opportunity and access
gap for underserved
youth in LA county***

SPEED MENTORING

We extend a warm invitation to industry professionals and community volunteers to join us as speed mentors. This unique opportunity allows you to share your expertise, personal experiences, and insights into your company's culture and philosophy with our youth.

By participating in this program, you contribute to an extensive network of over 50 industries accessible through speed mentoring, making a profound difference in a student's life within a brief yet impactful interaction. Your knowledge and guidance can truly shape their future!

TESTIMONIAL

"The 2024 Teen Summit was my favorite memory with Kollab Youth. The flow of speed mentoring was great. You could bring personality to table and get the students involved."

MONICA GROVES,
Program Director XPRIZE

SESSION SPEAKERS

The Teen Summit is an exhilarating day packed with enlightening speakers and engaging panel discussions that both inspire and educate our youth. As a participant, you have the unique chance to share your invaluable expertise with the attendees, fostering their growth and development. Moreover, this event serves as an ideal platform for recruiting potential employees, interns, and apprentices – an investment in the promising talent of tomorrow.

NETWORKING

**BRAND
EXPOSURE**

There are more than 50 industries present at Teen Summit. It is a great environment for the students and professionals who attend. There are countless opportunities to network as being part of Kollab Youth, especially at Teen Summit.

Consumers want to engage with companies who give back to their community. Helping the underserved youth of LA County through Teen Summit will show your audience that you are invested in the future of our community and workforce.

A large audience of students is seated at tables in a lecture hall, facing a stage. The stage features a presentation screen displaying a "DYNAMIC DUO PANEL" with three speakers. The room is well-lit with recessed ceiling lights and has a modern, open-plan design with a balcony on the upper level.
