

Our mission is to create a loving Christian learning environment where children grow socially, academically, and emotionally.

Our staff has over 15 years of experience working with preschool and young school age children and their families. We are happy to have a certified teacher on staff to provide the best learning experience for your student. We are excited to have Millersville University students serve as teachers' aides in our classrooms.

We pride ourselves in introducing our students to weekly STEM learning as well as introducing the arts, music, and movement to all students.
