## ABOUT US

We **Zema Global Trading FZE** (ZGT) is an emerging and fast growing company established in the year 2023 with 100% sole ownership under Sharjah Research Technology and Innovation Park Freezone (SRTIP) in Sharjah, UAE

With over a decade in UAE market, Our Staffs are expertised in Construction & Building materials, oil and gas, rubber products, mining industry, energy - infrastructure, mechanical and industrial products sectors.

**Zema Global Trading FZE** is literally a place where all your procurement needs meet in building & construction products, Machinery Spares, Rubber & Poly Urethane Products, Mechanical site support consulting and more.

**Zema** aims at supporting industries with expertise and Solutions which intern helps smooth business relations.

## VISION

To be a demanding supplier for all customer needs in terms of customer service, products and delivery. To be amongst region's best supplier and service provider in building and construction & related industries.

## MISSION

"Source globally from right place and deliver to right client within offered business terms"

## VALUES

To establish a family of colleagues and right people on right place by meeting all Human needs arise time to time. There by accomplish company & personal goals.

### INDUSTRIES & SECTORS WE SERVE

Cement

Concrete & Block

Chemical

Glass

Paper & Packaging

Food Processing & Dairies

Fabrication

Oil & Gas

Marine

Quarries

Construction

Aviation

# Construction & Building Materials

**ZEMA GLOBAL TRADING FZE** is Specialized in multi-country Import -Export program all over the world on wide range of products such as construction, Mechanical, Instrumentation, Electrical, Electronic, Chemical, Piping and other building materials.

We are focused on continually improving its ability to store and supply the materials at the lowest possible cost and strive to be the best at meeting the customer's expectations.

- ELECTRICAL AND LIGHTING
- PLUMBING
- HARDWARES
- POWER TOOLS AND HAND TOOLS
- STORAGE - WAREHOUSE EQUIPMENTS
- SAFETY AND PPE
- PUMPS & MOTORS
- WATER HEATERS

## Machinery Spare Parts

**ZEMA GLOBAL TRADING FZE** Offers parts encompass a wide range of components used to replace worn-out, damaged, or consumed parts to ensure smooth operation and minimize downtime. These items vary widely depending on the type and complexity of the machinery (e.g. heavy equipment, industrial Machineries etc.).

We can offer Mechanical Components like parts which can be used in machine's physical movements

**Bearings**\*Essential for smooth movement between parts and reducing friction (e.g., ball bearings, roller bearings).

**Gears** Used to transfer motion and torque within systems like transmissions and pumps (e.g., spur gears, bevel gears).

**Belts and Chains** Facilitate power transfer between different components (e.g., V-belts, timing belts, roller chains).

**Seals and Gaskets**: Vital for preventing leaks of fluids and gases in systems, often made of materials like rubber or specific alloys.

**Shafts and Couplings** Components that transmit rotational movement and connect different parts of a system like, idlers, pulley, rollers etc

**Fasteners** A vast category including various bolts, nuts, pins, and rings used to assemble and secure components.

**Hoses and Pipes**: Essential for channelling fluids and air throughout the machinery.

**Valves**: Components used to control the flow and pressure of fluids or gases within a system.

**FAG**

**SKF**

**NSK**

**FLEXCO**

**ENDURA HI-TECH**

**JCB**

**KOMATSU**

**MLT**  
metal locking technology

# Rubber & Polyurethane Products

Over a decade, **ZEMA GLOBAL TRADING FZE** has been closely analysing the movements and requirements of Rubber products in the import- export & local market of UAE.

We are sourcing and supplying quality rubber products to GCC and African region. For this we have a very good source in countries like Germany, Turkey, India & China and also the local UAE market as well.

Our clients base varies in industries like Cement Factories, Ready mix Plants, Power plants, Recycling Units, Packaging Industries, Ports, Crushers, Mining Industries, Quarrys, Chemical Plants, Oil & Gas Industries etc.

Our Products Range includes

## Conveyor Belting Products

- All types of light & Heavy Duty Rubber Conveyors in M24, DinY, DinX, Oil Resistant, Heat Resistant grades
- PU/PVC Grade Conveyors
- Joining Adhesives & Solutions
- Scappers
- Rollers, Drums, Idler & Pulley fabrications
- Mechanical Fasteners

## Moulded & Extruded Rubber

- Gaskets, O rings, Washers
- Grommets
- End Caps
- Anti Vibration Pads
- Corner guards, wall guards, Speed Breakers, Wheel stoppers
- Fork lift Pads, Impact Pads
- Different types of Rubber Profiles
- V Belts & timing belts
- Fenders (D fender, cone fenders, marine airbags, pneumatic fenders)

## Rubber Sheets

- Abrasion Resistant Rubber Gaskets
- Chute making Sheets
- Electrical Mats
- Drum & Pulley Lagging Rubber Sheets in M24 & HR Grades (Diamond pattern, Plain, Wavy & Dotted Button, Ceramic Rubber Patterns)
- Flooring Rubber, Gym floor mats
- Neoprene & EPDM Sheets
- Silicon Sheets
- Skirt Rubber
- Shot Blasting Sheets

## Pumps, Motors Valves & Outfits

**Zema Global Trading FZE** is renowned for serving engineering sectors - We supplies water pumps, diesel fuel pumps, transfer, booster, suction pump sets, control panels etc. Currently selling pumps to construction, irrigation, oil & gas industries, waste management companies. Some of our brands we are dealing with; Aussie pumps, Colliermiller, Ebara, Grunfos, Goulds, Honda, Pedrolo, Perkins, Kama, Vackson, Koshin, Vogelsang etc.

**Motors:** Induction motors (specifically squirrel-cage) are widely used for pumping applications due to their simplicity and durability.

**Valves:** Common types include gate valves, ball valves, check valves, globe valves, and butterfly valves, often available in various materials like carbon steel (C.S) and stainless steel (S.S).

**Outfit/Ancillary Components:** The necessary supplementary items for a fully functional system. Ex; Seals (O-rings, mechanical seals), hoses and assemblies, fittings (hydraulic, brass, SS), power packs, tanks, gauges, filters, and actuators.

## Mechanical Services

**Zema Global Trading FZE** can do services and site supports for Conveyor system maintenance, Our experienced technicians can do conveyor belt joining, splicing and vulcanising with cold and hot solutions. We are offering re-lagging works, rubber lining jobs, pulley & roller, silo fabrications works etc. Our service team is available on call basis in United Arab Emirates.

### Services

- Conveyor Belt Maintenance
- Conveyor Pulley & Drum Rubber re Lagging Works
- Repair & Patch Works
- Rubber Linings
- Roller, Drum, Pulley, Ldler Fabrications
- Site Inspection Works
