

# Nutsynico COMMISSION POLICY

- If you intend to sell products (stickers, t-shirts, photos, prints, other merchandise) or otherwise make a profit with your commissioned art featured, this is not included in my standard commission. Please email me so we can work out a license agreement and commercial payment.
- Payments may be made via Paypal Business Invoice (accepts bank accounts, credit & debit cards, PayPal balance/credit/pay later), Venmo, or Zelle. I will invoice you upon accepting your commission request, and **payment (or first installment) must be received before I begin your commission.**
- For commissions of \$150 or less, the project must be paid for in full before I begin. I am willing to make exceptions on a case-by-case basis.
- For work above \$150, I accept payment installments. Preferred installment plan is half paid in full upfront and project paid in full upon completion. For traditional and digital art, that means final payment is required prior to delivery of final piece. For murals it's when the job is complete. Larger scale projects may adopt a different payment schedule.
- I will do my best to work within your preferred timeline but cannot guarantee the commission will be completed by a specific date. For larger scale projects there will be a separate contract with an agreed project plan. **If you need your project by a certain date, or if it's urgent please contact me beforehand** to see if it fits within my schedule.
- Significant change requests (design changes) or additions will come with a charge commensurate with the additional work that results.
- Cancellations will be handled on a case-by-case basis, but if I determine that I cannot complete your commission due to my own circumstances, I will offer a full refund. **Completed and approved commissions will not be refunded under any circumstances.**
- I reserve the right to adjust price quotes based on the complexity of the project and design.
- I reserve the rights to the artwork, including the right to display your finished commission in my portfolio as examples (If this an issue, or if it's something very personal please let me know). This does not include social media, I'll ask for your content for social media sharing.
- I do **not** reserve the right to sell your commissioned artwork in any way unless explicitly stated in writing.
- I deny the right to mint NFTs out of, resell, or use my artwork as part of blockchain or AI-related projects (commissioned or otherwise).
- **I will not take commission requests for** subjects related to hate, adult/minor relationships, child pornography, or anything I believe represents support to oppressive systems/groups/individuals.
- I reserve the right to update these terms as needed.
