Hello,

Just a quick reminder, we will need your Economic Impact Payment or Stimulus Check information to file your 2020 return properly. Submitting your return without this information could cause a delay in your refund and would require an amendment at your expense. Please provide us with either Form 1444 or with the amount received from each payment. These payments would have been received beginning in April 2020 and January 2021. Please provide this information with your tax documents.

Kindly,

Merilee Daniels- Firm Manager
