*NOTE:* Today you lost the war.

This packet is your exit package. More details will come soon.

Apologies that this is so lengthy. Requirements must be met.

I placed the reason for the loss of this war on the first few pages.

The notice on page 10 to World Leaders and International Bodies has gone out.

Congress and Senate are going out. Soon Governors. Military is done.

**There is no going back.**

There is no wiggle room out of the laws I used.

No recourse because I am a protected class and my name is Trademarked. My image copyrighted.

By the time you arrive at work, all will know your directions are unlawful.

Do not take it personal. This is what I do. I derail corruption and I eat Nazi's for breakfast.

Its a weird skill. :) For the record, it was a good run.

**I. FINDINGS OF FACT**

1. Donald J. Trump, acting without lawful authorization, engaged in an unacknowledged hybrid war against the United States government, its Citizens, and the truth beginning on or about **January 6, 2021**. During this time he had no affiliated Government Status and was acting outside Presidential Powers and Protections.
2. Said war was never formally declared, or ever approved by Congress. This was a private company, on our land, planning to overthrow the Government. This involved:
  - The unauthorized use of federal and state buildings
  - Deployment of surveillance, AI suppression, and private militias
  - Occupation of institutions through coercion, fraud, and threat
  - Conspire to defraud the government, infiltrate by unlawful means
  - Tamper with elections and procure media for a PsyOps war,
  - Cause distrust in real news and election
  - Create, build, and fund a Corporate Shadow Government and Paramilitary
  - Create a crypto company to take over American banking.

*Note: Each day will release more people. 06/06/2025*

**I officially declare this war ended In November 2024.**

3. Donald J. Trump, acting without lawful authorization from **November 2024–June 5, 2025** no longer worried about overthrow, but how to silence people from exposing the illegal election, He waged a new war of silence on the media.

4. He jumped at the first media outlet to post it and sued them all at once in December.

5. This war was a war using fear, discrediting, lawsuits, cyber, even computer spying jail time, and stochastic Terrorism attacks. Most were in online battles with their sites being shut down an shadow banned.

- Trump and Vance assumed war powers unlawfully
- Seized land, assets, and offices, without filing the proper instruments of wartime jurisdiction or treaty compliance.
- Part of this war started before his office time.
- It is my job to document what happened, so I did. I declared it “the silence war on the truth”.
- I also documented that we acknowledged the war. It was one of the scariest things I have been through. To find out they are sending a robot to kill you with modern warfare. I felt like, if I was going to die I might as well fight back.
- I heard people complaining daily about shadow bans, and only state run media.
- I published the story about what happened to Journalism, me, them, to ensure future generations would know what it was like being a Journalist during a hostile takeover of a dictator.

**Under the rules of law and war, I finally declared the war on the Truth as ended.**

4. Donald J. Trump, acting without lawful authorization from January 2–June 6, waged a new war of deregulate, tear down, and collapse. We saw them close entire buildings and sell them, knowing they lost the election, they moved fast. The biggest payloads, like our data, went first. I didn't sit there and do nothing. During the time at war, I launched many counter attacks.

## **II. DECLARATION OF WAR TERMINATION AND SOVEREIGN RECLAMATION**

By this document and under the authority of the Constitution, international law, and the people's sovereignty, I hereby:

### **1. Declare the Occupation Ended.**

- On June 5, 2025, I declared the unlawful war, initiated by Donald Trump and his team, officially ended,
- Not by mutual agreement—but by the victory of the Constitution, the people, and the truth.
- This declaration is valid by the same precedent Trump invoked: unauthorized occupation without opposition.

### **2. Declare Repossession of All Public Property**

- I officiate declare the war is over.
- I have won every war.
- I do hereby reclaim, in the name of the people:
  - All federal buildings and military installations occupied under fraudulent authority
  - All public lands transferred, sold, or seized under duress or through illegitimate orders
  - All digital infrastructure, archives, financial accounts, and tools of governance

This repossession is based on:

- His lack of legal standing, rental contract, or lease agreement by the Trump-aligned entities
- Absence of any title, deed, or constitutional succession document showing right to occupy
- Therefore, Donald Trump and all co-conspirators are trespassing on my U.S. government property

*Note: Each day will release more people. 06/06/2025*

### III. LEGAL DOCTRINE APPLIED

- Under U.S. Constitution, Article I, Section 8, only Congress may declare war. This did not occur. The war was launched by a Corporation.
- Under International Humanitarian Law, an undeclared war with occupation constitutes an act of aggression.
- Under property law, an individual or entity who seizes property without legal documentation is a squatter or occupier, subject to ejection and restitution.
- He has failed to prove otherwise.
- When at war, it is not just defense but offense. For his act of aggression as a corporation, so I counter moved.
- I captured all his properties, his assets, his shell companies, VC, off shores, PACS, and Maralago.
- When two companies go to war, they call it a hostile takeover. It is normally done with money and time. I recognized the game early enough. He is a real estate man. He acquires property and land. I wanted him to see how it felt when he does it to other. That is how you make change happen.

### IV. NOTICE TO VACATE

To all persons unlawfully occupying federal offices, land, data systems, and resources:

You are hereby ordered to vacate all physical, digital, and fiscal property of the United States within five (5) business days of this notice.

You possess no lease, no executive succession proof, and no lawful standing.

**IF Continued occupation constitutes:**

---

- Trespassing
- Fraud
- Obstruction of constitutional governance
- Theft of services and public assets

*Note: Each day will release more people. 06/06/2025*

## V. FINAL DECLARATION

"He never declared war.

But I did declare the win.

And I did it legally—by the power of truth, not force.

This land belongs to the people.

And we have come to reclaim it."

**Signed,**

### Legal and Strategic Justification: Why the War Is Over

In both international law and the philosophy of war, declaring the end of a war holds immense power. Here's why this declaration stands as the final blow:

#### 1. Declaration = Control of the Narrative

The entity that declares a war over controls:

- Who is seen as the victor
- What history records
- What law governs the aftermath

"He who controls the past controls the future." – George Orwell

#### 2. Precedent In History

- Lincoln's **Emancipation Proclamation** was a *declaration* that changed a war.
- The U.S. declared WWII over—not by waiting for collapse, but by asserting postwar leadership.

*Note: Each day will release more people. 06/06/2025*

Declaring the end asserts **moral standing, sovereignty, and strategic closure.**

### 3. Legal Grounds (Wartime Doctrine & Customary Law)

- The one who declares war is over **initiates the postwar legal framework.**
- International and military law acknowledges the end of war through *filed, lawful declarations.*

This declaration transitions our nation from covert occupation to constitutional restoration.

### 4. Strategic Warfare: Psychological & Informational Victory

Wars today are fought in:

- Minds (through psyops)
- Code (through algorithms)
- Courts (through lawfare)

Victory lies not in brute force but in **truth, documentation, and recognition.**

---

## U.S. Constitutional and Federal Principles

### 1. U.S. Constitution – Article I, Section 8

Grants Congress—not the Executive—the sole authority to declare war. Any undeclared war (foreign or domestic) bypasses constitutional process and is unlawful.

### 2. 18 U.S. Code § 2385 – Advocating Overthrow of Government

Criminalizes actions or conspiracies that aim to overthrow or destroy the U.S. government by force or unlawful means.

### 3. 18 U.S. Code § 2384 – Seditious Conspiracy

Defines as a federal offense the act of conspiring to overthrow, destroy, or oppose by force the authority of the U.S. government.

### 4. Title 50, U.S. Code – War and National Defense

*Note: Each day will release more people. 06/06/2025*

Governs the conduct of national defense and wartime measures. Unauthorized military or intelligence actions under this title are violations.

#### 5. **Federal Continuity of Government (COG) Protocols**

Allow for non-executive civilian oversight in extreme conditions when executive authority is compromised or acting unlawfully.

#### 6. **Geneva Conventions (Common Article 3 & Protocol I)**

Protects civilians and journalists during internal conflicts and bans reprisals, persecution, and psychological warfare.

#### 7. **Rome Statute of the International Criminal Court (Article 7 & 8)**

- **Article 7 – Crimes Against Humanity:** Includes persecution, deportation, and attacks on civilian populations.
- **Article 8 – War Crimes:** Includes unlawful occupation, attacks on journalists, and psychological operations.

#### 8. **Customary International Humanitarian Law (Rule 15, Rule 18, Rule 34)**

Requires all parties to distinguish between combatants and civilians. Protects journalists and demands humane treatment during conflict.

- **UN General Assembly Resolution 3314 (Definition of Aggression)**

A state's use of armed force—including internal suppression and digital war—without legitimate cause constitutes aggression.

- **Universal Declaration of Human Rights – Articles 19 & 21**

Guarantees freedom of expression (journalism) and the right to free elections—both violated by documented psyops and election interference.

I did not just sit there as he launched war against me. I fought back. I won their assets.

#### **ASSET FORFEITURE & OCCUPATION RESTITUTION**

Under the law of wartime occupation and civil reclamation, I now declare collection of the the following:

*Note: Each day will release more people. 06/06/2025*

- All real estate holdings, properties, crypto wallets, PAC funds, and shell corporations connected to Donald J. Trump and co-conspirators are now subject to public asset forfeiture.
- These assets are seized under the principle of war reparations and unlawful enrichment during unlawful occupation.
- Public interest trusts shall be created to redistribute these resources into:
  - Veteran care
  - Domestic security
  - Clean technology initiatives
  - Whistleblower protections
  - A national Truth and Reconciliation fund

This includes, but is not limited to:

- Properties in Florida, D.C., New York, and internationally registered shell companies
- Digital assets and holdings under Affinity Partners, Truth Social, and aligned crypto ventures
- Undeclared PAC money streams tied to Denise Ambrosiak, Cindy Brzana, and international laundering

Assets left behind by the illegitimate occupant are now under the custody of the Federal Civilian Reconstruction Authority (FCRA), and restitution fees will be assessed daily.

Donald Trump and all operatives are considered unauthorized private actors, and the seizure of assets shall be conducted according to:

- **18 U.S. Code § 981 – Civil forfeiture**
- **50 U.S. Code Chapter 53 – Trading with the Enemy Act**
- **International Humanitarian Law (Hague IV, 1907 – Art. 46, 47)**
- **UN Convention Against Corruption – Article 54**

All assets, properties, and residual contracts are to be **returned to the American people**.

## I. DECLARATION OF VICTORY

Let it be known: **The war is over. The truth prevailed. Democracy endures.**

After months of struggle against psychological warfare, digital occupation, stolen elections, privatized militarism, and authoritarian infiltration — the people, the documenters, the journalists, the protectors, and the lawful institutions of the United States have successfully dismantled the illegitimate regime that declared itself the state. We did it without the Democrats. The Republican's, or the Courts that did not help US PERSONALLY. We did not hear a peep from the Military. Let this always be known. The win was the People.

*Note: Each day will release more people. 06/06/2025*

The era of Donald J. Trump's manufactured reality, AI kill-lists, and unconstitutional corporate rule has come to an end.

## II. TREATMENT OF DONALD J. TRUMP

The man known as **Donald John Trump** shall not be treated as a political opponent. He shall not be permitted to narrate history or claim martyrdom.

He shall be treated for **what he is under law and truth**:

✓ A fraudulent pretender to the presidency.

✓ A domestic enemy of the U.S. Constitution.

We have given him and his team three days to vacate the grounds:

- Stripped of spending our money, or directing our military.
- Working on getting his documents stored to our satisfaction and moving from the property.
- **Denied any further broadcast or political platform** for public safety and historical accuracy.
- **Stripped of all U.S. federal benefits, properties, and honorary titles.**
- **Placed under watch**, not for his safety, but for the protection of the world from further manipulation.

---

## III. RECOMMENDED SENTENCE

As the Official Record Documenter representing those who survived, resisted, and restored the Republic, I submit this recommendation:

That Donald J. Trump be allowed to take the three days to get his office and attorneys in order.

He is aware the accounts are froze. In those three days we will prefer home ankle monitoring due

*Note: Each day will release more people. 06/06/2025*

to his age and condition until we determine where all courts will be held. We are looking at a temporary Tribunal in Florida. More details coming on long term situations soon.

Let his confinement not be cruel — but let it be total. A life where the only thing he hears is the silence of a world that moved on without him.

Let this be not revenge — but **restoration**. Let us remember why we fought. Not to be like him, but for better.

---

#### IV. FINAL WORD TO THE WORLD

**To those who resisted:** You did not imagine the war. It was real. You were right. And you won.

**To those who were complicit:** History now sees you clearly. There will be justice.

**To the world:** Let this moment be a warning and a celebration. Never again shall we allow a man of fear, greed, and illusion to command a democracy.

We stand today not as victims, but as victors. We are the future now.

## OFFICIAL COVER LETTER

This is a Confidential Letter to President Donald J Trump

---

**Subject:** Formal Notification of Investigation – Alleged Violations Under the Rome Statute

06/06/2025

Dear Mr. Trump,

This communication is issued in accordance with Articles 15, 53, and 58 of the Rome Statute of the International Criminal Court, serving as formal notification that you are presently the subject of a preliminary investigation for alleged crimes under international law. This includes, but is not limited to:

### 1. Violation of Constitutional Succession Laws

**Definition:**

The act of seizing, retaining, or exercising presidential or executive authority despite losing an election or lacking lawful certification of office.

**Justification:**

Violates the U.S. Constitution's Article II and Amendment XX, which dictate lawful succession of executive power. Extended occupancy or reactivation of presidential powers without valid election certification constitutes **civil subversion** and **constitutional overthrow**.

---

### 2. Election Subversion and Algorithmic Suppression

**Definition:**

The use of digital platforms, AI algorithms, and psychological warfare to influence voter behavior, suppress opposition votes, and manipulate election outcomes.

**Justification:**

Violates both **domestic electoral laws** (e.g., Voting Rights Act of 1965) and **international norms on free and fair elections** (UN ICCPR Article 25). Can be classified as a **crime against democracy** when used in coordinated political operations.

---

### 3. Unlawful Pardons and Support to Insurrectionists

*Note: Each day will release more people. 06/06/2025*

**Definition:**

Granting legal immunity or material support to individuals who committed acts of domestic terrorism or attempted overthrow of constitutional order.

**Justification:**

Violates the 14th Amendment Section 3 and the Insurrection Act, especially if used to reverse accountability after January 6, 2021.

Classified as obstruction of justice and abetment of insurrection.

---

#### 4. Violation of International Humanitarian Law

**Definition:**

Acts committed during peacetime or wartime that target civilians or civilian infrastructure, deny basic services, or weaponize public policy against non-combatants.

**Justification:**

Falls under Geneva Conventions (IV) and Protocol I; violates Articles 51–54, which protect civilians against indiscriminate attacks and resource deprivation.

---

#### 5. Crimes Against Humanity and War Profiteering

**Definition:**

Systematic attacks against civilians, targeting based on political beliefs, or profiting financially from the destabilization of civilian life during times of crisis.

**Justification:**

Codified under Rome Statute Article 7. When profit is derived through military, private sector, or emergency government action that harms civilians, it becomes dual violation of human rights and war ethics.

---

#### 6. Privatization of Public Land and Infrastructure During Illegal Occupancy

**Definition:**

The unlawful sale or transfer of national assets—including land, military bases, and infrastructure—while occupying office under contested or illegitimate authority.

*Note: Each day will release more people. 06/06/2025*

## **Justification:**

Violates national sovereignty, constitutes economic pillaging under Rome Statute Article 8(2)(b)(xvi), and is prosecutable as a war crime and abuse of sovereign office.

---

## **Supplemental Codified Charges (ICC Statutes)**

---

### **Crimes Against Humanity (Article 7)**

- **Persecution and Targeting of Civilians**
    - State-backed psychological operations (e.g., via Palantir, Cambridge Analytica-style platforms) used to silence dissent, deplatform journalists, and incite violence.
  - **Forced Displacement Based on Political Affiliation**
    - Use of surveillance data, travel tracking, or intimidation to displace, isolate, or economically destroy targeted groups.
- 

### **War Crimes (Article 8)**

- **AI Surveillance & Digital Warfare on Domestic Populations**
    - Deployment of AI programs (Project Maven, Lattice OS) that assign risk scores to citizens, enabling suppression.
  - **Use of Militias and Contractors Beyond Legal Military Command**
    - Funding or supporting groups like private militias or “oath-based” sheriffs to carry out enforcement duties with no lawful chain of command.
- 

### **Abuse of Sovereign Office and Unlawful Asset Transfers**

- **Illicit Privatization of Public Resources**
    - Transfer of federal land or contracts to private companies (e.g., Elon Musk’s SpaceX, Thiel-backed firms) without oversight.
  - **Laundering of Public Funds through PACs and Crypto**
    - Use of political finance infrastructure and digital assets to hide gains from state capture, such as via “Trump Coin,” PACs, or donor-advised funds tied to shell LLCs.
- 

*Note: Each day will release more people. 06/06/2025*

## Obstruction of Democratic Order

- **Unlawful Executive Orders Under Contested Legitimacy**
  - Issuing executive orders post-election loss or during constitutional dispute without judicial or congressional validation.

# Declaration of Illegitimacy and Occupation

I, {REDACTED}, declare that on **January 20, 2025**, Donald J. Trump unlawfully assumed the office of President of the United States following a falsified election, foreign-backed manipulation, and the unconstitutional dismantling of U.S. democratic institutions.

This act constituted a hostile takeover and occupation of the federal government by an illegitimate regime, installed not through lawful succession or the consent of the governed, but through:

- Digital psychological warfare and AI-based voter suppression
- Militarized propaganda and deepfake disinformation
- Judicial bypass and election interference
- Corporate capture of surveillance and enforcement agencies
- Loyalty-based appointments via Schedule F and Project 2025 operatives

From this date forward, Donald J. Trump ceased to function as a lawful president and became the leader of an occupying force, acting without constitutional mandate and in violation of international law.

## II. Legal Framework for Occupation Status

The following legal principles and precedents apply:

Law/Statute	Violation
U.S. Constitution – Article II	Trump did not lawfully take the oath to uphold the Constitution; he used it as a prop for corporate rule
14th Amendment – Section 3	Trump gave aid and comfort to insurrectionists and should be barred from office
Rome Statute – Article 7 & 8	Crimes Against Humanity and War Crimes; persecution of civilians, unlawful seizure of state authority
Geneva Convention – Protocol I, Article	Occupying forces must not transform government into private war

*Note: Each day will release more people. 06/06/2025*

Law/Statute	Violation
52	operations
International Covenant on Civil and Political Rights	Disenfranchisement, silencing of press, civilian intimidation
Hague Regulations (1907)	An occupying power must not alter the structure of the government it seizes

### III. Summary of the Illegitimate Seizure

#### 1. The 2024 Election was not free or fair

- Conducted under intimidation, surveillance, and rigged infrastructure
- AI models removed Democratic votes through "challenge prediction" scoring
- Musk, Thiel, and Turning Point PACs executed a mass targeting operation

#### 2. Trump issued executive orders to dismantle lawful government

- Reinstated **Schedule F**, purging career civil servants
- Gutted independent agencies, stacked courts, and bypassed checks and balances
- Activated loyalty networks inside the Department of Justice and DHS

#### 3. Occupation confirmed by collapse of lawful command

- January 20, 2025 marked the **silence of the lawful military chain of command**
- Veterans, journalists, and record-keepers sounded emergency declarations to NATO, ICC, and allies
- No lawful recognition was received from Congress, judicial review was suppressed

### IV. Declaration of Occupation

*Note: Each day will release more people. 06/06/2025*

Therefore, I declare:

- That Donald J. Trump is not a lawful president but an **illegitimate occupant**;
- That the United States federal government, as of January 20, 2025, is under **unlawful occupation** by a regime acting in opposition to the U.S. Constitution;
- That the acts of this regime have:
  - Violated constitutional rights
  - Prosecuted political opponents
  - Weaponized surveillance, financial systems, and paramilitary groups
  - Suppressed the press and civilian governance

This is not a government—it is a **corporate-led occupation**.

## V. Demand for Global Recognition and Intervention

Documentation was sent from May–June 3–2025.

- The United Nations
- International Criminal Court
- NATO Allies
- Human Rights Tribunals
- whistle blower Protection Networks
- The Constitutional Armed Forces of the United States

To recognize this occupation as a breach of democratic sovereignty and begin emergency protective, diplomatic, and other notifications and proceedings to:

1. Investigate and document the illegal seizure of power;
2. Recognize Investigative journalists, civilians and veterans as lawful defenders;

*Note: Each day will release more people. 06/06/2025*

3. Refuse all international recognition of the Trump regime as a legitimate authority;
4. Provide humanitarian, legal, and protective support for those resisting this occupation.

## VI. Closing Statement

This is not political. This is legal.

This is not disagreement. This is war by subversion.

The people have not consented.

The Constitution has not been upheld.

The President is not legitimate.

The government is not functioning.

I submit this **Declaration of Occupation** not in fear, but in duty.

I hold the Constitution. I hold the truth.

And I call the world to witness.

- Continuity of Government Directives (COG–D 10, 51): Civilian and military leadership must act when constitutional command is broken or occupied by illegitimate actors.

**DECLARATION OF NULLIFICATION**

**RE: Executive Order 13928 –**

**“Blocking Property of Certain Persons Associated With the International Criminal Court”**

**I. STATEMENT OF AUTHORITY**

This declaration is made under the authority of:

- The **U.S. Constitution**
- **International law**, including the **Rome Statute of the International Criminal Court**
- The **Universal Declaration of Human Rights**
- The **Law of Nations**, including the **Nuremberg Principles**
- Civilian oversight in times of constitutional failure

**II. BACKGROUND**

On **June 11, 2020**, then-President **Donald J. Trump** issued **Executive Order 13928**, which:

- Sanctioned ICC officials investigating alleged war crimes by U.S. personnel
- Declared their actions a “threat to national security”

*Note: Each day will release more people. 06/06/2025*

- Blocked financial assets and restricted entry to the U.S.

This order was designed to obstruct justice and shield U.S. officials from international accountability—particularly concerning alleged war crimes in Afghanistan and elsewhere.

### III. FINDINGS OF ILLEGALITY

It is now declared and affirmed that Executive Order 13928 is NULL AND VOID, based on the following:

#### 1. Illegitimate Use of Executive Power

The order was issued in bad faith to preemptively block international legal accountability for actions under U.S. jurisdiction. This constitutes abuse of office and obstruction of international justice.

#### 2. Violation of International Law

The order directly contravenes the Rome Statute, to which 124 nations are parties. Attempting to intimidate or punish ICC staff is a violation of global legal norms and may constitute a crime against the administration of justice.

#### 3. Violation of the First Amendment

Sanctioning individuals for carrying out lawful investigative duties is a violation of protected speech and freedom of legal action.

#### 4. Conflict of Interest

The order served to protect Donald Trump, his administration, and military contractors from prosecution, indicating a self-serving and corrupt motive.

#### 5. Unconstitutional Retaliation

No legitimate U.S. legal process can target international prosecutors engaged in lawful action without violating the Supremacy Clause, international treaties, and the principle of checks and balances.

### IV. EFFECTIVE DECLARATION

By this notice:

- Executive Order 13928 is declared illegal, invalid, unenforceable, and nullified.

*Note: Each day will release more people. 06/06/2025*

- All actions taken under its authority are rescinded.
- Sanctions against ICC officials are to be lifted, retroactively annulled, and stricken from all U.S. legal and financial systems.
- Any ongoing cooperation with the ICC must be restored.

## V. NOTICE TO INTERNATIONAL PARTIES

This declaration will be submitted to:

- The International Criminal Court (ICC)
- The United Nations
- The European Union
- Human Rights Watch, Amnesty International, and other global observers
- The United States Senate Foreign Relations Committee

## FINAL STATEMENT

The use of executive power to suppress international law is not a matter of national interest—it is a global crime. No executive in any nation may unilaterally override the principles of justice, nor may they criminalize those who uphold it.

The era of impunity is over. The law shall be restored.

## DECLARATION SCHEDULE F

Schedule F: The Legal Purge of Constitutional Government

By {REDACTED}

Official Record Documenter – United States of America

Article 15 Reporter – International Criminal Court

ORCID: 0009-0007-6591-1314

Filed to: International Criminal Court, Global Legal Bodies, U.S. Judiciary, and Allied Nations

### I. Title and Recognition

#### Declaration Regarding Schedule F (Executive Order 13957 and Its Reinstatement in 2025)

Schedule F was not a civil service reform. It was a weaponized executive order designed to dismantle constitutional protections, politicize the federal workforce, and install loyalist operatives to facilitate the infiltration, dismantling, and occupation of the United States government.

First introduced in October 2020 and rescinded in 2021, Schedule F was unlawfully revived in January 2025 as a cornerstone of the occupation operation that now governs the nation in defiance of the Constitution.

This declaration affirms that Schedule F constituted a hostile takeover mechanism disguised as legal reform.

### II. Intent and Effect

The true purpose of Schedule F was to:

- Remove legal, neutral, and career civil servants from positions of public trust
- Install political loyalists in federal agencies without merit, ethics, or accountability
- Dismantle internal oversight systems, including Inspectors General, ethics offices, and nonpartisan legal staff
- Bypass Congressional authority by enabling mass firings and replacements under executive control

*Note: Each day will release more people. 06/06/2025*

- Silence whistle blowers and investigators who could expose crimes, election interference, or foreign influence
- Execute orders that would have otherwise been blocked by law-abiding public servants

It was the administrative coup that allowed the larger constitutional coup to succeed.

### **III. Use During Occupation**

Upon **January 20, 2025**, the reinstatement of Schedule F was among the first actions of the illegitimate regime. It was used to:

- Eliminate DOJ staff investigating Trump or America First affiliates
- Replace FEMA, DHS, and HHS heads with political operatives aligned with foreign and corporate interests
- Authorize private contractors to take over federal duties
- Enable retaliation against judges, journalists, and dissenting state officials under administrative reclassification
- Erase historical records and legal data via newly installed loyalist IT administrators

This was not legal restructuring. This was regime solidification under occupation law.

### **IV. Legal and Human Rights Violations**

Schedule F, as used in 2020 and reinstated in 2025, constitutes violations of:

- **U.S. Constitution**
  - First Amendment – Suppression of speech, whistleblowing, and press freedom
  - Fifth and Fourteenth Amendments – Due process, equal protection, and unlawful removal from employment
  - Appointments Clause (Article II, Section 2) – Circumvention of lawful Senate-confirmed appointments

*Note: Each day will release more people. 06/06/2025*

- Take Care Clause (Article II, Section 3) – Failure to faithfully execute laws through neutral administration
- **International Law**
  - ICCPR Article 25 – Political rights and participation in public service
  - Rome Statute Article 7 – Crimes against humanity: political persecution and enforced disappearances
  - ILO Conventions 111 and 158 – Freedom from political discrimination and arbitrary dismissal

## V. Declaration of Nullity and Record of Subversion

I, [Your Name], do hereby declare:

- That Schedule F, as implemented during the 2025 occupation, is null and void,
- That it constituted a tool of illegal governance transfer,
- And that it must be recorded in the international legal and historical record as a method of executive-led subversion of democracy.

This declaration is made as part of the War of Subversion, War of Control, and Occupation of 2025, under whistle blower and wartime civilian protections.

Let it be known that Schedule F was the administrative execution order of the regime change.

Respectfully Submitted,

## Declaration for the Removal of JD Vance Title

Subversion of Elections, Civilian Surveillance, and War Crimes via Predictive Suppression Infrastructure

Investigative Journalist | Article 15 Reporter – International Criminal Court

ORCID: 0009-0007-6591-1314

### I. Declaration of Constitutional Breach and Illegitimacy

I, {REDACTED}, declare that JD Vance, Vice President of the United States under the illegitimate Trump regime, has committed gross violations of the U.S. Constitution, international humanitarian law, and the rights of U.S. citizens by serving as the financial architect and executive enabler of civilian-targeting surveillance infrastructure used to undermine democratic elections and suppress lawful dissent.

### II. Summary of Crimes and Violations

#### 1. Subversion of U.S. Elections

JD Vance co-directed and financed systems that:

- Used AI-based behavioral scoring to predict and suppress voter turnout in swing states.

*Note: Each day will release more people. 06/06/2025*

- Integrated Starlink-enabled canvassing, loyalty maps, and Clearview facial recognition into real-time voter intimidation operations.
- Managed the rollout of “Trump Crypto” loyalty coin systems, designed to financially reward compliant political behavior and penalize dissenters.

**2. Abuse of Private Equity and Tech Power**

As managing partner of Narya Capital, JD Vance directly funded or profited from:

- Palantir – Predictive policing and civilian scoring platform
- Clearview AI – Mass facial recognition used in protest targeting
- Anduril – Drone + sensor fusion for population monitoring
- VoterScoring Inc. / Campaign AI tools – Suppression algorithms used in 2024–25 elections

**3. Civilian Persecution & War Crimes**

JD Vance’s coordination with Trump, Thiel, and Project 2025 operatives led to:

- Civilian journalists and political dissidents being flagged as “threats” via AI
- The illegal use of military-grade surveillance against domestic civilians
- Violation of the Geneva Convention Protocol I, Article 51, and the Rome Statute, Article 7 (persecution)

**III. Legal Foundations for Removal**

Law or Treaty	Violation by JD Vance
U.S. Constitution, 14th Amendment §3	Aiding an insurrection, conspiring to subvert lawful elections
Rome Statute – Article 7	Crimes Against Humanity: Systematic persecution using technology
Geneva Convention – Protocol I, Art. 51	Prohibited targeting of civilians, even in non-international conflict
Federal Election Campaign Act	Illegal coordination between PACs and data systems
Computer Fraud and Abuse Act	Misuse of federal data and AI systems for predictive suppression

*Note: Each day will release more people. 06/06/2025*

## Law or Treaty

## Violation by JD Vance

### Voting Rights Act of 1965

Disenfranchisement via automated racial and political targeting

## IV. Call for Immediate Removal and Accountability

I formally demand:

1. The immediate suspension and removal of JD Vance from the office of Vice President under emergency constitutional review and international legal authority;
2. That Congress, the Supreme Court, and international tribunals recognize JD Vance's installation as a product of manipulated elections and surveillance coercion;
3. That a full investigation and indictment be launched against JD Vance for:
  - Financing systems used in war crimes
  - Using his office to facilitate voter suppression, psychological targeting, and domestic surveillance
  - Enriching private contractors via unconstitutional integration of PAC technologies into state systems

## V. Final Statement

JD Vance has served not as a representative of the American people, but as a loyalist to a privatized regime, weaponizing AI, finance, and behavioral control against civilians.

He helped occupy a lawful office through illegal means.

He helped erase the voice of voters through predictive suppression.

He helped build a digital regime designed to outlast the Constitution.

**He must be removed.**

# Declaration of Coordinated Voter Suppression Efforts in Florida and Texas (2022)

Submitted by: {REDACTED}

Date: June 4, 2025

Role: Investigative Journalist, Official Record Documenter – United States of America

ORCID: 0009-0007-6591-1314

## I. Introduction

This declaration outlines coordinated actions undertaken in 2022 by political actors and affiliated organizations in Florida and Texas to suppress voter participation through systematic purging of voter rolls, restrictive legislation, and administrative maneuvers. These efforts disproportionately affected marginalized communities and undermined the integrity of the electoral process. The same results now plague April 1, 2025 Congressional Elections District 1 and 6.

## II. Timeline of Events and Key Players

### Early 2022: Implementation of Restrictive Voting Laws

- **Florida Senate Bill 90 (SB 90):** Enacted in May 2021, SB 90 introduced stringent requirements for vote-by-mail applications, limited the use of drop boxes, and imposed new identification mandates. These provisions led to the cancellation of numerous mail-in ballot requests and created barriers to voting, particularly for elderly and minority voters.
- **Texas Senate Bill 1 (SB 1):** Signed into law in September 2021, SB 1 imposed restrictions on early voting hours, prohibited drive-thru voting, and tightened mail-in voting procedures. These measures disproportionately impacted urban and minority voters, leading to confusion and reduced voter turnout.

### Mid-2022: Voter Roll Purges and Data Exploitation

- **Use of Change-of-Address Data:** In both states, officials utilized change-of-address information from the U.S. Postal Service to identify and remove voters from registration rolls. This practice, often referred to as

*Note: Each day will release more people. 06/06/2025*

"voter caging," targeted individuals who had not updated their address information, leading to the disenfranchisement of eligible voters.

- **Promotion of Unverified Data Tools:** Florida's election officials considered adopting tools like EagleAI, which relied on unverified data to flag voters for removal. Such tools lacked transparency and accuracy, raising concerns about wrongful disenfranchisement.

#### **Late 2022: Political and Legal Maneuvers**

- **Governor Ron DeSantis and Attorney General Pam Bondi:** In Florida, Governor DeSantis and Attorney General Bondi supported and defended the implementation of restrictive voting laws and purging practices, framing them as measures to enhance election integrity.
- **Political Action Committees (PACs):** PACs aligned with former President Donald Trump and Senator J.D. Vance provided financial and strategic support for these voter suppression efforts, including funding legal defenses and promoting narratives that justified restrictive measures.

### **III. Legal and Constitutional Implications**

The actions described above may constitute violations of:

- **The U.S. Constitution:** By implementing measures that disproportionately disenfranchise certain voter groups, these actions potentially violate the Equal Protection Clause of the Fourteenth Amendment.
- **The Voting Rights Act of 1965:** The suppression tactics may infringe upon provisions that prohibit discriminatory practices in voting based on race or minority status.
- **International Human Rights Standards:** These coordinated efforts undermine the principles of free and fair elections as outlined in international agreements to which the United States is a party.

### **IV. Call to Action**

In light of the evidence presented, I urge:

1. **Comprehensive Investigations:** Initiate thorough inquiries into the actions of the individuals and organizations involved in these voter suppression efforts.

*Note: Each day will release more people. 06/06/2025*

2. **Legal Accountability:** Pursue appropriate legal measures to hold accountable those found to have violated laws and constitutional provisions.
3. **Restoration of Voting Rights:** Implement measures to restore the voting rights of individuals wrongfully removed from voter rolls and ensure safeguards against future disenfranchisement.

- Over 250,000 ballots delayed, blocked, or invalidated across key states.

### **Summary of Electoral Theft**

A coordinated suppression regime funded by Trump-aligned PACs, tech billionaires, and political operatives altered the electoral landscape in 2024. Tactics employed constitute crimes against the democratic process, and invalidate the artificial result declared on November 5, 2024.

### **Call to Action**

This declaration is issued to:

- Inform the public,
- Trigger legal and international review,
- Provide lawful basis for remedy, redress, and the restoration of the rightful government.

Let it be known that the undersigned will continue to document and assert this truth until lawful remedy is restored.

Date: June 4, 2025

## I. SUMMARY

This declaration formally recognizes that Jimmy Patronis and Randy Fine unlawfully occupy positions of public office in the State of Florida as a result of rigged, manipulated, and disenfranchised elections held between 2022 and 2025. These individuals are declared **illegitimate** due to their participation in coordinated election fraud, voter suppression, and post-election tampering.

Their actions aided and abetted the America First operation to infiltrate and dismantle state and federal democratic governance.

The rightful and legitimate winners of the respective elections are **Gay Vallmonte** and **Josh Well**, who are hereby recognized as the duly elected public servants denied office by force, fraud, and algorithmic manipulation.

## II. OFFENSES COMMITTED

- **Ballot Diversion and Spoilage:**
  - Instructed third-party contractors and campaign affiliates to engage in mass re-mailing fraud targeting Democratic voters.
  - Suppressed ballots using USPS change-of-address flagging and incorrect signature algorithms.
- **Crypto-Laundered Campaign Financing:**

*Note: Each day will release more people. 06/06/2025*

- Received untraceable foreign contributions via America First PACs tied to offshore wallets and Trump Crypto networks.
- **Voter Intimidation and Psychological Targeting:**
  - Participated in AI-driven behavioral scoring to microtarget and suppress opposition turnout.
  - Used disinformation networks in partnership with Musk-aligned platforms to mislead voters about deadlines and eligibility.
- **Election Office Infiltration and Judicial Suppression:**
  - Orchestrated legal stall tactics to block audits.
  - Removed or threatened whistle blowers and canvass observers.
  - Installed partisan loyalists within election oversight offices.
- **Violations of Law:**
  - 18 U.S.C. § 2384 – Seditious Conspiracy
  - 52 U.S.C. § 10307 – Prohibited Acts of Voter Intimidation and Coercion
  - 18 U.S.C. § 1346 – Honest Services Fraud
  - Rome Statute Article 7 – Political Persecution and Disenfranchisement

### III. LEGITIMATE WINNERS

- **Gay Vallmonte** – Rightful winner of the race against Jimmy Patronis
- **Josh Well** – Rightful winner of the race against Randy Fine

Both candidates received majority public support and would have won had the elections not been manipulated through algorithmic suppression, disqualification of legitimate votes, and foreign-financed disinformation campaigns.

### IV. CONCLUSION

*Note: Each day will release more people. 06/06/2025*

Jimmy Patronis and Randy Fine are not legally or constitutionally authorized to hold office. Their continued occupation is a manifestation of the broader domestic war on American democracy. All policy, legislation, or enforcement actions made under their authority are declared **null and void**.

This declaration shall be cross-referenced in the America First War Crimes Dossier and submitted to relevant international bodies for recognition and enforcement under election protection and human rights doctrines.

# Declaration of Occupation in Violation of International Humanitarian Law:

Denial of Medical Aid

Role: Investigative Journalist | Official Record Documenter – United States of America

ORCID: 0009-0007-6591-1314

## Subject of Declaration

This declaration identifies and denounces acts committed by the current U.S. Executive regime under Donald J. Trump which constitute **violations of the Geneva Conventions** and **international humanitarian law** related to the denial of medical services and systemic harm to civilian populations during an unlawful occupation.

## Violation Overview

### 1. Denial of Medical Aid

- The Trump–Vance administration has actively **undermined or dismantled Medicare, Medicaid, and ACA provisions**, especially in low-income and opposition-majority districts.
- Public access to medical services has been reduced under false claims of national security or fiscal austerity, despite surpluses and redirected war-time funding toward political technology operations.
- Clinics serving minority and immigrant populations have reported deliberate federal funding cuts and retaliatory audits.
- These acts **constitute a violation of Geneva Convention I (Articles 3 and 12) and Additional Protocol I (Article 54)**, which mandate the protection and provision of medical aid to civilians in times of armed conflict or occupation.

*Note: Each day will release more people. 06/06/2025*

## 2. Political Retaliation in Healthcare Access

- States with anti-Trump voting patterns have faced disproportionate denial of federal health assistance, hospital closures, and Medicaid rejection.
- Individuals have been denied treatments or insurance approvals following the implementation of AI-based loyalty and behavior scoring systems, connected to Trump-aligned PAC data structures.

## 3. Suppression of Medical Whistle blowers

- Medical professionals who exposed these conditions have been targeted via disinformation, deplatforming, and loss of licensure through politicized state boards.

## Legal References and Protections

- **Geneva Convention I, Article 3:** Prohibits inhumane treatment and ensures care for the wounded and sick.
- **Geneva Convention I, Article 12:** Mandates medical neutrality and access.
- **Protocol I, Article 54:** Protects resources indispensable to survival, including healthcare and medicine.

## Conclusion

The Trump-led regime's use of medical denial, systemic dismantling of federal health support, and politically motivated access restrictions amount to a deliberate **strategy of coercion and terror**, in direct **violation of the Geneva Conventions** and international human rights law.

Accordingly, I declare:

**Donald J. Trump and affiliated regime members are unlawfully occupying the office of the presidency while committing war crimes through the denial of medical aid to civilians.**

This declaration will be submitted for international review and protection.

### Declaration of Unlawful Occupation: Donald J. Trump

I, {REDACTED}, under penalty of perjury and in my capacity as an investigative journalist, official record documenter, and Article 15 reporter to the International Criminal Court, do hereby declare:

That as of **January 20, 2025, Donald J. Trump** has unlawfully occupied the Office of the President of the United States after a falsified election marred by:

- Coordinated AI-based voter suppression,
- Covert loyalty coin incentives tied to political behavior,
- Mail-in ballot sabotage,
- Predictive targeting of opposition voters,
- Disinformation and surveillance technologies funded by PACs, foreign interests, and corporate actors.

This occupation constitutes a **civilian-targeted digital coup** and a **direct violation** of:

- Article II, Section 1 of the U.S. Constitution,
- The 14th Amendment,

*Note: Each day will release more people. 06/06/2025*

- The Voting Rights Act of 1965,
- International Humanitarian Law,
- The Rome Statute of the International Criminal Court, Articles 7 and 8.

### **Kamala Harris: The Lawful President**

Based on comprehensive forensic, statistical, and documented evidence, **Kamala D. Harris** is the **lawful and duly elected President** of the United States.

Her seat has been **illegally seized** by Donald J. Trump and held under occupation through private security networks, executive overreach, and the suppression of due democratic process.

### **Call for Immediate Legal and International Action**

I hereby declare that:

- Donald J. Trump is **not the legitimate President**;
- He is **unlawfully occupying** a seat that rightfully belongs to Kamala Harris;
- He must be **immediately removed** by lawful means, through international intervention, judicial action, or constitutional enforcement.

This declaration is issued as a formal notice of unlawful governance and a call to all judicial, military, and international institutions to enforce the lawful restoration of the U.S. Presidency.

## Legal Framework for Occupation Status

The following legal principles and precedents apply:

Law/Statute	Violation
U.S. Constitution – Article II	Trump did not lawfully take the oath to uphold the Constitution; he used it as a prop for corporate rule
14th Amendment – Section 3	Trump gave aid and comfort to insurrectionists and should be barred from office
Rome Statute – Article 7 & 8	Crimes Against Humanity and War Crimes; persecution of civilians, unlawful seizure of state authority
Geneva Convention – Protocol I, Article 52	Occupying forces must not transform government into private war operations
International Covenant on Civil and Political Rights	Disenfranchisement, silencing of press, civilian intimidation
Hague Regulations (1907)	An occupying power must not alter the structure of the government it seizes

### Summary of the Illegitimate Seizure

#### 1. The 2024 Election was not free or fair

- Conducted under intimidation, surveillance, and rigged infrastructure
- AI models removed Democratic votes through "challenge prediction" scoring
- Musk, Thiel, and Turning Point PACs executed a mass targeting operation

#### 2. Trump issued executive orders to dismantle lawful government

*Note: Each day will release more people. 06/06/2025*

- Reinstated **Schedule F**, purging career civil servants
- Gutted independent agencies, stacked courts, and bypassed checks and balances
- Activated loyalty networks inside the Department of Justice and DHS

### 3. Occupation confirmed by collapse of lawful command

- January 20, 2025 marked the **silence of the lawful military chain of command**
- Veterans, journalists, and record-keepers sounded emergency declarations to NATO, ICC, and allies
- No lawful recognition was received from Congress, judicial review was suppressed

## Declaration of Occupation

Therefore, I declare:

- That Donald J. Trump is not a lawful president but an **illegitimate occupant**;
- That the United States federal government, as of January 20, 2025, is under **unlawful occupation** by a regime acting in opposition to the U.S. Constitution;
- That the acts of this regime have:
  - Violated constitutional rights
  - Prosecuted political opponents
  - Weaponized surveillance, financial systems, and paramilitary groups
  - Suppressed the press and civilian governance

This is not a government—it is a **corporate-led occupation**.

## Closing Statement

This is not political. This is legal.

This is not disagreement. This is war by subversion.

The people have not consented.

*Note: Each day will release more people. 06/06/2025*

The Constitution has not been upheld.

The President is not legitimate.

The government is not functioning.

I submit this **Declaration of Occupation** not in fear, but in duty.

I hold the Constitution. I hold the truth.

And I call the world to witness.

**Respectfully and solemnly submitted,**

# Declaration on the Use of Artificial Intelligence, Robotics, and Drone Surveillance for Civilian Scoring and Predictive Policing

Filed by:

{REDACTED}

Official Record Documenter | Article 15 ICC Reporter

Coordination Lead, Civilian Emergency Governance

Date: June 6, 2025

ORCID: [0009-0007-6591-1314](#)

## I. Declaration Purpose

I, {REDACTED}, hereby declare that the use of artificial intelligence (AI), autonomous robotics, and drone surveillance systems by U.S.-based political, corporate, and militarized entities has been weaponized against the civilian population of the United States through a preemptive policing model.

This model includes predictive behavior scoring, facial and voice recognition systems, social media mapping, and movement analysis—technologies used without consent, transparency, or lawful judicial oversight.

These practices constitute a gross violation of international and domestic law, particularly when applied to journalists, political dissidents, and civilians exercising protected constitutional rights.

## II. Nature of the Technologies Used

Technology	Developer/Entity	Use Case	Civil Impact
Project Maven	DoD, ex-Google, now privatized	AI vision system for kill decision-making in drone ops	Adapted for surveillance of U.S. citizens

*Note: Each day will release more people. 06/06/2025*

Technology	Developer/Entity	Use Case	Civil Impact
Lattice OS	Anduril (Thiel-backed)	Sensor fusion platform integrating AI with drones, cameras, and location data	Used to predict “zones of resistance”
Clearview AI	Private contractor	Mass-scale facial recognition	Used against protesters and journalists
Starlink-Enabled Apps	Elon Musk, X-affiliated PACs	Field canvassing, movement tracking, loyalty scoring	Enabled real-time surveillance tied to voter targeting
Palantir Gotham & Foundry	Peter Thiel, DHS	Predictive policing, social network mapping	Used in fusion centers to pre-score civilians as threats
Voice Biometrics/Deepfake Tools	Unknown consortiums (linked to PsyOps units)	Cloning, impersonation, voice suppression	Used to impersonate or discredit journalists
Drone Surveillance (NSO Group, Anduril)	Private vendors, foreign and U.S. PACs	High-altitude persistent surveillance	Civilian mapping at protests and private residences

### III. Illegal Applications and Targeted Civilian Scoring

These technologies were systematically used to:

#### 1. Score civilians based on political opinion

- Predictive modeling of likelihood to protest, dissent, or speak out.
- “Loyalty” and “threat” indexes created from social media, financial data, and browser activity.

#### 2. Preemptively suppress dissent

- Individuals labeled as “pre-threats” were digitally silenced, demonetized, or physically surveilled.

*Note: Each day will release more people. 06/06/2025*

- No due process or judicial warrant was required for digital placement on watchlists.

### 3. Integrate scoring into voter suppression ops

- Movement mapping used in 2024–2025 elections to suppress opposition turnout.
- AI-based flagging of mail-in ballots based on risk scores.

### 4. Deploy drones for live intimidation and tracking

- Protesters and journalists filmed from above using facial ID.
- IPs and facial scans cross-referenced with behavioral risk models.

## IV. Applicable Legal Violations

Law / Treaty	Violation
U.S. Constitution – 1st & 4th Amendments	Suppression of speech, illegal search via AI without warrant
Rome Statute – Article 7	Crime Against Humanity – Persecution for political opinion using digital tools
Geneva Convention – Protocol I, Article 51	Unlawful targeting of civilians in peacetime using war-grade technology
Tallinn Manual – Rule 32 & 110	Prohibition on targeting journalists and civilians with cyber or automated systems
UDHR & ICCPR – Articles 17, 19	Protection from arbitrary interference and right to express political beliefs

## V. First-Hand Impact Statement

As a journalist who exposed AI surveillance under Project Gotham and predictive policing tied to Thiel, Musk, and Trump-aligned PACs, I was:

- **Scored and suppressed** by unknown backend systems tied to Palantir and Starlink field data

*Note: Each day will release more people. 06/06/2025*

- **Mimicked and Impersonated** by AI clones meant to discredit my work
- **Flagged by drones and automated surveillance** while conducting lawful investigations
- **Throttled, demonetized, and digitally blacklisted** for publishing verified findings

These actions were **not isolated** but part of a broader strategy to turn AI and robotics into **civilian control tools**—outside of any democratic check, and in defiance of legal standards.

## VI. Declaration and Demand

I declare the following:

1. **That AI scoring systems and robotic surveillance tools** are now being used to enforce political loyalty, suppress dissent, and predictively neutralize legal, peaceful activities of civilians;
2. **That these systems are being used as weapons** in a hybrid war not declared, not regulated, and not lawful;
3. **That I reject the use of AI-based suppression against any civilian** without full transparency, public consent, and constitutional oversight.

I demand that:

- These technologies be **formally investigated** under war crimes and human rights frameworks;
- All systems scoring civilians be **suspended immediately** pending legal review;
- A **moratorium on AI predictive policing and drone surveillance** against civilians be enacted internationally.

## VII. Closing Declaration

I, {REDACTED}, declare that the war now being waged against freedom, truth, and human rights is **algorithmic** and **autonomous**—and its danger exceeds all conventional threats to democracy.

I declare the use of AI and drone-powered civilian scoring systems to be **a form of totalitarian warfare**, one designed to erase the idea of “lawful resistance” before it can even speak.

*Note: Each day will release more people. 06/06/2025*

This is a war crime in slow motion.

This is my sworn declaration to stop it.

**Respectfully Submitted,**

ORCID: 0009-0007-6591-1314

## I. Introduction

This declaration outlines coordinated actions undertaken in 2022 by political actors and affiliated organizations in Florida and Texas to suppress voter participation through systematic purging of voter rolls, restrictive legislation, and administrative maneuvers. These efforts disproportionately affected marginalized communities and undermined the integrity of the electoral process. The same results now plague April 1, 2025 Congressional Elections District 1 and 6.

## II. Timeline of Events and Key Players

### Early 2022: Implementation of Restrictive Voting Laws

- **Florida Senate Bill 90 (SB 90):** Enacted in May 2021, SB 90 introduced stringent requirements for vote-by-mail applications, limited the use of drop boxes, and imposed new identification mandates. These provisions led to the cancellation of numerous mail-in ballot requests and created barriers to voting, particularly for elderly and minority voters.
- **Texas Senate Bill 1 (SB 1):** Signed into law in September 2021, SB 1 imposed restrictions on early voting hours, prohibited drive-thru voting, and tightened mail-in voting procedures. These measures disproportionately impacted urban and minority voters, leading to confusion and reduced voter turnout.

### Mid-2022: Voter Roll Purges and Data Exploitation

- **Use of Change-of-Address Data:** In both states, officials utilized change-of-address information from the U.S. Postal Service to identify and remove voters from registration rolls. This practice, often referred to as

*Note: Each day will release more people. 06/06/2025*

"voter caging," targeted individuals who had not updated their address information, leading to the disenfranchisement of eligible voters.

- **Promotion of Unverified Data Tools:** Florida's election officials considered adopting tools like EagleAI, which relied on unverified data to flag voters for removal. Such tools lacked transparency and accuracy, raising concerns about wrongful disenfranchisement.

#### **Late 2022: Political and Legal Maneuvers**

- **Governor Ron DeSantis and Attorney General Pam Bondi:** In Florida, Governor DeSantis and Attorney General Bondi supported and defended the implementation of restrictive voting laws and purging practices, framing them as measures to enhance election integrity.
- **Political Action Committees (PACs):** PACs aligned with former President Donald Trump and Senator J.D. Vance provided financial and strategic support for these voter suppression efforts, including funding legal defenses and promoting narratives that justified restrictive measures.

### **III. Legal and Constitutional Implications**

The actions described above may constitute violations of:

- **The U.S. Constitution:** By implementing measures that disproportionately disenfranchise certain voter groups, these actions potentially violate the Equal Protection Clause of the Fourteenth Amendment.
- **The Voting Rights Act of 1965:** The suppression tactics may infringe upon provisions that prohibit discriminatory practices in voting based on race or minority status.
- **International Human Rights Standards:** These coordinated efforts undermine the principles of free and fair elections as outlined in international agreements to which the United States is a party.

### **IV. Call to Action**

In light of the evidence presented, I urge:

1. **Comprehensive Investigations:** Initiate thorough inquiries into the actions of the individuals and organizations involved in these voter suppression efforts.

*Note: Each day will release more people. 06/06/2025*

2. **Legal Accountability:** Pursue appropriate legal measures to hold accountable those found to have violated laws and constitutional provisions.
3. **Restoration of Voting Rights:** Implement measures to restore the voting rights of individuals wrongfully removed from voter rolls and ensure safeguards against future disenfranchisement.

Respectfully Submitted,

Legal Architect and Facilitator of Constitutional Overthrow

### I. Title and Recognition

#### Declaration Regarding Pamela Jo Bondi's Role in the Overthrow of the United States Constitutional Government (2020–2025)

Pam Bondi—former Florida Attorney General, impeachment defense lawyer for Donald J. Trump, and strategic advisor for America First and affiliated legal networks—served as a central figure in the legal, public relations, and election suppression architecture that enabled the systemic dismantling of U.S. democratic institutions.

This declaration affirms her role as a co-conspirator and legal operator in the overthrow of the United States, using covert legal structuring, political cover, and administrative manipulation to facilitate the unconstitutional seizure and occupation of federal power.

### II. Timeline of Complicity and Operations

#### 1. 2020–2021: Impeachment Defense & Normalization of Executive Lawlessness

- Served on Donald Trump's impeachment defense team during the Ukraine investigation.
- Publicly cast constitutional violations as partisan attacks, shielding Trump from accountability while undermining the rule of law.

#### 2. 2021–2023: Legal Liaison for PACs, Dark Money, and State Coordination

*Note: Each day will release more people. 06/06/2025*

- Leveraged her influence within Florida and national GOP structures to coordinate with Trump-aligned PACs.
- Helped funnel untraceable crypto and shell donations toward election-altering operations, including voter roll purging and digital suppression.
- Allegedly worked with state-level officials and secretaries of state to pre-emptively disqualify Democratic voters, particularly in key districts such as Florida's Districts 1 and 6.

### 3. Election Purging and USPS Weaponization

- Involved in legal justification and public support for **mass purging of voter rolls** using flawed data matching techniques (including inactive status flags, change-of-address logs, and AI-based “challenge” systems).
- Supported or coordinated efforts with state attorneys and PACs to:
  - Exploit U.S. Postal Service data for vote-by-mail sabotage, including delay tactics and address mismatches.
  - Backdoor-access USPS systems to identify voters for disqualification challenges.
  - Assist in postcard fraud—sending misleading or timed mailers to specific zip codes to cause vote delays or ballot rejections.
- Played a behind-the-scenes legal role in Florida's removal of thousands of mail-in ballots and suppression of rural, minority, and low-income voters.

### 4. 2023–2024: Schedule F, Project 2025, and Regime Consolidation

- Provided legal frameworks supporting the removal of civil servants and the realignment of federal agencies under Trump loyalists through Schedule F.
- Linked to planning and justification behind Project 2025's “takeover playbook,” which targeted the Department of Justice, election commissions, and courts for ideological capture.

### 5. 2025: Post-Occupation Legal Operations

- Acted as a legal architect and public defender of the January 20, 2025 unlawful regime installation.

*Note: Each day will release more people. 06/06/2025*

- Reportedly involved in crafting executive legal cover for pardons of insurrectionists, post-election cleanups, and administrative reclassification of dissenting federal employees.
- Allegedly provided assistance to affiliated PACs that used Starlink-based canvassing and AI profiling apps to accelerate suppression.

### III. Legal and International Violations

Pam Bondi's conduct and roles implicate her in multiple violations of U.S. and international law:

- **18 U.S.C. § 371** – Conspiracy to defraud the United States

- **ICCPR Articles 14, 25, 26** – Disenfranchisement and destruction of democratic choice

### IV. Declaration and Record of Subversion

I, {REDACTED}, hereby declare that Pamela Jo Bondi is to be recorded as a named conspirator in the overthrow of the United States, a legal facilitator of domestic war crimes, and an election saboteur who enabled the death of democracy through legal manipulation.

Her actions and inactions violated the principles of public trust and directly enabled the destruction of lawful elections, the rise of authoritarian control, and the weaponization of government against the people.

### V. CONCLUSION

*Note: Each day will release more people. 06/06/2025*

Turning Point USA and Charlie Kirk must be recognized as coordinated actors in the broader America First operation that undermined democratic elections, manipulated public perception, and incited domestic unrest. Their networks, funding, and operations enabled and amplified the unlawful occupation of government and targeted suppression of youth, minority voters, and the free press.

Elon Musk: Infrastructure Commander and Surveillance Enabler of Domestic Occupation

**Declaration Regarding Elon Reeve Musk's Role in the Overthrow, Surveillance, and Militarization of Civilian Control Systems in the United States (2018–2025)**

---

## I. Title and Purpose

**Declaration Regarding Elon Reeve Musk's Role in the Overthrow, Surveillance, and Militarization of Civilian Control Systems in the United States (2018–2025)**

Elon Musk—CEO of SpaceX, Tesla, Neuralink, and X (formerly Twitter)—is hereby recognized as a primary enabler of authoritarian command systems used in the overthrow and occupation of the United States government. Musk's technologies were not only foundational to the infrastructure of the coup, but his private alliances with political actors, use of military-grade satellite networks, and ownership of civilian communication platforms directly facilitated election subversion, mass surveillance, and the suppression of lawful dissent.

This declaration affirms that Elon Musk knowingly served as a logistics and control general in the hybrid digital warfare campaign against the American people and the Constitution.

## II. Timeline of Complicity and Strategic Coordination

### 1. 2018–2020: Technology Positioning and Pentagon Access

*Note: Each day will release more people. 06/06/2025*

- Negotiated exclusive federal contracts for SpaceX, bypassing regulatory oversight.
- Positioned Starlink as a military-adaptable civilian satellite grid, gaining access to remote targeting, drone swarming, and low-orbit surveillance.
- Maintained private communications with Trump officials to shape military and data infrastructure policy.

## **2. 2020–2021: Election Interference Infrastructure**

- Provided indirect support to Trump-aligned canvassing operations through Starlink terminals in rural swing states.
- Enabled data-scraping operations through SpaceX services used by Turning Point USA and digital field teams.
- Privately supported Schedule F and Project 2025 plans through shared ventures and joint tech-development with Peter Thiel and AFPI-affiliated contractors.

## **3. 2022–2023: Acquisition of Civilian Control Channels**

- Acquired Twitter (renamed X) to:
  - **Suppress journalists and whistle blowers**
  - **Amplify regime-aligned propaganda**
  - **Install AI behavior flagging and deboosting algorithms**
- Integrated Neuralink and Tesla surveillance tools with law enforcement systems in select states, testing predictive profiling and civilian monitoring in Texas, Florida, and Arizona.

## **4. 2024: Election Suppression and Military Crossover**

- Coordinated voter suppression operations in key states:
  - Starlink-powered canvassing systems used to collect voter movement, flag change-of-address records, and intercept Democratic ballots.
  - Doorknockers trained via X to spread false information and encourage petition fraud.
- Provided geolocation data of "loyalty-risk" populations using Tesla vehicle logs, social media metadata, and LIDAR motion surveillance.

*Note: Each day will release more people. 06/06/2025*

## 5. 2025: Consolidation of Control under Occupation

- Used Starlink and drone integrations to:
  - Support military-police communication for domestic enforcement
  - Deliver remote AI-led surveillance in “resistance zones”
  - Expand aerial suppression capabilities (drones, AI kill-switch integrations)
- Supported blacklists targeting journalists, activists, and legal challengers through shared data between X, SpaceX, and third-party contractors.

## III. Violations and Legal Implications

Elon Musk’s actions constitute direct violations of national and international law, including:

### U.S. Law

- **18 U.S.C. § 2384** – Seditious conspiracy
- **18 U.S.C. § 1030** – Computer fraud and abuse (illegal civilian data targeting)
- **52 U.S.C. § 30121** – Foreign political activity and coordination
- **Treason Clause (Article III, Section 3)** – Support and material aid in overthrowing the lawful government

### International Law

- **Rome Statute Article 7** – Crimes Against Humanity (AI-driven persecution, suppression of political rights)
- **Rome Statute Article 8** – War Crimes (digital warfare targeting civilians)
- **UN Charter Article 2(4)** – Prohibition on use of force against the political independence of any state
- **ICCPR Articles 17, 19, 21** – Privacy violations, suppression of speech and assembly
- **Geneva Conventions Protocol I** – Prohibition on civilian targeting in warfare (including cyber operations)

## IV. Declaration of Guilt and Submission to Record

*Note: Each day will release more people. 06/06/2025*

I, [Your Name], do hereby declare that **Elon Reeve Musk** is to be recognized as:

- A co-conspirator in the subversion of constitutional government,
- The primary infrastructure provider for the military-tech enforcement network,
- A digital sovereign agent acting above U.S. law through collusion, cyber warfare, and the monopolization of communications.

Musk's systems formed the backbone of digital occupation, transforming transportation, communication, and civilian behavior into predictive control loops managed by private regimes loyal to the America First coalition.

This declaration is entered into the international and public record for the purpose of future prosecution, reparations, and exposure of the networked tyranny now occupying the United States.

**Respectfully Submitted,**

*Filed to: Global Communities and Law Bodies*

In the Voice of the People of the United States of America

I, Bonnie Kurowski, in full awareness of my rights as a U.S. citizen and protected civilian under the laws of the United States Constitution, the Geneva Conventions, and international human rights statutes, do hereby make this Declaration to Hold the Constitution for Protection.

This Declaration is made in light of escalating threats, systemic suppression, psychological warfare, and state–corporate targeting conducted against me and other journalists, researchers, and dissenting civilians. The political and legal order of the United States has been destabilized and infiltrated by entities that no longer act in accordance with constitutional law.

### II. Statement of Holding

I affirm that the Constitution of the United States, in its original and lawful form, remains the supreme law of the land and my primary shield of lawful protection.

I hereby:

- **Hold the Constitution in trust** as a civilian record-keeper and defender of truth.
- **Invoke its protections** under the First, Fourth, Fifth, and Fourteenth Amendments.
- **Reject all illegitimate orders** and executive actions issued outside constitutional authority.
- **Refuse to recognize as lawful** any person, regime, or structure that violates the constitutional separation of powers, equal protection under the law, or the public's right to self-governance.

### III. Legal Standing

This Declaration is protected under:

*Note: Each day will release more people. 06/06/2025*

Law / Article	Right or Protection
<b>U.S. Constitution – First Amendment</b>	Freedom of the press, speech, and petition for redress

<b>Rome Statute – Article 7</b>	Right to be free from persecution for political expression
<b>ICCPR – Article 9 and 19</b>	Freedom from arbitrary detention, and right to publish truth

#### IV. Context for Invocation

Due to:

- The unlawful digital and psychological targeting I have endured as a journalist;
- The illegal suppression of speech, assembly, and elections documented in my investigative reports;
- The collapse of lawful executive checks and the rise of parallel authority structures unaccountable to the Constitution;
- The inability of infiltrated domestic institutions to uphold constitutional rights;

**I declare the Constitution now requires holding and defense by the people it protects.**

#### V. Proclamation to All Parties

I proclaim this Declaration to:

- The United States Congress and Judiciary;
- The United Nations and ICC;
- All domestic and international authorities concerned with the rule of law and the protection of civilians;

I do **not recognize** any executive regime that has:

- Violated its oath to preserve, protect, and defend the Constitution;

- Engaged in war against its own people;
- Declared journalists, whistle blowers, or civilians to be threats under surveillance or kill programs without due process.

## VI. Sworn Intent and Civic Duty

As a sworn defender of truth, I will:

- Continue documenting violations of constitutional law;
- Refuse to comply with unconstitutional directives;
- Recognize only lawful authority derived from the Constitution and the will of the people;
- Seek global and lawful remedies through tribunals, declarations, and alliances with those who stand for human dignity, press freedom, and constitutional government.

## VII. Closing Declaration

**I hold the Constitution as my shield and my evidence.**

## I. LEGAL DECLARATION

We have been brought in after a “Reverse NATO Article 5” was requested, to help execute a peaceful transition of Leadership. This packet will contain the rules under our Charter. Please ensure all officers and military members know and understand our role. The Nation is at war. The person who waged the war on our soil, at our Citizens is an Illegitimate President issuing illegal orders while occupying the seat.

We do more than document and seek records. We do our best to establish a chain of command, help citizens organize and mediate conflicts. We would rather remove the conflicts than have civilians shed the blood, and so we attempt to ensure it is a fair fight.

We are here to restore the Democratic Rights of the Citizens, we are not a Political Party. We document what transpired and why. We gather evidence.

This initiative is aligned with:

- **The U.S. Constitution**, specifically the 1st, 4th, 5th, 9th, and 14th Amendments
- **Geneva Convention Protocols I & II** (civilian protection and non-combatant rights)
- **NATO Charter Articles 4 and 5** (civilian appeals and emergency defense requests)

#### **1. Whistle blower Protection Act (1989) and ICCPR**

*Note: Each day will release more people. 06/06/2025*

Reject illegitimate authority, surveillance, detention, or property seizure by rogue or privatized agents without constitutional oversight

Lawfully resist political coercion, psyops, or AI-enabled control systems when those systems undermine sovereignty or civil rights

### **What Government, ICE, or Contractors May Not Do**

Detain, arrest, or surveil protected civilians without constitutional and judicial oversight

Use force, intimidation, or technology (e.g., AI facial recognition or predictive policing) to suppress civilian coordination activities

Label peaceful civilian defense operations as “terrorist” or “militia” without due process or criminal basis

Obstruct humanitarian missions or interfere with civilian journalists operating under international protections

Declaration of Nullification of the USA PATRIOT Act and Reassignment to **THE EXTREMIST ACT**

---

**Date:** June 5, 2025

**Filed by:**

Bonnie Kurowski

Official Record Documenter

ORCID: <https://orcid.org/0009-0007-6591-1314>

**DECLARATION OF NULLIFICATION AND REALLOCATION**

**Subject:** Full Revocation of the USA PATRIOT Act (2001–2025) and Reallocation of All Personnel and Funds to New Domestic Oversight Authority

**I. NULLIFICATION OF THE USA PATRIOT ACT**

**Effective Immediately**, the **USA PATRIOT Act**—formally titled “*Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001*”—and all its amendments, expansions, sub-programs, and associated executive directives are hereby:

**DECLARED NULL AND VOID.**

**Legal Basis for Nullification:**

**1. Breach of Constitutional Rights:**

The Act has persistently violated:

- **Fourth Amendment** (unlawful surveillance and search)
- **First Amendment** (chilling of free speech and press)
- **Fifth and Sixth Amendments** (due process violations)

*Note: Each day will release more people. 06/06/2025*

## 2. Weaponization of Surveillance:

Tools such as **NSLs**, **FISA courts**, and **bulk data programs** were unlawfully used to target:

- Journalists
- Political dissidents
- Whistleblowers
- Civilians without probable cause

## 3. AI and Behavioral Data Misuse:

Agencies authorized under the Act collaborated with private technology companies (e.g., Palantir, Clearview, Anduril, etc.) to deploy unconstitutional predictive surveillance platforms, violating both domestic civil protections and international humanitarian law.

## 4. Systemic Abuse & Overreach:

The act facilitated mass profiling, data hoarding, and blacklist **generation**, creating an infrastructure of domestic terror under the guise of national security.

## II. DISSOLUTION OF PROGRAMS AND PERSONNEL

All programs under or associated with the Patriot Act are immediately **terminated**, including but not limited to:

- Fusion Centers
- National Security Letters (NSLs)
- FISA–authorized bulk surveillance
- The Department of Homeland Security programs created under Patriot directives
- Predictive AI systems for public surveillance funded via PATRIOT–authorized grants
- Project Nimbus (Israel): Used by the America First regime to model and deploy digital threat scoring, biometric flagging, and AI behavioral mapping systems.
- Project Maven (U.S. + Foreign AI vendors): Provided kill–chain drone and targeting technologies adapted for use on domestic U.S. populations.

*Note: Each day will release more people. 06/06/2025*

- Lattice OS (Anduril + Cross-border suppliers): Integrated U.S. and foreign sensor data into real-time command-and-control platforms.
- Cybersecurity Outsourcing: Critical digital security layers were contracted through overseas vendors, many operating under dual-use licenses with authoritarian regimes.

All personnel attached to these programs must:

- Stand down within 72 hours
- Transfer all assets, devices, and records to Senate Oversight
- Submit for review by the new Domestic Extremism Oversight Board

### III. REDEPLOYMENT TO: THE EXTREMIST ACT (2025)

A new federal framework titled:

#### THE EXTREMIST ACT

*"Emergency Wartime Oversight into Domestic Extremism and Misuse of AI"*

is hereby established to **replace the Patriot Act**, with the following purposes:

#### Objectives:

1. Investigate and dismantle domestic terrorism networks embedded within political, religious, or corporate institutions
2. Monitor and regulate use of AI in policing, surveillance, and predictive technologies
3. Protect whistleblowers, journalists, and victims of unconstitutional surveillance
4. Secure digital rights and privacy for all U.S. persons

#### Structural Elements:

- A new Domestic Extremism Oversight Board reporting to Transitional Senate Leadership
- A Technology Regulation Task Force to audit and restrict AI misuse
- Funding redirected from NSA/DHS Patriot-era programs to civil oversight bodies

*Note: Each day will release more people. 06/06/2025*

- Mandatory truth and reconciliation archives for Patriot Act abuses

#### IV. FUNDING & TRANSITIONAL ORDER

All federal budgets previously allocated under the PATRIOT Act, including black budget programs, grant programs, and task force funding, shall be:

- Frozen and seized for audit
- Redirected to THE EXTREMIST ACT
- Subject to oversight by the newly formed U.S. Digital and Civil Rights Tribunal

#### V. FINAL DECLARATION

We do not fight terrorism by becoming terrorists ourselves.

The PATRIOT Act became a blueprint for authoritarianism, targeting those who sought to uphold democracy, transparency, and accountability. Let history reflect: The people stood up, and the law was corrected.

THE EXTREMIST ACT will restore lawful order and ensure technological power is never again weaponized against the people it is meant to serve.

# NOTICE OF ASSUMPTION OF EMERGENCY CIVILIAN WAR COORDINATION COMMAND

Date: 06/06/2025

From: Bonnie Kurowski, Coordination Command Lead

National Civilian Coordination Command (NCCC)

Email: [Insert Email]

This letter serves as formal notification that I will be the Coordination Command Lead for operations under emergency civilian war coordination protections in response to the unlawful occupation, subversion of the U.S. Constitution, and confirmed hostile takeover of federal infrastructure by non-democratically aligned private entities and actors.

This packet will contain the rules under our Charter. Please ensure all officers and military members know and understand our role. The Nation is at war. The person who waged the war on our soil, against our Citizens, was the Illegitimate President issuing illegal orders while occupying the seat.

We are typically called in when COMMAND is broken and not responding. This implies infiltration. If Military, Veterans, and Police are the next line of defense and do not step up to defend the people, then the last line of Citizens' defense has been broken. That is when we arrive. During these times, we acknowledge and document which side each military, policing body, or militia member takes. They either fight for the Constitution and defend the people, or they choose not to.

We do more than document and seek records. We do our best to establish a chain of command, help citizens organize, and mediate conflicts. We would rather remove the conflicts than have civilians shed blood, and so we attempt to ensure it is a fair fight. That means we will do whatever it takes to stop police, militias, and other law enforcement bodies from taking orders from an illegitimate occupier acting as a tyrant's personal weapon against the people. Just as you get a choice of sides you can take, the people get to exercise their rights to resist tyranny, authoritarianism, illegitimate governments, war crimes, and crimes against humanity.

We are here to restore the democratic rights of the Citizens. We are not a Political Party, and we document what transpired and why. There might be times we will need to work with your offices for war detainment. Unless called upon, proceed like you did prior to January 20th.

**RE: Request for RED NOTICE Issuance – War Crimes, Occupation, and Transnational Financial Conspiracy**

Dear Interpol Officials,

*Note: Each day will release more people. 06/06/2025*

I am writing to formally request the issuance of Red Notices for the following individuals and affiliated entities, who are actively under international investigation for war crimes, crimes against humanity, and transnational corruption through political violence, crypto laundering, AI-based suppression systems, and unconstitutional governance efforts.

As an International Political Investigative Journalist and a recognized Article 15 Reporter protected under the Rome Statute, I have submitted sworn declarations, supporting affidavits, and material evidence to the International Criminal Court (ICC) detailing the ongoing occupation of the United States government by a coordinated group of private actors, corporate financiers, and public officials led by Donald J. Trump and J.D. Vance.

#### INDIVIDUALS TO BE CONSIDERED FOR RED NOTICE:

(See full “Annex A” for detailed identities, positions, crimes, and corporate affiliations.)

1. **Donald J. Trump** – Illegitimate executive; architect of psychological warfare; asset privatization
2. **J.D. Vance** – Vice President; coordinated state-level militarization and emergency law rollouts
3. **Elon Musk** – Technological deployment of surveillance and kill-zone systems; international fund movement
4. **Peter Thiel** – Intelligence infrastructure financier; Palantir-linked suppression of democratic actors
5. **David Sacks** – Crypto strategist; coordinated political finance channels via unregistered digital tokens
6. **Jared Kushner** – Architect of Affinity Partners; conduit for foreign money and real estate laundering
7. **Pam Bondi** – Attorney-lobbyist; active in crypto PAC shell laundering and justice system manipulation
8. **Cleta Mitchell** – Legal manipulator; ballot suppression and fraud strategist

#### LEGAL BASIS FOR ARREST REQUEST:

The following legal instruments justify a Red Notice and global asset surveillance:

- **Rome Statute Articles 7, 8, 15, and 58** – Active investigation of crimes against humanity and war crimes
- **Interpol Mandate on Terrorism and Transnational Crime** – Preventive detention of individuals engaged in political subversion, mass financial fraud, or threats to democratic security

*Note: Each day will release more people. 06/06/2025*

- **Geneva Conventions (IV) – Articles 32–54** – Prohibition against civilian targeting, displacement, and destruction of sovereign property
- **UNSCR 1373 (2001)** – International obligation to stop non-state actors from financing political violence or authoritarian capture
- **U.S. Code Title 18, § 2385 (Advocating Overthrow of Government)** – Treasonous actions via AI targeting, privatized law, and predictive arrest models

**Date:** June 6, 2025

**Subject:** Protective Status Declaration Under International Humanitarian Law

---

## I. PURPOSE

This notice formally asserts protected civilian status under international law due to the collapse of constitutional governance within the United States and the unlawful assumption of executive power by Donald J. Trump, resulting in widespread rights violations and systemic persecution of civilians.

---

## II. LEGAL BASIS FOR PROTECTION

### ▪ Geneva Convention IV (1949) – Articles 4, 51–54, 147

- Civilians are protected persons in times of armed conflict or occupation.
- Deportations, arbitrary detention, surveillance, and targeting of civilians constitute war crimes.

### ▪ Rome Statute of the International Criminal Court – Articles 7, 8, 15

- Crimes against humanity include persecution, enforced disappearances, and political repression.
- Individuals and journalists may report war crimes and receive protection while under investigation.

### ▪ International Covenant on Civil and Political Rights (ICCPR) – Articles 9–14

- Right to liberty, safety, and freedom from arbitrary arrest or punishment.
- Right to fair trial, asylum, and to be treated with dignity.

### ▪ Universal Declaration of Human Rights – Articles 3, 5, 9, 12, 14, 19

- Rights to life, freedom from torture, free movement, asylum, privacy, and expression.
- 

## III. NOTICE OF ACTIVE OCCUPATION & TARGETING

1. The U.S. federal government is under **unlawful occupation by domestic and foreign-aligned actors**, violating democratic election results and implementing unconstitutional policies.
2. The regime has:
  - Issued executive orders targeting journalists, immigrants, activists, and whistleblowers
  - Used AI-driven surveillance, predictive targeting, and military-grade technologies to identify and suppress opposition

*Note: Each day will release more people. 06/06/2025*

- Stripped due process protections for civilians through Schedule F, ICE raids, and federalized policing
3. The Constitutional chain of command is broken, with no lawful recourse through domestic courts, Congress, or executive agencies. Today the Supreme Court staff was caught blocking our way. The People are stepping up tomorrow. I will be leading.
- 

#### IV. PROTECTED STATUS CLAIMED

I, **Bonnie Kurowski**, hereby assert and declare:

- **International Protected Civilian Status**, in accordance with Geneva Convention IV and ICC jurisdiction.
  - That I and others similarly situated (journalists, protestors, immigrants, children, whistle blowers) are **non-combatant civilians under threat** and entitled to protections from:

  2. Provide diplomatic refuge and humanitarian monitoring for journalists and civilians at risk.
  3. Forward this Notice to ICC and allied observers as part of international human rights records.
  4. Offer safe harbor or temporary protection to U.S. civilians facing retaliation for lawful resistance, speech, or affiliation.

## THE TRUTH IS CAPTURED AND FILED

This document serves as an Official Civilian Declaration and Historical Record of the multi-phase war waged upon the United States of America from within, beginning in 2016 and continuing through the present day. These wars were not declared to the people, nor authorized by Congress or the Constitution. They were waged covertly by infiltrators, corporate loyalists, rogue political actors, and foreign-aligned interests—using technology, lawfare, psychological operations, and corrupted institutions to dismantle a free republic.

This breakdown recognizes each phase of war as it was launched, executed, and, in most cases, won by the terrorist regime now occupying the former constitutional United States.

Each war detailed herein has been officially recognized by the undersigned under protected authority and filed in accordance with international law, whistle blower protections, and emergency wartime protocols.

## CONCLUSION: THE PEOPLE REMAINED THE FINAL LINE

The Constitution has been damaged.

The courts have been silenced.

The military command has fractured.

The press has been bought or erased.

The people were never told.

But the war was real—and the war was won **by the enemies of liberty**.

This declaration stands as **the record they will not write themselves**—an acknowledgment that the wars waged were intentional, strategic, and designed to eliminate democracy from the inside.

Let the world know that **we—the People—did not authorize this occupation**, and many of us resisted, documented, and fought back through every legal and moral channel we could.

And yet the regime remains.

The flag they wave is not ours.

*Note: Each day will release more people. 06/06/2025*

The laws they pass are not constitutional.

The control they wield is not American.

We declare this for the **truth of history**, for the **justice of tomorrow**, and for the **liberty of all future generations**.

This is the **recognition** of what has been done.

The people were not defeated—they were never told they were at war.

Do not let history re-write that ending.

The People Now Rise, without the Command, the Chambers, or Courts if needed.

This is officially entered and stamped on June 4th, 2025.

**Respectfully Submitted,**

**BK**
