

How can I describe what you do without making you sound like a being from another planet? well, maybe you are but if that is the case, then I am glad you have connected with me. You successfully cleared some of the heaviest burdens from me and removed very dark situations and what I can describe as entities from my surroundings in such an amazing way. You taught me about the spirit world and gave my home peace when I thought it was hell. Thank you, words are not enough.

Lil, Sydney-Australia.

Daniella, what can I say? your connection to the spirit world is uncanny, you need no info from anyone; you just zoom through it all when it is necessary and provide solid proof. Not only that, you bring peace and protection to those you work with. My Aunt came through, my mother, ex-husband, and so many others standing patiently in a line to speak with me, even my recently deceased co-worker; you gave me what no one else can with such patience and love.

Anonymous.

Dani, you spoke to me about seeing a man standing over my friend and described him as if you knew him, but you didn't ever meet him. You spoke about his hobbies, very specific ones and what he dressed like, his physical appearance and how he behaved, we checked, and there were photos to verify it all!!! You don't know this man at all, and you could prove that you had indeed seen him step out from the spirit world into ours. I must admit I got creeped out but cannot explain how you do this.

Anonymous.

Daniella, you told me things you could not know, impossible to decipher yet you would tell me as a matter of fact, and things would unfold within days; you connected to the spirits of people, even celebrities I was looking up or had been thinking about days before and bring them through giving details of things I specifically looked up and gave me the missing pieces with your spirit contact to them. How could you know??? You even told me how this celebrity should not have been where she was and how she could have been saved, the events leading up to her death and so much more.

Daniella, as I have said many times before, thank you, you have given me on so many occasions the peace and clarity I needed, even literally saying out words that were titles of a book I would be reading at the time. You gave me vital information about a family member who was about to go on a trip, and it saved her; you have not failed me in all the years I have been having readings with you and even knew what country I would migrate to before I even knew.

Fred, Sydney-Australia.

Time frames are always accurate, always kind and truthful and funny. Have spoken to her for 18 months now. Told me my boss was going to tell us about money issues and job losses and he told us

the next day. Always told me my partner loved me and that he would be back and he has come back. Too much to write, one of the best, hugs xxx.

Allyson, NSW-Australia.

Nerissa, Melbourne-Australia.

Lovely reading; felt you tuned into my situation and questions well; thank you, will call you again xx

Linda, Perth-Australia.

I simply cannot believe the synchronicity we have every single time I call you; even before I open my mouth you proceed to tell me what has happened and why, and then you tell me what you see happening before I get a chance to ask you those very questions that you have pulled from my mind, I honestly don't know how you do it! You even got the initials of the POI, and there is no way on this planet you could have known that critical piece of information! I don't know how you do what you do but it must come from the divine with a direct phone call to the stars.

Sandra, Melbourne-Australia.

So beautiful you are and so connected, I am a regular user of readers, and I rarely give reviews but you, Daniella has a true gift that comes from a sacred place. You are so to the point and I am glad that you give me what you truly see. You really "tune in". Thank you, Daniella xxx 😊

Daniella has read for me for a year now and has guided me through a very difficult situation I was in. Tanya, Canberra-Australia.

Daniella is brilliant in validating the information she gave me yesterday about my great-grandfather and grandmother. After checking with my mum, you described my grandfather down to a Tee! Down to a badge and about being in the paper. And yes, my grandmother loved red roses (I thought she loved white) but you told me they were red and you were adamant that the colour were red. You were right, my Pa would pick a red rose for every morning and my mum still remembers this! I am just blown away with the descriptions and tiny details, how did you know? xxx

Jac, Sydney-Australia.

Words cannot express how great you are. You track everything down to a T. You are a great reader. Sending you love and light.

Karen, Miami-USA.

Daniella you are amazing, such an inspiration. I have had a few readings with you and I have no words to express my gratitude. Your guidance, advice and genuine expression of care is undeniably uplifting. I do hope everything you said comes true. Thank you so much for giving me the courage to not give up on my dreams just yet! xxxx

Dora, Sydney-Australia.

I had a reading this afternoon with Daniella and without providing any information, none whatsoever, she brought through my late father with very specific details, talked about his mannerisms and things he said to me before he passed about children and my home. She is warm and approachable and lovely to talk to. It was a shame I had to cut the reading short today but I will be speaking to you again very soon! xxxxx 😊

Mery, Melbourne-Australia.

Very happy indeed with my reading from Daniella. Very well connected, she gave many details and validations. I so appreciate the various ways she has at looking at things as well as the options to move forwards. I certainly will be well impression if you on the money with the timing, which I suspect now you will be. Many thanks.

Lynda, Sydney-Australia.

Predicted a situation that came true, WOW! So accurate it blew me away! Thank you Daniella, just brilliant! I highly recommend you. You are simply an amazing reader! xxxx

Sandra, Victoria-Australia.

Awesome reader, WOW, thank you! you gave so much clarity in my tough life journey. I read from you for the first time and needed to get another one straight away! Thank you for sharing your gift with me. Also, I have to mention that you were right about the lady that came through when you mentioned KAT. You said it was not Katherine or Katrina, but that it was Kat and it was a short and more Eastern European name that you had trouble pronouncing for fear you might offend me or get it wrong and then you said Katuna and you laughed! And guess what? I checked with my mum and she was my biological grandmother that I did not know about!!! Unbelievable! How did you know???? I will definitely be booking you again but it will be a longer session next time! xx 😊

Katrina, Sydney-Australia.

100% accurate as always!

Frances, Sydney-Australia.

My call ended with my mouth wide open and my heart beating fast! No reader has made me feel this way before. You flowed with information and just knew things without my input. I enjoyed listening to you, and you allowed me to ask questions. You are a very warm and gentle soul that I've enjoyed meeting! I must call again. Thank you Daniella!

Frances, USA.

Quick, clear, professional, and the real deal. She was respectful, compassionate, and non-judgmental. One of the best, from my decade+ experience as a psychic readings customer. No additional information was required; no questions asked; wasn't trying to be my best buddy; no run-on, one-

sided monologues about things I never asked to chew up time. Just a pure desire to be a clear channel. How refreshing!! Thank you!

Rondha, USA.

I really love the quick answers she gives; they surely do feel accurate. I can't say for sure yet until things move in the direction shown. There isn't much she can't answer; rarely does she say "I think" or blame things on the usual -"the planets"! She gives concrete answers as she sees them. I can't wait to validate all I can soon.

Kathrine, USA.

Daniella is gifted beyond words. She's telling you what she sees with such accuracy and compassion, bringing hope and an understanding of the situation and what's to come. I feel connected and will come back for an update as things start moving forward.

Dana, USA.

Daniella is amazing, the best read I've had anywhere, for that matter. I came back 2x's for more questions. She was 100% accurate on all assessments of the ppl and situation. It was uncanny her accuracy from just names it was like she knew them. Her answers are quick and waste none of your time she's the kindest soul! I will remain a loyal client I can't wait until things unfold so I can validate her gifts. Really really talented!

Rena, USA.

Daniella is a veteran in the field. She is prompt, reliable and clear in what she sees. She was able to answer my questions before I had a chance to ask as we had a super good connection. She's detailed and accurate and will not sugar-coat it but be kind and compassionate. I will be back for sure! xoxo
