\* \$40 per 2 hour session!

Call for details at 215-490-5948

Supervised by a Teacher and Cover Band Performer

My name is Harry Haws. I have been a public school teacher for 25 years! I am also in a local rock cover band called House Party. I've supervised a "School of Rock" program for the last two years with my middle school students. These students learned how to play cover songs in a few months without ever picking up an instrument! I was happy to give up my lunch time each day for the payback of watching these kids have fun in becoming Rock Stars of the school!

I am now starting a low cost program at The Gingerbread Daycare Center for teens who want to learn how to play music, have fun, and be a part of a band.

These students will also gain confidence, make new friends, and learn self discipline in learning a new instrument. Instruments will be on hand, however, you may bring your own. Anyone who wants to sing, play drums, guitar, bass, or keyboards can join the group. Sessions will be filled on a first come-first serve basis.

If you have a child between 12-20 who would like to be a part of the program, please reach out to the program director, Harry Haws, at 215-490-5948, or email him at [hhaws87@gmail.com](mailto:hhaws87@gmail.com) for more details. The program will run Monday and Tuesday nights from 6PM-8PM weekly at The Gingerbread House Daycare. Each two hour session will cost \$40. There are no weekly/monthly commitments. You pay as you play!

Call, text or email Harry Haws for information at
