William Becker
Chief of Police

January 1, 2022

Dear Residents:

The North Syracuse Police Departments 2021 annual report, reflects only a portion of the daily arduous work accomplished by the dedicated men and women of the Village of North Syracuse Police Department.

The Village of North Syracuse Police Department has continued to provide high quality services to our community since its inception in November of 1948. While law enforcement operations have changed significantly in the past two years, to include Raise the Age, Bail Reform, Justice Reform and Police Reform each reform being a unfunded mandate initiated by the State of New York. The North Syracuse Police Department remained determined in its commitment to providing the highest level of law enforcement services to our communities' residents and business owners, while continuously developing programs that target quality of life concerns. Even during the height of the COVID pandemic, our agencies officers continued to develop specialty teams such as our Evidence Technician Team used to process and secure evidence from crime scenes. Our Departments Officers are all highly trained professionals with some having training in specialized technical areas of policing, but all share one common objective for our community, "problem solving". Working to resolve these problems in partnership with the community, to provide the best quality of life possible for our community.

As you can see by reviewing our report, 2021 was another very eventful year, maintaining our status once again, as the busiest Village Police Department in Onondaga County. I am also pleased to report that we handled this high call volume, and provided a high level of community policing services all while continuing to maintain one of the lowest and most cost effective police budgets in the county.

I am excited that in 2022 I'll be able to start moving forward from the restrictions generated by the pandemic, starting with the creation of the North Syracuse Police Explorer Post and several other programs that have been in the planning for the past two years and were temporarily suspended do to State restrictions. Regardless of what else 2022 might have in store for our community, you can rest assured that the men and women of the North Syracuse Police Department will be there to address any issues or concerns that might arise.

Sincerely,
William Becker
