**5D Pressure Sensor**  
This smart sensor provides real-time adjustments in the force of the massage by actively measuring the weight and pressure you are putting on the rollers.

**Li Flex-Track**  
Allows the spine to fully relieve pressure and achieve "lying flat" massage.

**Foot Rest Pivot**  
Stretches the ankle and leg by pulling up, pressing down, and tilting the foot while holding it down with air pressure.

**12.3" Touch Screen**  
Easy to operate and provides real-time feedback. Interface shows exactly what is happening with the massage program at the exact time.
