Congratulations to you both for the high standard of work that you do. While I am on that subject, I am always amazed at the high quality of work that is presented each month on Maxi Days.

Sutherland Shire Council provided us with a summary report to be presented to the March Council meeting regarding the proposed Masterplan Design for the Oyster Bay Oval which includes the Cubby House clubhouse. The report (which is provided to you as a separate attachment in the email) gave some hope at least for now that the club would not have to move.

We will be looking to have discussions with the Council over the coming months.

As I mentioned in my last report the Cubby House was asked if we could assist a man who suffers from autism. Shane and his carer, Alison had their first day with us on Wednesday, 12th April. His duties will be cleaning inside and outside the clubhouse.

Shane also collects cans and bottles so it would be appreciated if you could think of him when you might be placing them in the recycling bin.

Due to a couple of our members contracting Covid resulting in the club closing for a week we were unable to compile a list of the toys we are making, the quantity required and the name the lead toymaker for each toy. We must complete this task as it provides some structure to the activity. Details will be placed on the notice board.

The COVID virus has not gone away and we must always be vigilant, particularly when mixing in public places.

Upcoming events:

- April Maxi Day (15/4/2023) Demonstration – Abortech – The Host is Keith Moses
- Toy Week – 24/4/2023 to 28/4/2023
- Next Bunnings BBQ fundraiser – 22/4/2023

Until next time continue to enjoy your woodturning and/or woodworking.

Phil Dean
President
