KISEL Diamonds is the first brand to offer stunning diamond jewelry and up-cycled gem jewelry that is pure and innocent. Kisel Diamonds are created in a laboratory, and do not come from war-zones or terrorist controlled territories. When you buy our jewelry you can be sure no innocent person, let alone child, was involved in the mining or cutting. We guarantee the production of Kisel Diamonds is utterly ethical and innocent.

We believe in traditions. But we also believe that diamonds can be enjoyed by anyone, every day, regardless of an occasion. Every piece of jewelry by KISEL Diamonds is made to delight.

Choose any diamond that makes your heart beat faster, be it an engagement ring or a statement ring for yourself, a pair of earrings or a bracelet.

Our first collection includes classic diamonds and gem stones set in 18-carat gold or platinum.
