

**Triggs Ladies Inner Club  
Club Championship  
2026**

Welcome to this year's Championship!

*(Please note, according to our Bylaws - Article 5 Section 4 - Eligibility to participate in the Club Championship: In order to qualify, a member must have played in five events from the previous year or three events prior to the Club Championship qualifying date of the current year which is June 15, 2026. Events are defined as, and are limited to, Weekly Tournaments and Majors.)*

The Club Championship Committee has determined, in an effort to have more participation, that there will not be any QUALIFYING ROUNDS required to play in this Club Championship.

***Should you decide not to participate, you must let the Committee know of your decision by Monday, June 15, 2026.***

Brackets will be published on our website and by email on Monday, June 22, 2026. Flight Winners from last year would have the number one seeds in their flight. *Please note that if the previous year's Flight Winner opts out, then the Runner Up from the previous year of that flight will be the first seed.* If either the Flight Winner or Runner Up's handicap index puts them into a lower flight they will be placed in the appropriate flight.

*After looking at the handicap indexes, the Committee will attempt to keep all flights as even as possible. This might mean moving people into flights with similar handicap indexes.*

All players who have satisfied Article 5 Section 4 (*see above*) will be assigned to a bracket by their handicap index as of Monday, June 15, 2026.

It is our hope to have four divisions with eight players in each. (In order to have all four brackets, there must be a minimum of six players in the last division.) From this point, you will begin Match Play. *You may schedule match play during weekly tournaments or any time convenient for both players during the week. These divisions will NOT be handicapped. You will NOT be eligible to participate in the weekly tournament if you are playing Match Play.* You will, however, be eligible to participate in the birdie and chip-in competition (the ball must be putted into the hole for a birdie) as well as any other closest to the pin or long drive competitions.

***The following will be our schedule for Match Play & Finals:***

**1<sup>st</sup> Round Match Play** – played by Sunday, July 19th.

**2<sup>nd</sup> Round Match Play** – played by Sunday, August 16th.

**Finals** – should be played by Sunday, September 13th.

***If we need a rain date(s), everyone will be notified of any changes or updates.***

**Match Play**

Please give or take a photo of your scorecard and get it to either Catherine or Lori.

***Caddies – please see next page for Addendum for Caddies***

**ADDENDUM TO TRIGGS LADIES CLUB CHAMPIONSHIP**  
**Effective August 7, 2021**

**Caddies**

Under the USGA Rules of Golf – 10.3 – caddies are not allowed to play while caddying.

**ADDENDUM**

A local rule for this year will now allow Caddies to caddy during the Triggs Ladies Club Championship Match Play **AND** play in the weekly tournaments.

Under this local rule, any player (caddie or not) will allow the Match Play players to putt out from the fringe to the hole **first** before play continues on that hole for non-caddies and caddies.

*Please let us know if you have any questions.*
