**SPECIALTY
CLEANING**

Our vacuums utilize HEPA filters that keep dust particles and allergens out of the air, and permanently removed from the environment.

The janitorial cleaners we use remove 99.9% of bacteria and viruses, including COVID-19. We strive to use medical-grade disinfectants, as we understand what illness can do to your business.

JANITORIAL SERVICES, LEON HIGH SCHOOL

Viking Cleaning Services furnishes all labor, supervision, tools and equipment necessary to carry out janitorial services 5 days/week for two buildings totaling over 39,000 square feet. Daily, weekly and monthly cleaning and sanitization responsibilities are completed diligently to ensure the health and safety of students and staff.

PROFESSIONAL EXPERIENCE

MAUSOLEUM RESTORATION, CULLEY'S FUNERAL HOME

Viking Cleaning Services takes extra care to make sure granite is safe from concrete cleaning chemicals. To avoid any interruption to daily operations, this cleaning took place at night. Extra precautions were taken for the plants around the building to ensure they were free of chemicals that could damage them, and water intrusion precautions were taken at all entrances.
