### **Concerns from Residents:**

- Tom Wiprud asked some questions about dust coating and who paid for it on 220<sup>th</sup> St. He was told that residents paid for it except a small spot that the was paid for by the grader operator as it's too small of an area to grade without going into the dust coated areas. Some was paid privately to a contractor and did not go through us. He also mentioned that the garbage truck seems to turn wide and leave some pretty good ruts in Pheasant court. He was told that the residents that hire the company would need to talk to the driver or company as they were hired to be there and the Township really can't stop them.
