“Bring your living room outdoors.”

The Pergola SO! will let you experience the outdoors as if you were indoors. Turn your patio into an extension of your living room.

Snuggle cosily into your seat with the two of you or have pre-dinner drinks with the whole family: your Pergola SO! will become a second home. Find out for yourself.

— **A place for family & friends to gather.**

Three different **Pergola SO! packs**

SO! Cosy

Turn your patio into a blissfully comfortable cocoon. Let the summer breeze gently caress your cheek, create shade as needed or escape the rain together under your Pergola SO! Bask in those evocative moments with your family or friends in a very special setting on beautiful summer days and long summer evenings.

SO! Chic

Relax in a serene, cosy or festive atmosphere and let your imagination roam freely. Make the LED lighting brighter or mellower in accordance with your wishes as music plays from the speakers. Elegance and audacity combine harmoniously to create the perfect atmosphere for the sharing of precious moments.

SO! Star

Be adventurous... Under the Pergola SO! Star you'll feel like you've entered another world. Experience the magical tranquility of a starlit sky. A motorised system adjusts the automated louvres throughout the day, entirely in accordance with your chosen settings. Let yourself be transported to a lovely warm climate at any season thanks to heating, background music and low lighting. Sit down and luxuriate in the unparalleled comfort of your Pergola SO!

Learn all about the three packs on page 31.

SO! Refreshing

How wonderful would it be if you controlled the weather? To always maintain your own micro-climate in your own home and garden. The Pergola SO! adapts to all weather conditions with its adjustable louvres and discrete built-in screens.

On warm summer days, you'll imagine yourself on a sun-drenched beach with a refreshing sea breeze. In the wintertime, your patio's integrated heating will keep you as cosy as in your living room.

**Whether you're in the city
or the country;
our pergolas provide
all the comfort you could
ask for.**

"Your home. All year round."

Louvres create a natural bio-climate thanks to the breeze passing through.

The louvres automatically assume the correct position using pre-programmed scenes in the app.

Louvres close automatically in case of rain or snow. No water penetrates.

Automatic shade as louvres follow the sun (amount of shade dependent on scene).

SO! Bright

You determine the mood for the Pergola SO! This can be done by adjusting the positions of the louvres and screens, or by adding scenic LED lighting.

Warm lighting for a lovely evening with a glass of wine in the garden, or something brighter, so you can comfortably enjoy your book on the patio? Anything goes.

**“Small, bright
LED lights provide
instant atmosphere.”**

Dimmable LED strip with direct (warm) white lighting

Dimmable LED strip with direct white lighting: adjustable cool - warm white

Starry sky with LEDs

SO! Music

A fun evening is even more enjoyable with the right music. Our ingenious system allows you to easily link your smartphone to the Pergola SO! using Bluetooth.

With your best friends, good food, a nice drink and some music to set the scene, you have everything you need.

**“Listen to your
favourite playlist
underneath the SO!”**

SO! perfect playlist

SO! Chic

A bit of jazz to start your evening on the right footing.

SO! Star

Something more robust? Enjoy some great classic rock with your friends.

SO! Easy

**“Every comfort
at your fingertips.”**

Just switch on the 2600 W capacity infrared heating when it starts to cool down and snuggle into a pile of soft pillows and blankets. Instant cosiness guaranteed!

And thanks to the USB and 230 V sockets that have been subtly integrated into the Pergola SO!, every comfort is at your fingertips.

We can also equip your patio canopy with a projector. This projector can also easily be added afterwards. Perfect for a cosy evening while watching a film in your garden! We provide the projector, all you need to do is enjoy it.

SO! Heaven

Our Pergola SO! is also a great place to spend a twilight evening. Recline, relax and drift away as dozens of twinkling LED lights create a dazzling starry sky. A good night's sleep? Check!

SO! Connected

Download on the
App Store

ANDROID APP ON
Google play

With the SO! Connected™ app you create your own gorgeous weather. Using the patented, intelligent louvre system, the app calculates the correct position for the aluminium louvres. Any change in incoming light causes the louvres to adjust automatically maintaining the perfect ambiance on your patio.

Would you rather use a remote control? This is also possible on request.

“Connect your smartphone or tablet using Bluetooth and relax.”

Natural bio-climate. The wind moves between the louvres to create a natural breeze.

Sunny day. The louvres move along with the sun for an optimal sun/shade ratio.

Your favorite music always at your fingertips. Use Bluetooth to link your playlist and enjoy.

Sunny day with strong wind. Control the wind-resistant screens with the app to keep out the breeze.

Changeable day. Pergola closes when it rains. When the sun comes out again the louvres re-open.

Evening mode. Turn starry sky and LED lights on or off and select warm or cool lighting.

SO! Smart

Patented
controls!

**“Connect your
smartphone to your
Pergola SO! using
Bluetooth and easily
adjust the position of
the louvres.”**

Perfect for people who like to be in control: you can set the extent to which the louvres open yourself. Use a slider to determine the desired position (between 0° and 145°) by moving the louvre position from left to right.

SO! Chic

We have the perfect solution for people who want to enjoy the outdoors to the fullest. Set the engine controls to *automatic* and choose the desired level of *shadow/sun* on your patio. The louvres will move automatically based on your geolocation to adapt to the position of the sun.

SO! Star

Do you want to enjoy your patio throughout the year? You can set the outdoor climate yourself thanks to the patented and intelligent motor control system. The desired level of sunshine admitted to your patio is determined using a temperature and solar sensor to transform the Pergola SO! into the ultimate place to enjoy the day. The louvres adjust automatically throughout the day to make sure you do not need to worry about a single thing.

SO! Flexible

Do you want to enjoy the outdoors all year round? Or do you want to make your patio more comfortable? Whatever the surface or shape of your patio, the Pergola SO! has an answer to every question.

Heating

Our pergolas are equipped with integrated infrared heating. That way you can feel nice and cosy even while seated outside. The heating isn't just practical and easy to use, but is also a lovely, timeless design.

Bluetooth sound system

For optimal enjoyment of your Pergola SO! we also offer high-end loudspeakers of excellent quality. You can control them effortlessly using the app and immerse yourself in the music without leaving your seat. The loudspeakers are barely noticeable as they have been incorporated stylishly into the design of the Pergola SO!

USB & 230 V sockets

USB and 230 V sockets are included in the Pergola SO! "Chic" and "Star" packs. That way you're assured of having every comfort at your fingertips. Just as if you're seated in your living room.

winsol

**Winsol: over 142 years of experience
with 100% superior Belgian quality**

We have designed our own products for many years and take care of all manufacturing and sales of our extensive product range ourselves. We offer innovative comprehensive concepts each and every day with our roller shutters, gates, awnings, screens, aluminium and PVC constructions, patio canopies, decorative window treatments and railings.

Our success is due to our years of experience and continuous striving to provide innovative, high-end custom work with an eye for design. And this has not escaped the attention of the jury of the Red Dot Design Award. We strive for top quality, durability, comfort and safety in every design and solution. We play a leading role in the construction industry thanks to our continuous innovations and expansions.
