

FEED GREATNESS®

Goat

Commercial Goat Nutrition Program

Purina® offers you a complete nutrition program with practical feeding rations for increased efficiencies in your commercial goat operation. From nourishing and getting your kids off to a healthy start to helping along the way. We have the specific nutritional solutions for the needs of kids, adults and nursing does with balanced feeds and supplements for healthy goats at each life stage.

Milk Replacer

Day 1-60

1494576-106

Land O Lakes® Commercial Lamb and Kid Milk Replacer

Milk replacer with 24% protein and 30% fat that features essential oils (to optimize digestibility and nutrient absorption), a prebiotic (to support a healthy gut microbiome and immune health) and a preservation system for free-choice feeding. Also contains Deccox® for coccidiosis control.

Also Available:

1494577-106 | DC MOS

Starters

Day 14-90

3007307-206

Purina® Commercial Goat Creep R20

A complete feed for starting suckling or pre-weaned kid goats. This feed is pelleted to help prevent sorting and medicated with Rumensin® to help prevent coccidiosis and ammonium chloride to help reduce the incidence of urinary calculi.

B Bulk-201

Growers/All Life

Day 60-All Life Stages

3007305-206

Purina® Commercial Doe & Kid DX30

Feed does and creep kids together with one, cost-effective product to provide your kids and does the nutrition they need. Formulated to help get kids off to a great start and keep does in optimal body condition before and after kidding. Contains Deccox® to help control coccidiosis and ammonium chloride to help reduce the incidence of urinary calculi.

B Bulk-201

3007301-206

Purina® Commercial Goat Balancer R100

Commercial goat ration balancer which offers flexibility to use with on-farm grains. Medicated with Rumensin® to help prevent coccidiosis and ammonium chloride to help reduce the incidence of urinary calculi.

B Bulk-201

3007303-206

Purina® Commercial Goat Grower/Finisher R20

Complete feed for goats post weaning through the growing stage and maturity in breeding herd. Medicated with Rumensin® to help prevent coccidiosis and ammonium chloride to help reduce the incidence of urinary calculi.

B Bulk-201

Mineral/Supplement

Day 60-Maturity

3004804-634

Purina® Accuration®

Sheep & Goat Hi-Fat 200 lb Block

Designed specifically for Sheep & Goats on pasture. A premium, weather-resistant, protein block with fat, vitamins and minerals added that is designed to balance nutrient deficiencies in fair quality forages.

3004692-106

Purina® Accuration® 2HL Sheep/Goat

Designed specifically for Sheep & Goats on low quality forage with a high protein, high energy meal including fat, vitamins and minerals added to limit intake and increase body condition.

B Bulk-101

0018245

Purina® Accuration® 3HL Sheep/Goat

A 32% protein, 8.8% fat product with our patented Accuration® Intake Modifying Technology™ in pellet form made to work with low quality forage to improve body condition year round.
