Billing and Doctor's Assisting Inc. invites applicants by mail and phone to the Main Office for an interview and the first free introduction lecture. Applicants will be given the opportunity to speak with instructors. In order to qualify for Billing and Doctor's Assisting Inc. courses; the applicant must have proof of High School graduation or GED or other equivalent and an interview. Prospective students are required to complete an enrollment application and, if payment was not done before, make payment according to a chosen financial plan. Additions in the registration list can be done during the first week of class. All enrolled students are expected to attend each class regularly; otherwise the instructor has to be informed by the student. Lateness for more than 30 minutes or leaving class early is classified as inappropriate behavior.

Absence from 15% of the required classes and more than 25% for all enrolled students that include students receiving GI Bill® benefits will prevent student from receiving a certificate.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <https://www.benefits.va.gov/gibill>.

It is a requirement for all enrolled students that include students receiving GI Bill® to maintain attendance of the program at a minimum of 18 Clock Hours weekly. If any student is less than 75% attendance rate, the instructor will notify the Administration Office to issue a written warning advising of the deficiency in attendance. If at the next periodic review the student has improved they will be taken off warning status. However, if at the next periodic review or sooner the student is still not at the mandatory minimum of 75% they will be terminated from the program. Any student absent for 14 consecutive days will be terminated from enrolled school program that include VA students participating in GI Bill® program.

Participation in any school offered program requires satisfactory program progress in addition to regular attendance. At the end of each calendar week, both attendance and academic progress will be evaluated. At the end of each week, students not achieving a minimum academic grade of 75% and not attending 75% of program hours will be placed on warning status. After another calendar week elapses and the cumulative attendance and academic progress are not 75% the student will be placed on probation. Upon the following calendar week and subsequent evaluation, the student has still not reached the 75% cumulative minimum attendance and 75% required academic progress, the students will be terminated from program participation. For students receiving financial aid and students receiving GI Bill® their termination will be reported to assigned WIOA Case Management Counsel and to the USDVA consequently. Students may continue program although at their own expense as financial aid will be terminated.

Note: Billing and Doctor's Assisting Inc. considers each periodic review to be held every week to allow instructor assess and evaluate student performance, keep students engaged with their studies and provide them opportunities for improvement.

B. & D.A. Inc. Catalog Policies for Students Receiving GI Bill® Benefits

SATISFACTORY PROGRESS POLICY FOR VETERANS

The Satisfactory Progress Policy found in this Catalog applies to all students who are receiving federal veterans' education benefits (GI Bill®), except that these veterans must adhere to more stringent requirements as defined in this Addendum.

Evaluation Time Frames

The B. & D.A. Inc. will evaluate veterans for attendance and grades at the end of each week for all approved programs.

Attendance Progress

A student must maintain a minimum of 75% attendance average each month in order to be considered making satisfactory progress. Any student absent for 14 consecutive days will be terminated from the GI Bill® program.

Academic Progress

The minimum grade average required, for theory and practical combined, is 75%.

Probation and Dismissal

B. & D.A. Inc. will place students failing to meet either the attendance or the academic progress requirements on probation for a period of one week.

B. & D.A. Inc. will reevaluate a student's progress at the conclusion of the probationary period. If B. & D.A. Inc. determines at this evaluation that the student is meeting both the attendance and academic progress requirements the student will no longer be on probation. Contrarily, if B. & D.A. Inc. determines at this evaluation that the student is failing to meet either the attendance or academic progress requirements, B. & D.A. Inc. will terminate the student from the GI Bill program.

B. & D.A. Inc., however, may grant a second probationary period of one week if extenuating circumstances warrant such action. B. & D.A. Inc. will reevaluate a student's progress at the conclusion of this second probationary period. If B. & D.A. Inc. determines at this evaluation that the student is meeting both the attendance and academic progress requirements the student will no longer be on probation. Contrarily, if B. & D.A. Inc. determines at this evaluation that the student is failing to meet either the attendance or academic progress requirements, B. & D.A. Inc. will terminate the student from the GI Bill® program.

Reinstatement of Students Dismissed for Unsatisfactory Progress

Students dismissed for failing to meet standards of academic progress may not be re-admitted.

STATEMENT ON ATTENDANCE FOR VA CERTIFICATION

The B. & D.A. Inc. will certify a veteran's enrollment in an approved program to the United States Department of Veterans Affairs (USDVA). This certification, in part, requires the B. & D.A. Inc. to report to the USDVA the amount of **clock hours per week** a veteran will be in attendance. If a veteran fails to attend the certified amount of clock hours per week and this failure results in a change of pursuit as defined by the USDVA, the B. & D.A. Inc. must report this issue to the USDVA. The B. & D.A. Inc. strongly advises veterans to pursue their training as specified in the Enrollment Contract. The school is required to terminate the GI Bill® benefits once the student successfully completes the approved program in which they are certified.

Grading Scale

Grading Scale:

A = 92%-100%
 B = 83%-91%
 C = 74%-82%
 D = 65%-73%
 F = Below 65%

Graduation Requirements

A student will graduate upon successful completion of each course of their program of education. Successful completion requires **a passing grade of the minimum 75%** in each course of study, minimum of 75% attendance, and completion of each course of study within the specified time period for the program. Upon successful completion of the program a student will receive a certificate of completion from B. & D.A. Inc.

Credit for Previous Education and Training for Students receiving GI Bill® Benefits

Credit for previous education and training experience must be evaluated and may be granted. Such a grant of credit is at the discretion of B. & D.A. Inc. This credit will shorten the length and cost of the program proportionately. The school is required to maintain a written record of previous education and training experiences that indicates that credit has been given, where appropriate, by the school for noted experiences and provide evidence of the evaluation. Students need to present appropriate documentation to B. & D.A. Inc. prior to the start of class to receive credit for prior education and training.
