

Donation Wishlist

Joe DiMaggio Children's Hospital believes in the **power of play** to promote positive healing for our patients. This mission is only possible with the generosity of our community of donors. Your donation of **new, unused, unwrapped** items is imperative in creating a comfortable and healing environment. This list provides suggestions of items that we frequently need for our patients and families, but you are not limited to these options.

Please email JDCHdonations@mhs.net to coordinate a drop off time.
