

Landscaping: We can help with larger landscaping projects. Including landscape designs and installations, spring and fall clean-ups, and we can also offer large sod and artificial turf installation.

Lawn Care: In addition to typical lawn aeration, we will offer much more inclusive fertilizing packages including weed and pest control.

Irrigation: We will continue to offer all the best irrigation services. Including system activation in the spring, and blowout in the fall. As well as repairs, additions, audits, and new installations.

Tree Care: Our team includes an ISA certified arborist who can provide tree removal, stump grinding, pruning, deep root fertilizing, and diagnoses.

Snow Removal: We have a snow removal division during the winter months for both residential and commercial properties.

Pricing: The previous pricing of KLI will change. Many of you who have been with me for years know that I have not raised prices...maybe ever? While Heroes will offer 'a la carte' services, you get the most by savings by signing up for service packages.

Our 2024 pricing sheets are listed below. I have worked out an agreement that all KLI clients will receive 15% off all services for this year, and if you do multiple packages (like lawn care and irrigation) we can take off 20%. There is a lot of information below, so call or text me with questions.

I am really excited about this opportunity. I want to thank all of you for your business and loyalty through the years, and I look forward to many more years to come.
