

Celestial Roofing LTD  
Environmental Policy  
Revised: 05-01-2018

## **ENVIRONMENTAL STATEMENT**

The Environmental and Sustainability Statement of Celestial Roofing LTD (“the Company”) is to ensure, so far as it is reasonably practicable, that its operations will be carried out with a commitment to protecting and enhancing the environment.

As a business that uses materials such as bitumen that could potentially harm the environment, we recognise that we have a responsibility to the environment beyond legal and regulatory requirements, and as such we are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers and other stakeholders to do the same.

## **ENVIRONMENTAL POLICY**

Ronnie Hetherington, Director, is responsible for ensuring that the Company’s Environmental Policy is implemented and is disseminated to all interested parties. All Company employees must adhere to the aims and objectives of the Policy.

1. Our stated aims are to:
  - 1.1 Comply with and where possible, exceed all regulatory requirements.
  - 1.2 Continually monitor and work to improve our environmental performance.
  - 1.3 Continually monitor and work to improve and thereby reduce our environmental impacts.
  - 1.4 Where possible, incorporate environmental factors into business decisions.
  - 1.5 Ensure that where relevant, all employees are trained to have awareness of environmental issues that relate to the Company.
2. **Paper**
  - 2.1. We will seek to minimise the use of paper in our office, using digital means where possible.
  - 2.2. We will recycle paper where possible.
  - 2.3. We will seek to buy recycled and recyclable paper products.
3. **Business Consumables**

Waste products are a necessary by-product of the roofing industry. Waste produced in our business includes off-cuts of tiles, roofing felt and timber battens.

  - 3.1. We will seek to reduce our consumption of resources where practicable.
