

Thank you for your interest in our Directory of Fresh Pet Food Professionals. It's our goal to provide as many qualified resources as possible for the vast number of people seeking nutritionally adequate recipes to feed to their pets. For this reason, our baseline criteria involves the ability for professionals to formulate recipes that adhere to established nutritional guidelines (AAFCO, NRC or FEDIAF) and beyond meeting minimum established nutritional requirements.

We plan to include a summary paragraph and a photo or image in the profiles on the site. Please feel free to submit those to us when you return this form by email.

General Food Philosophy / Feeding Approach:

I approach nutrition with the philosophy that every dog is an individual and their nutritional needs should be approached as such and this should be matched to the dog, their health and age and stage of development/life. I advocate for a whole, fresh food approach to feeding that is suitable for the dog and can be utilised by the owner so they can continue feeding for health longterm.
