# Aluminium Juliet Balconies

Project: 8A Battersea Park Road  
Contractor: Renoir Estates Ltd  
Designer: Armour Health & Safety Ltd  
Architect: Robert Rigby Associates  
Engineer: Price & Mers  
Product: Aluminium Balustrades and Juliet balconies.

## Summary

Two Point Seven Facades Ltd provided a full turn-key package. We performed the design, manufacture and installation of aluminium Juliet balcony and balustrade systems for the project in its entirety.

## Building Description

Construction of 24 residential flats, a single small retail unit and a new Parish Hall, work to extend the existing church Sacresty, new drainage, mains and external works, including alteration to front boundary.

## External Works

Using a system exclusive to Two Point Seven Facades Ltd, we had been tasked with providing suitable barrier protection to 90, inward opening, french doors and three-sided balustrades to 21 external balconies.

## Internal Works

Using the same system, to maintain uniformity, we provided handrails and balustrades to 2 stair cores. One stair core providing access to six levels, the other providing access to five levels. Both stairs comprised of two flights per level containing a continuous handrail and balustrade system to comply with building regulations.
