Each experience is created with warmth and care offering guests a welcoming space to pause, explore and reconnect with themselves. Collaborations with brands are welcome.

I am Bella Joy's energetic work offers deeply intuitive energy healing experiences designed to support emotional wellbeing, energetic alignment and spiritual connection. Blending Usui Reiki, intuitive guidance, shamanic healing, mediumship, tarot/oracle readings, and channelled guidance, Bella Joy's insight and restorative energy work is uniquely tailored to her clients energy and intentions.

Tarot and Oracle card readings support the current chapter of life and help the sitter with loving empathy-led guidance. Readings may enable the sitter to view challenges or aspects of their life with renewed clarity, and help guide them by focusing attention to what is vital to pay more care to in the current situation. Readings can be paired with an energetic check in to the chakras, to see which energy centres of the body are depleted or low. Reassurance, alignment, and reframing are often key to each intuitive reading, with a gentle, compassionate delivery from Bella Joy.

Bella Joy is fully insured for readings and energy work, and as an intuitive Reiki Master and Certified Shacapa Healer, has worked with clients across London and online for three years. She is known for creating a calm, nurturing and grounded space where clients feel safe, supported and deeply held. Working intuitively through her clair gifts, Bella Joy gently guides clients through transformational experiences that encourage clarity, release, reconnection and inner balance. Her work supports individuals stress reduction, emotional release, energetic recalibration, spiritual connection and nervous system restoration, leaving each client feeling lighter, more aligned and deeply reconnected to themselves.
