judges seen as unfavorable to the regime were reassigned, pressured into early retirement, or subjected to political retaliation.
- Manipulation of Dockets and Calendars: Strategic court scheduling was used to prevent timely review of emergency cases related to the 2024 election and post-occupation orders.

II. LEGAL SABOTAGE AND INTIMIDATION

- Use of the Alien Enemies Act: Lawyers and plaintiffs were categorized as national security threats, enabling surveillance, detainment threats, and legal disqualification.
- Attacks on whistle blower Attorneys: Legal representatives of journalists, civil servants, and military witnesses were targeted through bar complaints, media defamation, and asset freezes.
- Administrative Overriding of Legal Orders: Agencies refused to comply with protective orders, FOIA rulings, and emergency injunctions, citing loyalty-based executive override authority.

III. RECOMMENDED FINDINGS

These acts violate:

- U.S. Constitution, Article III – Undermining judicial independence
- Rome Statute, Article 7 – Suppression of judicial remedies as a crime against humanity/
