

Thank you for your interest in our Directory of Fresh Pet Food Professionals. It's our goal to provide as many qualified resources as possible for the vast number of people seeking nutritionally adequate recipes to feed to their pets. For this reason, our baseline criteria involves the ability for professionals to formulate recipes that adhere to established nutritional guidelines (AAFCO, NRC or FEDIAF) and beyond meeting minimum established nutritional requirements.

We plan to include a summary paragraph and a photo or image in the profiles on the site. Please feel free to submit those to us when you return this form by email.

- Other Species ( )

General Food Philosophy / Feeding Approach:

I believe that a species appropriate fresh food diet is among the best things that an owner can do for their dogs, but there's nothing more important than complete and balanced nutrition. Every consultation is unique because every dog is an individual. Apart from the dog's individual needs, recipes are formulated based on what the owner has access to affordably and is comfortable using. Formulation can be a complete cooked or raw diet, it can also be an enhancement to a commercially available diet.

Areas of Focus:

Apart from recipes for healthy adult dogs and puppies, I also work with a variety of conditions. Conditions I work with most frequently include elimination trials for allergic and sensitive dogs, pancreatitis, chronic kidney disease, liver disease, cancer and heart disease. As a certified aromatherapist (for humans, and Level 1 cert for animals), I also use my knowledge and experience in the subject to support dog owners and their dogs.

Experience / Education / Credentials / Apprenticeship/ Training:

2020 - Certificate of Advanced Canine Nutrition at Companion Animal Sciences Institute  
2020 - Basics of Canine Nutrition, Puppies to Seniors: Feeding Dogs through the Life Cycle at The Science Dog (Linda Case)  
2018 - Certificate of Canine Nutrition at Companion Animal Sciences Institute  
Consulting since 2017

Continuing Education:

Currently working on various certifications from Canine Principles, including Canine Anatomy and Physiology as well as Canine Pharmacology Accredited Advanced Certificate.

Also Levels 2 and 3 for Animal Aromatherapy with Kelly H. Azzaro

Plans to start Diploma in Companion in Companion Animal Nutrition at Southern Illinois University by 2022.
