

Our mission is to create a loving Christian learning environment where children grow socially, academically, and emotionally.

Our staff has over 30 years of experience working with preschool and young school age children and their families. We are happy to have certified teachers on staff to provide the best learning experience for your student. The preschool is directed by an engineering graduate that has experience in teaching and working with children ages preschool through high school.

We pride ourselves in introducing our students to weekly STEM learning as well as introducing the arts, music, and movement to all students.
