

## Occupy Till I Come

- Elohim has given his soldiers specific instructions. Our Primary Objective is to fear Elohim and obey his orders according to the training manual (Bible). By doing this we workout our own salvation (eternal life). Our Secondary Objective is to occupy till our leader returns to take over. The greek word used for occupy in the foundation scripture is The KJV translates Strong's G4231 in the following manner: occupy (1x). πραγματεύομαι pragmateúomai, prag-mat-yoo'-om-ahee; from G4229; to busy oneself with, i.e. to trade:—occupy. Our leader has given us specific instructions on what to busy ourselves with till he returns. The Holy Aliens want us to recruit (Use fringe ZFT recruit example) other volunteers/soldiers to participate in the Alien invasion. We are to be looking for defectors. We attract defectors by using Alien propaganda materials I.E. the training manual (Bible). Essentially invite others to the party or had out tickets like brother Lanny says. Our leader requires you do this either directly or at least indirectly. Those of us who are already soldiers (body of christ) are sleeper agents involved in a military occupation.
  - Military or belligerent occupation, often simply occupation, is effective provisional control by a ruling power over a territory, without a claim of formal sovereignty. The territory is then known as the occupied territory and the ruling power the occupant. Occupation is distinguished from annexation by its intended temporary nature. Currently we are to occupy the earth until Aliens invade, annex, and terraform the planet.
  - A sleeper agent is a spy who is placed in a target country or organization (earth) not to undertake an immediate mission but to act as a potential asset if activated (First Resurrection). Even if unactivated, the "sleeper agent" is still an asset and is still playing an active role in sedition, treason or espionage by virtue of agreeing to act if activated. We are to recruit other agents.
