- 2.03.498 **WASTE HANDLING SYSTEM** shall mean any and all systems, public or private, or combination of said structures intended to treat human or livestock excrement and shall include the following types of systems
- A. **Holding pond** shall mean an impoundment made by constructing an excavated pit, dam, embankment or combination of these for temporary storage of liquid livestock wastes, generally receiving runoff from open lots and contributing drainage area.
 - B. **Lagoon** shall mean an impoundment made by constructing an excavated pit, dam, embankment or combination of these for treatment of liquid livestock waste by anaerobic, aerobic or facultative digestion. Such impoundment predominantly receives waste from a confined livestock operation.
 - C. **Liquid manure storage pits** shall mean earthen or lined pits located wholly or partially beneath a semi or totally housed livestock operation or at some removed location used to collect waste production.
 - D. **Sediment** shall mean a pond constructed for the sole purpose of collecting and containing sediment.
- 2.03.499 **WASTEWATER LAGOON** See “Lagoons”.
- 2.03.500 **WATERS OF THE STATE** shall mean all waters within the jurisdiction of this state, including all streams, lakes, ponds, impounding reservoirs, marshes, wetlands, watercourses, waterways, wells, springs, irrigation systems, drainage systems, and all other bodies or accumulations of water surface or underground, material or artificial, public or private, situated wholly within or bordering upon the state.
- 2.03.501 **WETLAND** shall mean an area that is inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that, under normal circumstances, does support, a prevalence of vegetation typically adapted for life in saturated soiled conditions, commonly known as hydrophytic vegetation.
- 2.03.502 **WHOLESALE ESTABLISHMENT** shall mean an establishment for the on-premises sales of goods primarily to customers engaged in the business of reselling the goods.
- 2.03.503 **WHOLESALE TRADE** shall mean a use primarily engaged in selling merchandise to retailers; to industrial, commercial, institutional, farm or professional business users; or to other wholesalers; or acting as agents or brokers in buying merchandise for or selling merchandise to such persons or companies. The principal types of establishments included are: Merchant wholesalers; sales branches and sales offices (but not retail stores) maintained by manufacturing enterprises apart from their plants for the purpose of marketing their products; agents, merchandise or commodity brokers, and commission merchants; petroleum bulk storage, assemblers, buyers, and associations engaged in cooperative marketing of farm products. The chief functions of uses in wholesale trade are selling goods to trading establishments, or to industrial, commercial, institutional, farm and professional; and bringing buyer and seller together. In addition to selling, functions frequently performed by wholesale establishments include maintaining inventories of goods; extending credit; physically assembling, sorting and grading goods in large lots, breaking bulk and redistribution in smaller lots; delivery; refrigeration; and various types of promotion such as advertising and label designing.
- 2.03.504 **YARD** shall mean any open space on the same lot with a building or a dwelling group, which open space is unoccupied and unobstructed from the ground upward to the sky, except for building projections or for accessory buildings or structures permitted by this Regulation.
- 2.03.505 **YARD, FRONT** shall mean a space between the front yard setback line and the front lot line or street setback line, and extending the full width of the lot. The front yard shall always be on the narrow side of the lot.
- 2.03.506 **YARD, REAR** shall mean a space between the rear yard setback line and the rear lot line, extending the full width of the lot.
- 2.03.507 **YARD, SIDE** shall mean a space extending from the front yard or from the front lot line where no front yard is required by this Ordinance, to the rear yard, or rear lot line, between a side lot line and the side yard setback line.
- 2.03.508 **ZONE LOT** shall mean a parcel of land in single ownership that is of sufficient size to meet minimum zoning requirements for area, coverage, and use, and that can provide such yards and other open spaces as required by the zoning regulations.

2.03.509 **ZONING ADMINISTRATIVE OFFICER** shall mean the person or persons authorized and empowered by the Village to administer and enforce the requirements of this Ordinance.

2.03.510 **ZONING DISTRICT** shall mean the same as "District".

2.03.511 **ZONING DISTRICT, CHANGE OF** shall mean the legislative act of removing one or more parcels of land from one zoning district and placing them in another zoning district on the zone map of the Village.

2.03.512 **ZONING PERMIT** is a written statement issued by the zoning administrator authorizing buildings, structures, or uses in accordance with the provisions of this Ordinance.

ARTICLE 3: DISTRICTS AND OFFICIAL MAP

Section 3.01 Districts

In order to regulate and restrict the height, location, size and type of buildings, structures and uses allowed on land in the Village and the area within one mile of the corporate boundaries, the Village is hereby divided into districts.

Section 3.02 Provision for Official Zoning Map

3.02.01 The Village is hereby divided into districts, as shown on the Official Zoning Map, which, together with all explanatory matter thereon, is hereby adopted by reference and declared to be a part of this Ordinance. The Official Zoning Map shall be identified by the signature of the Village Chairperson, attested by the Village Clerk, and bearing the seal of the Village under the following words: "This is to certify that this is the Official Zoning Map referred to in Section 3.02 of Ordinance No. _____ of the Village of Denton, Nebraska", together with the date of the adoption of this Ordinance. If, in accordance with the provisions of this Ordinance, changes are made in the district boundaries or other matter portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map promptly after the amendment has been approved by the Village Board.

3.02.02 In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the Village Board may by resolution adopt a new Official Zoning Map. The new Official Zoning Map may correct drafting or other errors or omissions in the prior Official Zoning Map, but no such correction shall have the effect of amending the original Official Zoning Map or any subsequent amendment thereof. The new Official Zoning Map shall be identified by the signature of the Village Chairperson attested by the Village Clerk and bearing the seal of the Village under the following words: "This is to certify that this Official Zoning Map supersedes and replaces the Official Zoning Map adopted _____ (Ordinance No. _____) of the Village of Denton Nebraska." Unless the prior Official Zoning Map has been lost, or has been totally destroyed, the prior map or any significant parts thereof remaining shall be preserved, together with all available records pertaining to its adoption or amendment.

ARTICLE 4: GENERAL PROVISIONS

Section 4.01 Planning Commission Recommendations

Pursuant to Neb. Rev. Stat. § 19-901 (R.R.S.1996), it shall be the purpose of the Planning Commission to hold public hearings upon, and make recommendation to the legislative body, regarding proposed amendments to the comprehensive plan and zoning regulations within the jurisdiction of the Village.

The Commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the Village Board shall not hold its public hearings or take action until it has received the final report of the Commission.

Section 4.02 District Regulations, Restrictions, Boundary Creation

No such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the time and place of such hearings shall be given by publication thereof in a paper of general circulation in the Village at least one time ten days prior to such hearing.

Section 4.03 Jurisdiction

The provisions of this Ordinance shall apply within the corporate limits of the Village of Denton, Nebraska, and within the territory beyond said corporate limits as now or hereafter fixed, for a distance of one mile, as established on the Official Zoning Map, as may be amended from time to time.

Section 4.04 Provisions of Ordinance Declared to be Minimum Requirements

In their interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements, adopted for the promotion of the public health, safety, morals, or general welfare. Whenever the provisions of this Ordinance are in conflict with the provisions of any other ordinance or municipal law, the ordinance or municipal law with the most restrictive provisions shall govern.

Section 4.05 Zoning Affects Every Building and Use

No building or land shall hereafter be reused and no building or part thereof shall be erected, moved or altered unless for a use expressly permitted by and in conformity with the regulations herein specified for the district in which it is located, except that any structure damaged or destroyed may be restored if such structure does not involve a non-conforming use.

Section 4.06 Lot

4.06.01 Every building hereafter erected, reconstructed, converted, moved or structurally altered shall be located on a lot or lot of record and in no case shall there be more than one principal building on a lot unless otherwise provided.

4.06.02 No building or use of land for other than agricultural purposes shall be established on a lot that does not abut a public street.

4.06.03 More than one principal building of a single permitted use or conditional use may be located upon a lot or tract in the following instances provided that appropriate setbacks, height, and lot regulations are met on such lot or tract or upon division of such lot or tract:

1. Institutional buildings
2. Public or semi-public buildings
3. Multiple-family dwellings
4. Commercial or industrial buildings
5. Home for the aged
6. Agricultural buildings

Section 4.07 Reductions in Lot Area Prohibited

No lot, even though it may consist of one or more adjacent lots of record, shall be reduced in area so that yards, lot area per family, lot width, building area, or other requirements of this Ordinance are not maintained. This section shall not apply when a portion of a lot is acquired for a public purpose.

Section 4.08 Obstructions to Vision at Street Intersections Prohibited

A corner lot, except in the Downtown Commercial District, within the area formed by the center line of streets at a distance of 60 feet from their intersections, there shall be no obstruction to vision between a height of two and one-half feet and a height of 10 feet above the grades of the bottom of the curb of the intersecting streets, measured from the point of intersection of the centerline of the streets. The requirements of this section shall not be deemed to prohibit any necessary retaining wall.

**Section 4.09 Yard Requirements**

- 4.09.01 Yard requirements shall be set forth under the Schedule of Lot, Yard, and Bulk Requirements for each zoning district. Front, side and rear yards shall be provided in accordance with the regulations hereinafter indicated and shall be unobstructed from the ground level to the sky, except as herein permitted.
- 4.09.02 All accessory buildings that are attached to principal buildings (e.g., attached garages) shall comply with the yard requirements of the principal building, unless otherwise specified.
- 4.09.03 On corner lots, the yard(s) on that side of the lot abutting the side street(s) shall not be less than the front yard required for the district in which the lot is located. On through lots, such yards abutting street/road right-of-way shall be deemed front yards, unless otherwise provided for.
- 4.09.04 Accessory buildings on the side(s) of the lot abutting the side street(s) shall not be closer to the lot line abutting on that side street(s) than the distance specified for front yards of lots fronting on such side street.
- 4.09.05 The Zoning Administrator may permit a variation in front yard setbacks to allow new or relocated structures to conform to the average existing setback provided that 1.) More than 30 percent, of the frontage of principal structures, on one side of a street between intersecting streets is occupied by structures on the effective date of this Ordinance, and 2.) A minority of such structures have observed or conformed to an average setback line.
- 4.09.06 The required side yard shall be maintained on each side of a dwelling, but may be reduced to 10 percent of the lot width on lots of less than 60 feet in width, provided, however, no side yard shall be less than five feet.
- 4.09.07 In any Residential District, the Rear Yard Setback shall be the lesser of the minimum amount noted or 20% of the total lot depth.
- 4.09.08 Any side or rear yard in an industrial or commercial district which is adjacent to any existing residential use or district shall be no less than 25 feet and shall contain landscaping, planting, or fencing suitable to provide effective screening. Said screening shall be at least six feet but not more than eight feet high, unless the adjacent residential district and industrial or commercial district are separated by a street right-of-way. The owner or owners of the property in the Commercial and/or Industrial District shall maintain said screening in good condition.
- 4.09.09 No part of a yard or other open space required in connection with any building or structure for the purpose of complying with the provisions of this Ordinance shall be included as a part of a yard or other open space requirements for another building or structure.

Section 4.10 Through Lots

- 4.10.01 Through Lots shall follow the following criteria:
1. Where a Through Lot abuts a major thoroughfare, such as SW 91st Street, and where access is made from the other frontage street and access along said thoroughfare is restricted, the designated Rear Yard setback for fences and screening devices shall be zero feet. The Rear Yard setback for accessory buildings shall follow the prescribed setback within the zoning district.
 2. Where a Through Lot is part of a triple frontage lot and abuts a major thoroughfare, the Rear Yard shall meet the standards of 4.10.01 (1), while the other two frontages shall be treated as a Corner Lot with two Front Yard setbacks.

3. Where a Through Lot occurs, other than along a major thoroughfare, the following shall apply:
 - a. Where all principal structures in the development face the same frontage, then the Rear Yard setback for fences and screening shall be zero feet and all accessory buildings shall meet the prescribed setback within the zoning district. This shall apply similarly at triple frontage lots, provided the remaining two frontages are treated like a typical Corner Lot.
 - b. Where principal structures face different directions along both frontages, the Rear Yard setback for fences and screening shall be the same as any prescribed Rear Yard setback within the zoning district. This shall apply similarly at triple frontage lots, provided the remaining two frontages are treated like a typical Corner Lot. All accessory buildings in this condition, shall comply with the minimum Rear Yard setbacks rather than the reduced setback allowed for accessory buildings.

Section 4.11 Projections from Buildings

4.11.01 Cornices, eaves, canopies, belt courses, sills, ornamental features, and other similar architectural features may project not more than two feet into any required yard or into any required open space, provided that such required yard or open space meets the current minimum yard standards.

4.11.02 As a part of single and two family residences, open uncovered porches or decks no higher than the first floor above grade on the side of the building to which they are appurtenant and in no event higher than 26 inches above grade of the lot on the side of the structure where such porch or deck is located, may extend:

1. Three feet into any side yard that otherwise meets minimum side yard requirements provided that the other side yard also meets such minimum side yard requirements and remains free of encroaching structures of any kind; and that said new encroachment meets all separation requirements between structures as determined in the Village's Regulations, except gated fences providing access to the rear yard.
2. Eight feet into a front yard provided that the front yard otherwise meets minimum front yard requirements and provided further 1.) That in no event may such porch or deck cover more than 96 square feet of the required front yard or extend beyond the side walls of the building structure, and 2.) Front decks or porches shall not be higher than 30 inches above ground and or no higher than the first floor, except that on homes with front entryways at first floor level but driveway cuts and garage floors at basement level, there may be constructed a veranda-type uncovered deck or porch extending from the front deck or porch over the garage door or doors, which extended area shall be at the same elevation and shall have bracing as required by the Building Inspector, and 3.) Covered porches, built of materials of the same or similar nature as the roof of the principal structure may be allowed with eaves not to exceed 12 inches.
3. Safety railings shall be installed as per the Village's Regulations and as approved by the Building Inspector.
4. One-half of the distance into the required rear yard, but in no event closer than five feet to any property line.

4.11.03 Provided further, that no railing or other barrier shall be placed around such deck or porch in a rear yard or side yard and no such barrier which interferes appreciably (more than 25 percent with the passage of light or air shall be constructed within the required front yard or within five feet of any side or rear yard lot line. Any such deck or porch when located on a lot at the intersection of two streets or a street and an alley, shall comply with the provisions designed to ensure proper sight distances as set forth in this Ordinance for fences and hedges. Any side yard on a corner lot when such yard is 20 feet or more in width, may be considered as a front yard for purposes of determining permitted encroachments as provided herein.

4.11.04 Vertical supports shall meet the Village's Regulations.

Section 4.12 Drainage

No building, structure, or use shall be erected on any land, and no change shall be made in the existing contours of any land, including any change in the course, width, or elevation of any natural or other drainage channel, that will obstruct, interfere with, or substantially change the drainage from such land to the detriment of neighboring lands.

Anyone desiring to build or otherwise change the existing drainage situation shall be responsible for providing to the Village or their designated agent that such changes will not be a detriment to the neighboring lands.

Section 4.13 Permitted Obstructions in Required Yards

The following shall not be considered to be obstructions when located in the required yards:

4.13.01 *All Yards:*

1. Steps and accessibility ramps used for wheelchair and other assisting devices which are four feet or less above grade which will not exceed minimum requirements of the Americans with Disabilities Act and are necessary for access to a permitted building or for access to a lot from a street or alley;
2. An open, uncovered porch or paved terrace, not over six inches in height, projecting up to 10 feet, provided such projection does not extend to any lot line;
3. Chimneys projecting 24 inches or less into the yard;
4. Recreational equipment (swing sets, slides, sand volleyball courts and nets, etc);
5. Clothes lines;
6. Approved freestanding signs;
7. Arbors and trellises;
8. Flag poles;
9. The projection of window unit air conditioners, not more than 18 inches into the required yard; and
10. Fences or walls subject to applicable height restrictions are permitted in all yards.

4.13.02 *Front Yards:* Bay windows projecting three feet or less into the yard are permitted.

4.13.03 *Rear and Side Yards:* Open off-street parking spaces or outside elements of central air conditioning systems.

4.13.04 *Double Frontage Lots:* The required front yard shall be provided on each street.

4.13.05 *Building Groupings:* For the purpose of the side yard regulation a group of business or industrial buildings separated by a common party wall shall be considered as one building occupying one lot.

Section 4.14 Accessory Building and Uses

4.14.01 No accessory building or structure shall be constructed upon a lot for more than six months prior to beginning construction of the principal building. No accessory building shall be used for more than six months unless the main building on the lot is also being used or unless the main building is under construction and under an active zoning permit. However, in no event shall such building be used as a dwelling unless a certificate of occupancy shall have been issued for such use.

4.14.02 No detached accessory building or structure shall exceed the maximum permitted height of the principal building or structure when permitted.

4.14.03 No accessory building or structure shall be erected in or encroach upon the required side yard on a corner lot or the front yard of a double frontage lot.

4.14.04 Detached accessory buildings or structures shall be located no closer to any other accessory or principal building than 10 feet.

4.14.05 Accessory buildings and structures may be built within a required rear yard when located at least five feet from the rear lot line and when occupying not more than 30 percent of the area of such rear yard. Further, where vehicular access to an accessory building or structure is provided from an alley, such building or structure shall be no closer than 15 feet to the alley.

4.14.06 Detached garages and outbuildings in Residential Districts for storage uses and other structures customary and appurtenant to the permitted uses and detached accessory garages shall:

1. Be constructed of materials that are in good repair,
2. The sidewalls of said building shall not exceed 10 feet in height,
3. Garages shall have an overhang of at least six inches,
4. Garages shall have a maximum width of 36 feet,
5. Garages shall be constructed and finished in materials customary to residential construction.

4.14.07 Regulation of accessory uses shall be as follows:

1. Except as herein provided, no accessory building shall project beyond a required yard line along any street.
2. Service station pumps and pump islands may occupy the required yards, provided, however, that they are not less than 15 feet from street lines.
3. Storage of any boat, camper, trailer, recreational vehicle or other vehicle shall not be permitted in any required front or side yard.

Section 4.15 Permitted Modifications of Height Regulations

4.15.01 The height limitations of this Ordinance shall not apply to the following, provided that the appropriate yard setbacks are increased by one foot for every two feet in excess of the maximum height requirement for the given zoning district

1. Church Steeples
2. Public Monuments
3. Flag Poles
4. Chimneys
5. Ornamental Towers and Spires
6. Church Spires
7. Silos
8. Cooling Towers
9. Smoke Stacks
10. Elevator Bulkheads
11. Necessary Mechanical Devices
12. Fire Towers
13. Water Towers and Standpipes
14. Air-Pollution Prevention Devices
15. Recreational equipment
16. Private radio and television antennae under 75 feet

4.15.02 When permitted in a district, public or semi-public service buildings, hospitals, institutions, or schools may be erected to a height not exceeding 75 feet, provided, each required yard line shall be increased by at least one foot for each one foot of additional building height above the height regulations for the district in which the building is located.

Section 4.16 Occupancy of Basements and Cellars

No basement or cellar shall be occupied for residential purposes until the remainder of the building has been completed.

Section 4.17 Non-Conforming, General Intent

It is the intent of this ordinance to permit lawful non-conformities to continue until they are removed, but not encourage their survival. Such uses are declared by this ordinance to be incompatible with permitted uses in the districts involved. It is further the intent of this ordinance that non-conformities shall not be enlarged upon, expanded or extended nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district except as may be authorized in this title.

Section 4.18 Nonconforming Lots of Record

In any district where buildings and structures are permitted, notwithstanding limitations imposed by other provision of this Ordinance, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this Ordinance. This provision shall apply even though such lot fails to meet the requirements for area or width, or both that are generally applicable in the district provided that the yard dimensions and other requirements not involving area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located; that such lot has been owned separately and individually from adjoining tracts of land at a time when the creation of a lot of such size and width at such location would have been lawful; and has remained in separate and individual ownership from adjoining lots or tracts of land continuously during the entire period in which this or previous Ordinance would have prohibited creation of such lot. Variance of area, width and yard requirements shall be obtained only through action of the Board of Adjustment.

Section 4.19 Nonconforming Structures

4.19.01 *Authority to continue:* Any structure which is devoted to a use which is permitted in the zoning district in which it is located, but which is located on a lot which does not comply with the applicable lot size

requirements and/or the applicable bulk regulations, may be continued, so long as it remains otherwise lawful, subject to the restrictions of this section.

- 4.19.02 *Enlargement, Repair, Alterations:* Any such structure described in Section 4.19.01 may be enlarged, maintained, repaired or remodeled, provided, however, that no such enlargement, maintenance, repair or remodeling shall either create any additional nonconformity or increase the degree of existing nonconformity of all or any part of such structure, except that as to structures located on a lot that does not comply with the applicable lot size requirements, the side yard requirements shall be in conformance with this section, unless otherwise permitted by conditional use permit unless otherwise approved or as specified in the Residential District.
- 4.19.03 *Damage or Destruction:* In the event that any structure described in Section 4.19.01 is damaged or destroyed, by any means, to the extent of more than 50 percent of its structural value, such structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located; provided that structures located on a lot that does not comply with the applicable lot size requirements in Section 4.18, shall not have a side yard of less than five feet. When a structure is damaged to the extent of less than 50 percent of its structural value, no repairs or restoration shall be made unless a zoning permit is obtained and restoration is actually begun within six months after the date of such partial destruction and is diligently pursued to completion.
- 4.19.04 *Moving:* No structure shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot unless the entire structure shall thereafter conform to the regulations of the zoning district in which it is located after being moved.

Section 4.20 Nonconforming Uses

- 4.20.01 *Nonconforming Uses of Land:* Where at the effective date of adoption or amendment of this ordinance, lawful use of land exists that is made no longer permissible under the terms of this ordinance as enacted or amended, such use may be continued so long as it remains otherwise lawful, subject to the following provisions:
1. No such non-conforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance.
 2. No such nonconforming use shall be moved in whole or in part to any other portion of the lot or parcel occupied by such use at the effective date of adoption or amendment of this ordinance.
 3. If any such nonconforming use of land ceases for any reason for a period of more than 12 months, any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.
- 4.20.02 *Nonconforming Uses of Structures:* If a lawful use of a structure, or of structure and premises in combination, exists at the effective date of adoption or amendment of this ordinance, that would not be allowed in the district under the terms of this ordinance, the lawful use may be continued so long as it remains otherwise lawful subject to the following provisions:
1. No existing structure devoted to a use not permitted by this ordinance in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of the structure to use permitted in the district in which it is located;
 2. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this ordinance but no such use shall be extended to occupy any land outside such building;
 3. If no structural alterations are made, any nonconforming use of a structure or structures and premises may be changed to another nonconforming use provided that the Board of Adjustment either by general rule or by making findings in the specific case, shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Board of Adjustment may require appropriate conditions and safeguard in accord with the provisions of this ordinance;
 4. Any structure, or structure and land in combination, in any or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district in which such structure is located and the nonconforming use may not thereafter be resumed;

5. When a nonconforming use of a structure or structure and premises in combination is discontinued or abandoned for 12 months, the structure or structure and premises in combination shall not thereafter be used except in conformance with the regulations of the district in which it is located;
6. Where nonconforming use status is applied to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land.

Section 4.21 Repairs and Maintenance

4.21.01 On any building devoted in whole or in part to any nonconforming use, work may be done in any period of six consecutive months on ordinary repairs or on repair or replacement of non-bearing walls, fixtures, wiring or plumbing provided that the cubic area of the building as it existed at the time of passage of amendment of this Ordinance shall not be increased.

4.21.02 Nothing in this ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

Section 4.22 Uses under Conditional Use Permit not Nonconforming Uses

Any use for which a Conditional Use Permit is issued as provided in this Ordinance shall not be deemed a nonconforming use, but shall without further action be deemed a conforming use in such district.

Section 4.23 Recreational Vehicles, Trailers, or Equipment

All vehicles, trailers, or equipment expressly designated or used for recreational or seasonal use shall not be used for dwelling purposes on any lot except as may be authorized elsewhere within this Ordinance. Such vehicles, trailers, or similar equipment shall not be parked or maintained in the required front or side yard.

Section 4.24 Fees

The payment of any and all fees for any zoning or subdivision related action or permit request shall be required prior to the issuance or investigation of any said action or permit request. Such fees shall be adopted by the Village Board by separate Ordinance.

Section 4.25 Prohibited Uses

All uses not specifically listed within a particular zoning district are deemed to be prohibited until some point where this Ordinance is amended to include a given use.

Section 5.02 Districts; Boundaries

The boundaries of the districts are hereby established as shown on the maps entitled "Official Zoning Map of the Village of Denton, Nebraska." Said maps and all explanatory matter thereon accompany and are hereby made a part of this Chapter as if fully written herein. The Official Zoning District Map shall be identified by the signature of the Village Chairperson, and attested by the Village Clerk. No changes shall be made on the Zoning District Map except as may be required by amendments to this Chapter. Such changes shall be promptly indicated on the Zoning District Map with the Ordinance number, nature of change, and date of change noted on the map.

Section 5.03 Rules for Interpretation of District Boundaries

Where uncertainty exists as to the boundaries of districts as shown on the Official Zoning Map, the following rules shall apply:

- 5.03.01 Boundaries indicated as approximately following the center lines of streets, highways, or alleys shall be construed to follow such center lines;
- 5.03.02 Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines;
- 5.03.03 Boundaries indicated as approximately following Village limits shall be construed as following such Village limits;
- 5.03.04 Boundaries indicated as following railroad lines shall be construed to be midway between the main tracks;
- 5.03.05 Boundaries indicated as following shore lines shall be construed to follow such shore lines, and in the event of change in the shore line shall be construed as moving with the actual shore line; boundaries indicated as approximately following the center lines of streams, rivers, canals, lakes, or other bodies of water shall be construed to follow such center lines;

2. Dance studio, not including uses defined in Adult Establishment.
3. Meeting hall, not including uses defined in Adult Establishment.
4. Retail business or service establishment supplying commodities or performing services at a small scale, such as, or in compatibility with and including the following:
 - a. Apparel shop
 - b. Appliance store
 - c. Antique store
 - d. Automobile parts supply store, not including repair or service facilities
 - e. Bakery shop
 - f. Barber and Beauty shop
 - g. Bookstore, not including uses defined in Adult Establishment
 - h. Childcare center
 - i. Clothing and tailoring shops
 - j. Communication services
 - k. Computer store
 - l. Drug stores and prescription shops
 - m. Floral shop and commercial greenhouses
 - n. Furniture store or showroom
 - o. Gift and curio shop
 - p. Grocery store
 - q. Hardware store
 - r. Hobby, craft, toy store
 - s. Indoor amusement and entertainment establishment, including bowling alleys and movie theaters, not including uses defined in Adult Establishment
 - t. Keno facilities
 - u. Laundry and dry cleaning pick-up and delivery stations
 - v. Liquor store
 - w. Newsstands, not including uses defined in Adult Establishment
 - x. Photography studio
 - y. Picture framing shop
 - z. Restaurants
 - aa. Second hand stores
 - bb. Shoe store
 - cc. Tanning salon
 - dd. Variety store, not including uses defined in Adult Establishment
 - ee. Video store, not including uses defined in Adult Establishment
 - ff. Telephone exchange
 - gg. Telephone answering service
5. Publicly owned and operated parks, playgrounds, fire stations, community centers, city offices, and libraries.

5.10.03 *Conditional Uses:*

The following uses are subject to any conditions listed in this Ordinance and are subject to other conditions relating to the placement of said use on a specific tract of ground in the C-2 District as recommended by the Planning Commission and Village Board and approved by the Village Board.

1. Recreational establishments not including uses defined in Adult Establishments.
2. Business or trade school.
3. Garden supply and retail garden center.
4. Liquor store.
5. Tavern and cocktail lounge, not including uses defined in Adult Establishment.

6. Temporary greenhouses.
7. Totally enclosed, automated and conveyor-style car washes.
8. Outdoor Entertainment.
9. Convenience store with limited fuel sales.
10. Residences in conjunction with the principle use when located above the ground floor.
11. Churches, temples, seminaries, and convents including residences for teachers and pastors.
12. Printing and publishing.
13. Retail motor vehicle sales and service.
14. Car wash.
15. Service station and minor automobile repair services.
16. Tire store and minor automobile repair service.
17. Public Utility offices, garages, and dispatcher centers.
18. Veterinarian clinics.

5.10.04 *Temporary Uses:* The following temporary uses shall be permitted provided a Temporary Use Permit is obtained and said temporary use is eliminated at the expiration of the permit

1. Buildings and uses incidental to construction work which shall be removed upon completion or abandonment of the construction work.
2. Temporary structure for festivals or commercial events.
3. Fireworks stands provided the criteria are met as established by the Village through separate Ordinance.

5.10.05 *Accessory Uses:*

1. Buildings and uses customarily incidental to the permitted uses.
2. Parking as permitted in Article 7.
3. Signs allowed in Article 8.
4. Temporary buildings and uses incidental to construction work which will be removed upon completion or abandonment of the construction work.

5.10.06 *Height and Lot Requirements:* The height and minimum lot requirements shall be follows:

The height and minimum lot requirements shall be as follows:

Use	Lot Area (acres) (3)	Lot Width (feet)	Front Yard (feet)	Side Yard (feet)	Rear Yard (feet)	Max. Height (feet)	Max. Lot Coverage
Permitted Uses	2,500	20	25	(1)	(2)	35	80%
Conditional Uses	2,500	20	25	(1)	(2)	35	80%
Accessory Uses	-	-	25	(1)	(2)	35	40%

1. None, except that when adjacent to any residential district, the side yard setback shall be 25 feet.
2. None, except that when adjacent to any residential district, the rear yard setback shall be 25 feet, unless there is an alley between the two, in which case the rear yard setback shall be five feet.
3. Minimum Lot Area to be calculated based upon Maximum Lot Coverage, Building footprint, and required ancillary uses like parking and landscaping and Section 5.09.07 unless otherwise noted.
4. A front yard setback of 25 feet is required only when no parking is present in the front yard. If parking is located in the front yard then front yard setback is a minimum of 50 feet.

5.10.07 *Miscellaneous Provisions:*

1. Supplementary regulations shall be complied with as defined herein.
2. When adjacent to residentially zoned land, no parking or drives shall be allowed in the required front yard within 15 feet of such district. No outdoor storage, except the display of merchandise for sale to the public, shall be permitted.
3. Exterior lighting fixtures shall be shaded so that no direct light is cast upon any residential property and so that no glare is visible to any traffic on any public street.

Section 5.11 I-1 Industrial District

5.11.01 *Intent:* It is the intent of the Industrial District to provide standards for areas suitable for some intense industrial, wholesaling and storage activities, to preserve land for the expansion of the basic economic activities, to free these areas from intrusion by incompatible land uses, that these areas should be served with adequate transportation facilities, and that user of this land conduct activities that create low to moderate hazards to adjacent properties.

Adult Entertainment Facilities are included in this Zoning District. The intent of the Denton Zoning Ordinance in placing these uses in this district is not to prohibit these uses but to regulate the secondary effects of these uses within the community.

5.11.02 *Permitted Uses:*

The following principal uses are permitted in the I-1 District.

1. Assembly, fabrication and processing of products inside an enclosed building, except hazardous or combustible materials.
2. Automobile storage yard, provided all vehicles are kept in an enclosed and screened area.
3. Bottling work.
4. Building materials yards with enclosed and screened storage areas.
5. Carting, express, or storage yard.
6. Construction and heavy equipment sales and service.
7. Dying and cleaning establishments.
8. Farm and industrial equipment sales.
9. Highway maintenance yards or buildings.
10. Laboratories.
11. Machine shop or metal working excluding drop hammers and other noise producing tools.
12. Manufacture and assembly of electrical and electronic appliances.
13. Manufacturing, compounding, processing, packaging, or treatment of articles or merchandise from previously prepared materials.
14. Printing and publishing business.
15. Self-storage units provide the standards of Section 9.07 are met.
16. Stone and monument works.
17. Utility substations, pumping stations, and water reservoirs.
18. Warehouses and wholesale businesses.
19. Contractors' yard.
20. Grain storage bins and elevators.
21. Live-in quarters used by live-in watchman or custodians during periods of construction or when necessary as an accessory to permitted use.
22. Livestock auction or sales barn.

5.11.03 *Conditional Uses:*

The following uses are subject to any conditions listed in this Ordinance and are subject to other conditions relating to the placement of said use on a specific tract of ground in the I-1 District as recommended by the Planning Commission and Village Board and approved by the Village Board.

1. Alfalfa dehydrating plant.
2. Asphalt mixing, manufacture, or refining.
3. Auto body repair shops, provided the following minimum standards are met:
 - a. all vehicles waiting on repair shall be behind an opaque screened area
 - b. all exhaust fumes from painting areas shall meet all Federal and State requirements
 - c. All parts shall be in a screened in area.
 - d. Parts shall not be stack taller than the fence or wall
 - e. Parts are not intended to be inventoried for more than a one year period
 - f. Screened areas and business are not to be used in a manner that would be defined as either a "Automobile Wrecking Yard" or "Junk Yard".
 - g. Screened in areas shall be opaque fence or solid wall at least eight feet in height.
4. Automobile junk yard or wrecking yard provided the standards of Section 9.08 are met.
5. Boiler works.
6. Concrete or cement product manufacturing.
7. Disinfectant manufacture.
8. Ethanol plant.
9. Exterminator and insect poison manufacture.
10. Grain storage bins and elevators.

11. Overhead and underground utility main transmission lines including but not limited to power, telephone, gas, fuel, or fertilizer lines, substations, terminal facilities, and reservoirs.
12. Telecommunication and Broadcast tower, pursuant to Section 9.02.
13. Research facilities.
14. Truck terminal and dock facilities to include truck washing.
15. Adult Entertainment establishments shall conform to these regulations:
 - a. No Adult business shall be closer than 1,000 feet to any similar use and no closer than 1,000 feet to a residential district or use, religious use, educational use or recreational use. Measurements shall be made in a straight line, without regard to intervening structures or objects, from the main entrance of such adult business to the closest point on the property line of such other adult business, residential district or use, religious use, educational use or recreational use.
 - b. Said businesses shall be screened along adjoining property lines so as to prevent any direct visual contact of the adult business from the perimeter.
 - c. Doors, curtains and any other means of obstruction to the opening of all booths and other preview areas, including but not limited to Adult Novelty Businesses, Adult Motion Picture Arcades, Adult Mini-Motion Picture Theaters, and Adult Motion Picture Theaters shall be removed and kept off at all times during the execution of this Permit. Failure to comply with this condition shall result in revocation of the Conditional Use Permit.
 - d. No adult business shall be open for business between the hours of twelve-midnight (12:00 a.m.) and six a.m. (6:00 a.m.).
 - e. The proposed location, design, construction and operation of the particular use shall provide adequate safeguards to protect the health, safety, and general welfare of persons residing or working in adjoining or surrounding property.
 - f. Such use shall not impair an adequate supply of light and air to surrounding property.
 - g. Such use shall not unduly increase congestion in the streets or public dangers, including fire and safety hazards.
 - h. Such use shall not diminish or impair established property values in adjoining or surrounding property.
 - i. Such use shall be in accord with the intent, purpose and spirit of this Ordinance and the Comprehensive Development Plan of Denton, Nebraska.
 - j. Applications for adult businesses under the terms of this Section shall be accompanied by evidence concerning the feasibility of the proposed request and its effect on surrounding property. The application shall also include a site plan defining the areas to be developed for buildings and structures, the areas to be developed for parking, driveways and points of ingress and egress, the location and height of walls, the location and type of landscaping, and the location, size and number of signs.
 - k. An adult business shall post a sign at the entrance of the premises that shall state the nature of the business and shall state that no one under the age of 18 years of age is allowed on the premises. This Section shall not be construed to prohibit the owner from establishing an older age limitation for admission to the premises.
 - l. *Prohibited Activities of Adult Businesses:*
 - A. No adult business shall employ any person under 18 years of age
 - B. No adult business shall furnish any merchandise or services to any person who is under 18 years of age
 - C. No adult business shall be conducted in any manner that permits the observation of any model or any material depicting, describing or relating to specified sexual activities or specified anatomical areas by display, decoration, sign, show window or other opening from any public way or from any property not licensed as an adult use. No operator of an adult business or any officer, associate, member, representative, agent, owner, or employee of such business shall engage in any activity or conduct in or about the premises which is prohibited by this Ordinance or any other laws of the State.
 - D. No part of the interior of the adult business shall be visible from the pedestrian sidewalk, walkway, street, or other public or semi-public area.

5.11.04 *Temporary Uses:* The following temporary uses shall be permitted provided a Temporary Use Permit is obtained and said temporary use is eliminated at the expiration of the permit

1. Buildings and uses incidental to construction work which shall be removed upon completion or abandonment of the construction work.
2. Temporary structure for festivals or commercial events.
3. Fireworks stands provided the criteria are met as established by the Village through separate Ordinance.
4. Temporary Signs as provided in Sections 8.04.

5.11.05 *Accessory Uses:*

1. Buildings and uses customarily incidental to the permitted uses.
2. Signs pursuant to Article 8.
3. Parking pursuant to Article 7.
4. Fences pursuant to Section 9.03, including perimeter fencing over six feet in height.

5.11.06 *Height and Lot Requirements:* The height and minimum lot requirements shall be as follows:

	Lot Area (sq. ft.)	Lot Width (feet)	Front Yard (feet)	Side Yard (feet)	Rear Yard (feet)	Max. Height (feet)	Max. Lot Coverage
Permitted Uses	10,000	50	35	15 (1)	25 (2)	45	30%
Conditional Uses	10,000	50	25	15 (1)	25 (2)	45	30%
Accessory Uses	-	-	25	15 (1)	25 (2)	45	20%

1. When adjacent to any residential district, the side yard setback shall be 25 feet.

5.11.07 *Use Limitations:*

1. The minimum height requirement may be exceeded, provided the setback is increased by one foot for every one foot increase in building height.
2. When adjacent to residentially zoned land, no parking, driveways or signs shall be allowed in the required front yard within 25 feet of said residential district.
3. Exterior lighting fixtures, other than publicly installed street lights, shall be located and installed to reflect light away from abutting residential properties.

5.11.08 *Performance Standards:*

See Section 9.04 of the Supplemental Regulations.

Section 5.12: Flood Plain Regulations (FF/FW)

5.12.01 *Statutory Authorization*

The Legislature of the State of Nebraska has in Sections 31-1001 to 31-1022, R.R.S. 1943 (as amended), assigned the responsibility to local governmental units to adopt floodplain management regulations designed to protect the public health, safety and general welfare. Therefore, the Village Board of Denton, Nebraska ordains as follows:

5.12.02 *Findings of Fact*

1. **Flood Losses Resulting From Periodic Inundation**

The flood hazard areas of Denton, Nebraska, are subject to inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base all of which adversely affect the public health, safety and general welfare.

2. **General Causes of the Flood Losses**

These flood losses are caused by: (1) The cumulative effect of obstructions in floodplains causing increases in flood heights and velocities, (2) The occupancy of flood hazard areas by uses vulnerable to floods or hazardous to others, which are inadequately elevated or otherwise unprotected from flood damages.

5.12.03 *Statement of Purpose*

It is the purpose of this ordinance to promote the public health, safety, and general welfare and to minimize those losses described in Section 5.12.02 (1) by applying the provisions of this ordinance to:

1. Restrict or prohibit uses, which are dangerous to health, safety, or property in times of flooding or cause undue increases in flood heights or velocities.
2. Require that uses vulnerable to floods, including public facilities, which serve such uses, be provided with flood protection at the time of initial construction.
3. Protect individuals from buying lands, which are unsuited for intended purposes because of flood hazard.
4. Assure that eligibility is maintained for property owners in the community to purchase flood insurance in the National Flood Insurance Program.

5.12.04 *Local Administrator Responsibilities*

The zoning administrator hereby has these added responsibilities and is authorized and directed to enforce all of the provisions of this Ordinance/Resolution and all other Ordinances/Resolutions of the Village of Denton in force or hereafter adopted, related to zoning, subdivision or building codes.

5.12.05 *Designation of Current FFBM/FIRM*

The Governing Body of the Village of Denton hereby designates the current Flood Hazard Boundary Map/Flood Insurance Rate Map dated _____, as the official map to be used in determining those areas of special flood hazard.

5.12.06 *Permits Required*

No person, firm or corporation shall initiate any floodplain development or substantial improvement or cause the same to be done without first obtaining a separate permit for development as defined in this ordinance/resolution.

1. Within special flood hazard areas on the official map, separate floodplain development permits are required for all new construction, substantial improvements and other developments, including the placement of manufactured homes.
2. Application: To obtain a floodplain development permit, the applicant shall first file an application therefore in writing on a form furnished for that purpose. Every such application shall:
 - a. Identify and describe the development to be covered by the floodplain development permit for which application is made.
 - b. Describe the land on which the proposed development is to be done by lot, block, tract and house and street address, or similar description that will readily identify and definitely locate the proposed building or development.
 - c. Indicate the use or occupancy for which the proposed development is intended.
 - d. Be accompanied by plans and specifications for proposed construction.

- e. Be signed by the permittee or his authorized agent who may be required to submit evidence to indicate such authority.
- f. Within designated floodplain areas, be accompanied by elevations of the lowest floor, including basement, or in the case of floodproofed non-residential structures, the elevation to which it shall be floodproofed. Documentation or certification of such elevations will be maintained by the zoning administrator.
- g. Give such other information as reasonably may be required by the zoning administrator (i.e., require a statement from the applicant that they are aware that elevating or floodproofing structures above the minimum levels will result in premium reduction, especially in the case of non-residential floodproofing when a minus one foot (-1') penalty is assessed at the time of rating the structure for the policy premium.)

5.12.08 *Establishment of Zoning District*

Along watercourses where a floodway has been established, the mapped floodplain areas are hereby divided into the two following districts:

1. A floodway overlaly district (FW) and
2. A flood fringe overlay district (FF) as identified in the Flood Insurance Study.

5.12.09 *Development Permit Applications Review*

The zoning administrator shall review all development permit applications to determine if the site of the proposed development is reasonably safe from flooding and that all necessary permits have been received as required by Federal or State Law.

5.12.10 *All Applications Review*

The zoning administrator, in reviewing all applications for new construction, substantial improvements, prefabricated buildings, placement of manufactured homes and other development(s) (as defined in Section 21 of this Ordinance/Resolution) will:

1. Obtain, review and reasonably utilize, if available, any regulatory flood elevation data and floodway data available from Federal, State or other sources, until such other data is provided by the Federal Insurance Administration in a Flood Insurance Study; and require within special flood hazard areas on the official map that the following performance standards be met:
 - a. That until a floodway has been designated - No development or substantial improvement may be permitted within the identified floodplain unless the applicant has demonstrated that the proposed development or substantial improvement, when combined with all other existing and reasonably anticipated developments or substantial improvements, will not increase the water surface elevation of the 100-year flood more than one (1) foot at any location.
 - b. Residential Construction - New construction or substantial improvement of any residential structure shall have the lowest floor, including basement, elevated at least one foot above the base flood elevation.
 - c. Non-residential Construction - New construction or substantial improvement of any commercial, industrial or other non-residential structure shall either have the lowest floor, including basement, elevated at least one foot above the base flood elevation or, together with attendant utility and sanitary facilities, be floodproofed so that below such a level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied. Such certification shall be provided to the local administrator.
 - d. Require for all new construction and substantial improvements - That fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of

- all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.
2. Require the use of construction materials that are resistant to flood damage.
 3. Require the use of construction methods and practices that will minimize flood damage.
 4. Require that new structures be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy.
 5. New structures be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.
 6. Assure that all manufactured homes shall be anchored to resist flotation, collapse, or lateral movement. Manufactured homes must be anchored in accordance with State laws, local building codes and FEMA guidelines. In the event that over-the-top frame ties to ground anchors are used, the following specific requirements (or their equivalent) shall be met:
 - a. Over-the-top ties be provided at each of the four corners of the manufactured home with two additional ties per side at the intermediate locations and manufactured homes less than 50 feet long requiring one additional tie per side.
 - b. Frame ties be provided at each corner of the home with five additional ties per side at intermediate points and manufactured homes less than 50 feet long requiring four additional ties per side.
 - c. All components of the anchoring system be capable of carrying a force of 4,800 pounds.
 - d. Any additions to manufactured homes be similarly anchored.
 7. Assure that all manufactured homes that are placed or substantially improved within special flood hazard areas on the community's official map on sites:
 - a. Outside of a manufactured home park or subdivision;
 - b. In a new manufactured home park or subdivision;
 - c. In an expansion to an existing manufactured home park or subdivision; or
 - d. In an existing manufactured home park or subdivision on which a manufactured home has incurred "*substantial damage*" as the result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated at least one foot above the base flood elevation and be securely anchored to an adequately anchored foundation system in accordance with the provisions of Section 7.F.
 8. Assure that manufactured homes to be placed or substantially improved on sites in an existing manufactured home park or subdivision within special flood hazard areas on the community's official map that are not subject to the provisions of Section 7.G. be elevated so that either:
 - a. The lowest floor of the manufactured home is at least one foot above the base flood elevation, or
 - b. The manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system in accordance with the provisions of Section 7.F.
 9. Require that recreational vehicles placed on sites within the identified special flood hazard areas on the community's official map either (i) be on the site for fewer than 180 consecutive days, (ii) be fully licensed and ready for highway use, or (iii) meet the permit requirements and the

elevation and anchoring requirements for "manufactured homes" of this ordinance. A recreational vehicle is ready for highway use if it is on its wheels or jacking system is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

5.12.11 *Subdivision Applications*

The Governing Body of the Village shall review all subdivision applications and other proposed new developments (including manufactured home parks or subdivisions) and shall make findings of fact and assure that:

1. All such proposed developments are consistent with the need to minimize flood damage.
2. Subdivision proposals and other proposed new developments (including proposals for manufactured home parks and subdivisions), greater than five acres or 50 lots, whichever is lesser, include within such proposals regulatory flood elevation data in special flood hazard areas.
3. Adequate drainage is provided so as to reduce exposure to flood hazards.
4. All public utilities and facilities are located so as to minimize or eliminate flood damage.

5.12.12 *Water and Sewage Systems*

New and replacement water and sewage systems shall be constructed to eliminate or minimize infiltration by, or discharge into floodwaters. Moreover, on-site waste disposal systems will be designed to avoid impairment or contamination during flooding.

5.12.13 *Storage of Material and Equipment*

The storage or processing of materials that are in time of flooding buoyant, flammable, explosive, or could be injurious to human, animal or plant life is prohibited. Storage of other material or equipment may be allowed if not subject to major damage by floods and firmly anchored to prevent flotation or if readily removable from the area within the time available after flood warning.

5.12.14 *Flood-Carrying Capacity within Any Watercourse*

The Governing Body of the Village will ensure that the flood-carrying capacity within the altered or relocated portion of any watercourse is maintained. The Village will notify, in riverine situations, adjacent communities and the State Coordinating Office (Nebraska Department of Natural Resources) prior to any alteration or relocation of a watercourse, and submit copies of such notifications to the Federal Emergency Management Agency. Moreover, the Village will work with appropriate State and Federal agencies in every way possible in complying with the National Flood Insurance Program in accordance with the National Disaster Protection Act of 1973.

5.12.15 *Variance Procedures*

1. The Board of Adjustment as established by Denton shall hear and decide appeals and requests for variances from the requirements of this ordinance/resolution.
2. The Board of Adjustment shall hear and decide appeals when it is alleged that there is an error in any requirement, decision, or determination made by the zoning administrator in the enforcement or administration of this ordinance/resolution.
3. Any person aggrieved by the decision of the Board of Adjustment or any taxpayer may appeal such decision to the District Court as provided in 19-912, R.R.S. 1943.
4. In passing upon such applications, the Board of Adjustment shall consider all technical evaluation, all relevant factors, standards specified in other sections of this ordinance/resolution, and;
 - a. the danger that materials may be swept onto other lands to the injury of others;
 - b. the danger to life and property due to flooding or erosion damage;
 - c. the susceptibility of proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
 - d. the importance of the services provided by the proposed facility to the community;
 - e. the necessity to the facility of a waterfront location, where applicable;
 - f. the availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;

- g. the compatibility of the proposed use with existing and anticipated development;
- h. the relationship of the proposed use to the comprehensive plan and floodplain management program for that area;
- i. the safety of access to the property in times of flood for ordinary and emergency vehicles.
- j. the expected heights, velocity, duration, rate of rise and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site; and,
- k. the costs of providing governmental services during and after flood conditions including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems, and streets and bridges.

5. Conditions for Variances

- a. Generally variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing items (12.52-12.55 below) have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.
- b. Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.
- c. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
- d. Variances shall only be issued upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances/ resolutions.
- e. The applicant shall be given a written notice over the signature of a community official that (1) the issuance of a variance to construct a structure below base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25.00 for \$100.00 of insurance coverage and (2) such construction below the base flood level increases risks to life and property. Such notification shall be maintained with the record of all variance actions as required by this ordinance/resolution.

5.12.16 *Non-Conforming Use*

- 1. A structure or the use of a structure or premises which was lawful before the passage or amendment of the ordinance/ resolution, but which is not in conformity with the provisions of this ordinance/ resolution may be continued subject to the following conditions:
 - a. If such use is discontinued for 12 consecutive months, any future use of the building premises shall conform to this ordinance/resolution. The Utility Department shall notify the Zoning Administrator in writing of instances of nonconforming uses where utility services have been discontinued for a period of 12 months.
 - b. Uses or adjuncts thereof which are or become nuisances shall not be entitled to continue as nonconforming uses.
- 2. If any nonconforming use or structure is destroyed by any means, including flood, it shall not be reconstructed if the cost is more than 50 percent of the market value of the structure before the damage occurred except that if it is reconstructed in conformity with the provisions of this ordinance/resolution. This limitation does not include the cost of any alteration to comply with existing state or local health, sanitary, building, or safety codes or regulations or the cost of any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

5.12.17 *Penalties for Violation*

Violation of the provisions of this ordinance/resolution or failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with grants of variances or special exceptions) shall constitute a misdemeanor. Any person who violates this ordinance/resolution or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$100, and in addition, shall pay all costs and expenses involved in the case. Each day such violation continues shall be considered a separate offense.

Nothing herein contained shall prevent the Village of Denton or other appropriate authority from taking such other lawful action as is necessary to prevent or remedy any violation.

5.12.18 *Abrogation and Greater Restrictions*

It is not intended by this ordinance/resolution to repeal, abrogate or impair any existent easements, covenants, or deed restrictions. However, where this ordinance/resolution imposes greater restrictions, the provision of this ordinance/resolution shall prevail. All other ordinances/resolutions inconsistent with this ordinance/resolution are hereby repealed to the extent of the inconsistency only.

5.12.19 *Interpretation*

In their interpretation and application, the provisions of this ordinance/resolution shall be held to be minimum requirements and shall be liberally construed in favor of the governing body and shall not be deemed a limitation or repeal, of any other powers granted by state statutes.

5.12.20 *Warning and Disclaimer of Liability*

The degree of flood protection required by this ordinance/resolution is considered reasonable for regulatory purposes and is based on engineering and scientific methods of study. Larger floods may occur on rare occasions or the flood height may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. This ordinance/resolution does not imply that areas outside floodplain district boundaries or land uses permitted within such districts will be free from flooding or flood damage. This ordinance/resolution shall not create liability on the part of the Village of Denton or any officer or employee thereof for any flood damages that may result from reliance on this ordinance/resolution or any administrative decision lawfully made thereunder.

5.12.21 *Severability*

If any section, clause, provision or portion of this ordinance/resolution is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this ordinance/resolution shall not be affected thereby.

5.12.22 *Appeal*

Where a request for a permit to develop or a variance is denied by the Zoning Administrator the applicant may apply for such permit or variance directly to the Board of Adjustment.

5.12.23 *Conflicting Ordinances/Resolutions*

This ordinance/Resolution shall take precedence over conflicting Ordinances/Resolutions or parts of Ordinances/Resolutions. The Governing Body of the Village of Denton may, from time to time, amend this Ordinance/Resolution to reflect any and all changes in the National Flood Disaster Protection Act of 1973. The regulations of this Ordinance/Resolution are in compliance with the National Flood Insurance Program Regulations as published in Title 44 of the Code of Federal Regulations and the 1983 Nebraska Floodplain Management Act.

5.12.24 *Definitions*

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance it's most reasonable application:

Appeal means a request for a review of the Building Inspector's interpretation of any provision of this ordinance or a request for a variance.

Area of Shallow Flooding means a designated AO or AH zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined

channel is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

Base Flood means the flood having one percent chance of being equaled or exceeded in any given year.

Basement means any area of the building having its floor subgrade (below ground level) on all sides.

Development means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

Existing Construction means (for the purposes of determining rates) structures for which the "start of construction" commenced before the effective date of the FIRM or before January 1, 1975, for FIRM's effective before that date. "Existing construction" may also be referred to as "existing structures."

Existing Manufactured Home Park or Subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is complete before the effective date of the floodplain management regulations adopted by a community.

Flood or Flooding means a general and temporary condition of partial or complete inundation of normally dry land areas from:

1. The overflow of inland or tidal waters.
2. The usual and rapid accumulation of runoff of surface waters from any source.

Flood Fringe is that area of the floodplain, outside of the floodway, that on the average is likely to be flooded once every 100 years (i.e., that has a one percent chance of flood occurrence in any one year).

Flood Insurance Rate Map (FIRM) means an official map of a community, on which the Flood Insurance Study has delineated the Flood Hazard Boundaries and the zones establishing insurance rates applicable to the community.

Flood Insurance Study is the official report provided by the Federal Emergency Management Agency. The report contains flood profiles, as well as the Flood Boundary Floodway Map and the water surface elevation of the base flood.

Floodplain means any land area susceptible to being inundated by water from any source (see definition of "flooding").

Floodway or Regulatory Floodway means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot.

Freeboard means a factor of safety usually expressed in feet above a flood level for purposes of floodplain management. "Freeboard" tends to compensate for the many unknown factors that could contribute to flood heights greater than the height calculated for a selected size flood and floodway conditions, such as wave action, clogged bridge openings, and the hydrological effect of urbanization of the watershed.

Highest Adjacent Grade means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Historic Structure means any structure that is: (a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register; (b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district; (c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or (d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either: (1) By an approved state program as determined by the Secretary of the Interior or (2) Directly by the Secretary of the Interior in states without approved programs.

Lowest floor means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood-resistant enclosure, usable solely for parking of vehicles, building access or storage, in an area other than a basement area, is not considered a building's lowest floor, provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

Manufactured Home means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

Manufactured Home Park or Subdivision means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

New Construction for floodplain management purposes, "new construction" means structures for which the "start of construction commenced on or after the effective date of the floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

Overlay District is a district in which additional requirements act in conjunction with the underlying zoning district(s). The original zoning district designation does not change.

Principally Above Ground means that at least 51 percent of the actual cash value of the structure is above ground.

Recreational Vehicle means a vehicle which is (i) built on a single chassis; (ii) 400 square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Special Flood Hazard Area is the land in the floodplain within a community subject to one percent or greater chance of flooding in any given year.

Start of Construction [for other than new construction or substantial improvements under the coastal Barrier Resources Act (Pub. L. 97-348)] includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not the alteration affects the external dimensions of the building.

Structure means a walled and roofed building that is principally above ground, as well as a manufactured home, and a gas or liquid storage tank that is principally above ground.

Substantial Damage means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Substantial Improvement means any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before "start of construction" of the improvement. This includes structures which have incurred "substantial damage," regardless of the actual repair work performed. The term does not, however, include either (1) any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions, or (2) any alteration of a "historic structure," provided that the alteration will not preclude the structure's continued designation as a "historic structure."

Variiances is a grant of relief to a person from the requirements of this ordinance which permits construction in a manner otherwise prohibited by this ordinance where specific enforcement would result in unnecessary hardship.

ARTICLE 6: CONDITIONAL USE PERMITS

Section 6.01 General Provisions

The Village Board may, by conditional use permit after a Public Hearing and referral and recommendation from the Planning Commission after the commission's Public Hearing, authorize and permit conditional uses as designated in the district use regulations. Approval shall be based on findings that the location and characteristics of the use will not be detrimental to the health, safety, morals, and general welfare of the area.

Allowable uses may be permitted, enlarged, or altered upon application for a conditional use permit in accordance with the rules and procedures of this ordinance. The Village Board may grant or deny a conditional use permit in accordance with the intent and purpose of this ordinance. In granting a conditional use permit, the Village Board will authorize the issuance of a conditional use permit and shall prescribe and impose appropriate conditions, safeguards, and a specified time limit for the performance of the conditional use permit.

Section 6.02 Application for Conditional Use Permit

A request for a conditional use permit or modification of a conditional use permit may be initiated by a property owner or his or her authorized agent by filing an application with the Village. The application shall be accompanied by a drawing or site plan and other such plans and data showing the dimensions, arrangements, descriptions data, and other materials constituting a record essential to an understanding of the proposed use and proposed modifications in relation to the provisions set forth herein. A plan as to the operation and maintenance of the proposed use shall also be submitted.

Section 6.03 Public Hearing

Before issuance of any conditional use permit, the Village Board will consider the application for the conditional use permit together with the recommendations of the Planning Commission at a public hearing after prior notice of the time, place, and purpose of the hearing has been given by publication in a legal paper of general circulation in the Village of Denton, one time at least 10 days prior to such hearing.

Section 6.04 Decisions

A majority vote of the Village Board shall be necessary to grant a conditional use permit. No order of the Village Board granting a conditional use permit shall be valid for a period of longer than 12 months from the date of such order, unless the Village Board specifically grants a longer period of time upon the recommendation of the Planning Commission.

Section 6.05 Standards

No conditional use permit shall be granted unless the Planning Commission and Village Board have found:

- 6.05.01 That the establishment, maintenance, or operation of the conditional use will not be detrimental to or endanger the public health, safety, moral, comfort, or general welfare of the community.
- 6.05.02 That the conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, nor substantially diminish and impair property values within the neighborhood.
- 6.05.03 That the establishment of the conditional use will not impede the normal and orderly development of the surrounding property for uses permitted in the district.
- 6.05.04 That adequate utilities, access roads, and drainage facilities have been or are being provided.
- 6.05.05 That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- 6.05.06 The use shall not include noise, which is objectionable due to volume, frequency, or beat unless muffled or otherwise controlled.
- 6.05.07 The use shall not involve any pollution of the air by fly-ash, dust, vapors or other substance which is harmful to health, animals, vegetation or other property or which can cause soiling, discomfort, or irritation.

- 6.05.08 The use shall not involve any malodorous gas or matter, which is discernible on any adjoining lot or property.
- 6.05.09 The use shall not involve any direct or reflected glare, which is visible from any adjoining property or from any public street, road, or highway.
- 6.05.10 The use shall not involve any activity substantially increasing the movement of traffic on public streets unless procedures are instituted to limit traffic hazards and congestion.
- 6.05.11 The use shall not involve any activity substantially increasing the burden on any public utilities or facilities unless provisions are made for any necessary adjustments.

Section 6.06 Conditions

In addition to the Standards listed in Section 6.05, the Planning Commission may recommend, and the Village Board may adopt such other conditions as may be necessary or desirable to address such concerns as the most appropriate use of the land, the conservation and stabilization of the value of property, the provision of adequate open space for light and air, concentration of populations, congestion of public streets, and the promotion of the general health, safety, welfare, convenience, and comfort of the public. The Village Board may require such conditions and restrictions upon the Conditional Use Permit as may be deemed necessary for the protection of the public interest and to secure compliance with this Ordinance.

ARTICLE 7: PARKING REGULATIONS

Section 7.01 Off-Street Automobile Storage

- 7.01.01 Off-street automobile storage or standing space shall be provided on any lot on which any of the following uses are hereafter established; such space shall be provided with vehicular access to a street or an alley. For purposes of computing the number of parking spaces available in a given area not identified, the ratio of 200 square feet per parking space shall be used.
- 7.01.02 Where calculations in accordance with the foregoing list results in requiring a fractional space, any fraction less than one-half shall be disregarded and any fraction of one-half or more shall require one space.
- 7.01.03 Some uses may require two different use types to be calculated together in order to determine the total parking requirement (Example: Primary schools may require tabulation for classrooms and assembly areas).
- 7.01.04 All parking spaces for single-family dwellings, two or more unit multi-family dwellings, convalescent homes, apartments, townhouses, and mobile homes shall have a suitable hard surface including crushed rock, asphalt or concrete.
- 7.01.05 Off-street parking requirements shall not apply to the C-1 Zoning District.
- 7.01.06 In Districts R-1, R-2, and RE, required off-street parking shall be provided on the lot on where the use to which the parking pertains, or immediately adjacent thereto. In other Districts, such parking may be provided either on the same lot or an adjacent or other lot, provided, however, the lot on which the use requiring them is located and the lot providing the parking are not separated by more than 400 feet at closest points, measured along a street or streets. Such vehicle standing space shall be deemed to be required open space associated with the permitted use and shall not thereafter be reduced or encroached upon in any manner. Where off-street parking is located on a lot other than the lot occupied by the use, which requires it, site plan approval for both lots is required.

Section 7.02 Off-street Parking: Shared Parking Requirements

Notwithstanding the provisions of Section 7.03, in cases where parking and building patterns are such that overlapping uses of a majority of the total number of parking spaces in the center is likely to occur, compliance with the standard retail parking ratios may be decreased by the Village Board. Said request for a decrease in parking spaces shall made as an Application for a Conditional Use Permit.

Section 7.03 Schedule of Minimum Off-Street Parking and Loading Requirements

Uses	Parking Requirements	Loading Requirements
Adult Entertainment Establishments	One space per two persons of licensed capacity	None required
Bowling Alleys	Four spaces per alley plus one per two employees	One space per establishment
Churches, Synagogues, and Temples	One space per four seats or eight feet of pew length in main worship area	None required
Clubs, including fraternal organizations	One space per 500 s.f. of gross floor area	None required
College/University	Eight spaces per classroom plus one space per employee	Two spaces per structure
Commercial Uses		
Agricultural Sales / Service	One space per 500 s.f. of gross floor area	One per establishment
Automotive Rental / Sales	One space per 500 s.f. of gross floor area	One per establishment
Automotive Servicing	Three spaces per repair stall	None required
Bars, Taverns, Nightclubs	Parking equal to 30% of licensed capacity	Two spaces per establishment
Body Repair	Four spaces per repair stall	None required
Dance Hall	One space per 100 s.f. of gross floor area plus one space per employee	One per establishment
Equipment Rental / Sales	One space per 500 s.f. of gross floor area	One Space
Campground	One space per camping unit	None required
Commercial Recreation	One space per four persons of licensed capacity	One per establishment
Communication Services	One space per 500 s.f. of gross floor area	One per establishment
Construction Sales / Service	One space per 500 s.f. of gross floor area	One per establishment
Food Sales (limited)	One space per 300 s.f. of gross floor area	One per establishment
Food Sales (general)	One space per 200 s.f. of gross floor area	Two per establishment
General Retail Sales establishments	One space per 200 s.f. of gross floor area	One per establishment
Laundry Services	One space per 200 s.f. of gross floor area	None required
Restaurants w/ drive-thru	Greater of the two: One space per 40 s.f. of dining area, or One space per 150 s.f. of gross floor area	One per establishment
Restaurants (General)	Parking equal to 30% of licensed capacity	Two spaces per establishment
Convalescent and Nursing home Services	One space per three beds plus one per employee on the largest shift	Two space per structure
Day Care	One space per employee plus 1 space or loading stall per each 10 persons of licensed capacity	None required
Educational Uses, Primary facilities	Two spaces per classroom	Two spaces per structure
Educational Uses, Secondary facilities	Eight spaces per classroom plus one space per employee on largest shift	Two spaces per structure
Funeral Homes and Chapels	Eight spaces per reposing room	Two spaces per establishment
Group Care Facility	One space per four persons of licensed capacity	Two space per structure
Group Home	One space per four persons of licensed capacity	Two space per structure
Guidance Services	One space per 300 s.f. of gross floor area	None required
Hospitals	One space per two licensed beds	Three spaces per structure
Hotels and Motels	One space per rental unit plus one per two employees on largest shift	One space per establishment
Housing (Congregate)		
Assisted-living facilities	One space per dwelling unit plus one space per employee on the largest shift	One per structure
Duplex	Two spaces per dwelling unit	None required
Multi-family / Apartments / Dormitory / Student Lodging	One space per sleeping unit – spaces to be sited in the general proximity of where the sleeping units are located	None required
Industrial Uses	Three spaces for every four employees during the largest shift (.75 times number of employees.)	Two spaces per establishment
Libraries	One space per 400 s.f. of gross floor area plus one space per employee	One per structure
Boarding Houses / Bed and Breakfasts	One space per rental units	None required
Medical Clinics	Five spaces per staff doctor, dentist, chiropractor	None required
Mobile Home Park	Two per dwelling unit	None required
Offices and Office Buildings	One space per 200 s.f. of gross floor area	None required
Residential (Single-family, attached and detached)	Two spaces per dwelling unit	None required
Roadside stands	Four spaces per establishment	None required
Service Oriented Establishments	One space per 200 s.f. of gross floor area	One per establishment
Theaters, Auditoriums, and Places of Assembly	One space per five persons of licensed capacity	One space per establishment
Veterinary Establishments	Three spaces per staff doctor	None required
Wholesaling / Distribution Operations	One space per two employees on the largest shift	Two spaces per establishment

Section 7.04 Off-Street Parking: Parking for Individuals with Disabilities

7.04.01 In conformance with the Americans with Disabilities Act (ADA) and the Nebraska Accessibility Guidelines, if parking spaces are provided for self-parking by employees or visitors, or both, then accessible spaces shall be provided in each parking area in conformance with the table in this section. Spaces required by the table need not be provided in the particular lot. They may be provided in a different lot, if equivalent or greater accessibility, in terms of distance from an accessible entrance, cost and convenience, is ensured from that lot.

Total Parking Spaces	Required Minimum Number of Accessible Spaces
1 to 25	1
26 to 50	2
51 to 75	3
76 to 100	4
101 to 150	5
151 to 200	6
201 to 300	7
301 to 400	8
401 to 500	9
501 to 1,000	2 percent of the total
1,001 and over	20, plus 1 for each 100 over 1,000

7.04.02 Except as provided to Section 7.04.01 of this Ordinance, access aisles adjacent to accessible spaces shall be five feet wide minimum.

1. One in every eight accessible spaces, but not less than one, shall be served by an access aisle eight feet wide minimum and shall be designated “van accessible” as required by Section 7.04.04 of this Ordinance. The vertical clearance at such spaces shall comply with 7.04.05 of this Ordinance. All such spaces may be grouped on one level of a parking structure.
2. Parking access aisles shall be part of an accessible route to the building or facility entrance. Two accessible parking spaces may share a common access aisle.
3. Parked vehicle overhangs shall not reduce the clear width of an accessible route. Parking spaces and access aisles shall be level with slopes not exceeding two percent in all directions.
4. If passenger-loading zones are provided, then at least one passenger loading zone shall comply with 7.04.06 of this Ordinance.
5. At facilities providing medical care and other services for persons with mobility impairments, parking spaces complying with 7.04 of this Ordinance shall be provided in accordance with 7.04.01 of this Ordinance; except as follows:
 - a). Outpatient units and facilities: 10 percent of total number of parking spaces provided serving each such outpatient unit or facility;
 - b). Units and facilities that specialize in treatment or services for persons with mobility impairments: 20 percent of the total number of parking spaces provided serving each such unit or facility.

7.04.03 Location of accessible parking spaces serving a particular building shall be located on the shortest accessible route of travel from adjacent parking to an accessible entrance.

1. In parking facilities that do not serve a particular building, accessible parking shall be located on the shortest accessible route of travel to an accessible pedestrian entrance of the parking facility.
2. In buildings with multiple accessible entrances and adjacent parking, the accessible parking spaces shall be dispersed and located closest to each accessible entrance.

7.04.04 Signage of accessible parking spaces shall be designated as reserved by a sign showing the symbol of accessibility. Spaces complying 7.04.02(1) shall have an additional sign “Van Accessible” mounted below the symbol of accessibility. Such signs shall be located so a vehicle parked in the space cannot obscure them.

7.04.05 The minimum vertical clearance shall be nine and one-half feet at accessible passenger loading zones and along at least one vehicle access route to such areas from site entrance(s) and exit(s). At parking spaces complying with 7.04.02(1), provide minimum vertical clearance of 98 inches at the parking space and along at least one vehicle access route to such spaces from site entrance(s) and exit(s).

7.04.06 Passenger Loading Zones shall provide an access aisle at least five feet wide and 20 feet long adjacent and parallel to the vehicle pull-up space. If there are curbs between the access aisle and the vehicle pull-up

space, then a curb ramp complying with accessibility standards shall be provided. Vehicle standing spaces and access aisles shall be level with surface slopes not exceeding two percent in all directions.

Section 7.05 Off-Street Parking Design Criteria

7.05.01 Standard parking stall dimensions shall not be less than nine feet by 18 feet, plus the necessary space for maneuvering into and out of the space. For standard parking lots, minimum dimensions shall be as follows:

Parking Configuration		90-degree	60-degree	45-degree
Aisle Width (A)				
One-way traffic		-----	18 feet	14 feet
Two-way traffic		24 feet	20 feet	20 feet
End Parking Bay Width (B)				
Without overhang		18 feet	20 feet	19 feet
With overhang		16 feet	18 feet <td 17 feet	
Center Parking Bay Width (C)		18 feet	18 feet	16 feet

7.05.02 All areas used for standing and maneuvering of vehicles shall be designed such that drainage across sidewalks is minimized.

7.05.03 Where the end of the parking space abuts a curbed area at least five feet in width (with landscaping or sidewalk), an overhang may be permitted which would reduce the length of the parking space by two feet.

7.05.04 Minimum dimensions for a parallel parking space shall be nine feet by 23 feet.

7.05.05 Artificial lighting used in a parking lot shall be so designed as to deflect light away from adjacent residential dwellings.

7.05.06 All parking spaces, except for those used in conjunction with a residential dwelling, shall be located such and served with a driveway such that their use will require no backing movements or maneuvering within a street right-of-way other than an alley.

7.05.07 Service drives shall not be more than 30 feet in width, and shall conform to the minimum sight triangle requirements for unobstructed vision. Service drives shall also be clearly and permanently marked and defined through the use of rails, fences, walls, or other barriers or markers.

7.05.08 Minimum parking dimensions for other configurations or for parking lots with compact car spaces shall be determined by the Village Board upon recommendation of the Village Engineer.

7.05.09 All of the requirements of this Section shall be complied with, and all off-street parking requirements shall be made available for use prior to the issuance of a Certificate of Occupancy. A time extension may be granted by the Zoning Administrator, provided a performance bond, or its equivalent, is posted which equals the cost to complete the parking improvements as estimated by the Zoning Administrator, and provided the parking requirements are not required for immediate use. In the event the improvements are

not completed within one year of any such extension, the bond or its equivalent shall be forfeited and the improvements shall be completed under the direction of the Village Board.

ARTICLE 8: SIGN REGULATIONS

Section 8.01 Signs: Standard of Measurement

8.01.01 The total area of all signs permitted on a lot shall include:

1. The total area of the faces of all permanent exterior signs visible from a public way, plus
2. The area of permanent signs placed upon the surface of windows and doors, plus
3. The area within the outline enclosing the lettering, modeling or insignia of signs integral with a wall and not designed as a panel.

8.01.02 Wall signs shall not exceed one and one-half square feet per lineal foot of lot frontage, up to 100 square feet in total size. A building or use having frontage on a second street may include 20 percent of the length of the lot facing the second street.

Section 8.02 Signs: Area Computation

8.02.01 *Computation of Area of Individual Signs:* The area of a sign face (which is also the sign area of a wall sign or other sign with only one face) shall be computed by means of the smallest square, circle, rectangle, triangle, or combination thereof that will encompass the extreme limits of the writing, representation, emblem, or other display, together with any material or color forming an integral part of the background of the display or used to differentiate the sign from the backdrop or structure against which it is placed, but not including any supporting framework, bracing, or decorative fence or wall when such fence or wall otherwise meets zoning ordinance regulations and is clearly identical to the display itself.

8.02.02 *Computation of Area of Multi-faced Signs:* The sign area for a sign with more than one face shall be computed by adding together the area of all sign faces visible from any one point. When two identical sign faces are placed back to back, so that both faces cannot be viewed from any point at the same time, and when such sign faces are part of the same sign structure and are not more than 42 inches apart, the sign area shall be computed by the measurement of one of the faces.

8.02.03 *Computation of Height:* The height of a sign shall be computed as the distance from the base of the sign at normal grade to the top of the highest attached component of the sign. Normal grade shall be construed to be the lower of (1) existing grade prior to construction, exclusive of any filling, berming, mounding, or excavating solely for the purpose of locating the sign, or (2) normal grade. In cases in which the normal grade cannot reasonably be determined, sign height shall be computed on the assumption that the elevation of the normal grade at the base of the sign is equal to the elevation of the nearest point of the crown of a public street or the grade of the land at the principal entrance to the principal structure on the zone lot, whichever is lower.

Section 8.03 Sign Schedule

Section 8.04 Signs: Special Conditions

8.04.01 *Temporary Signs:* Temporary signs shall meet the following criteria:

1. No temporary sign shall be of such size, message, or character so to harm the public, health, safety, or general welfare.
2. Temporary signs may be for a continual period that has a limited amount of time not to exceed 10 days except that Real Estate signs may be in place until the property sale is finalized and construction signs until such construction is finished.
3. Campaign signs are limited to six per lot, may be erected 30 days before the election and shall be removed no later than seven days following such election.

8.04.02 *Real Estate:* Not more than two signs per lot may be used as a temporary sign. Signs in the TA District shall be set back 20 feet from the road right-of-way or road easement. Signs may be permitted until property is sold.

8.04.03 *Freestanding Signs:* Freestanding signs, including but not limited to billboard, ground, and pole signs shall constitute a structure for the purposes of this Ordinance, and shall require a zoning permit prior to their installation.

8.04.04 *Community Events and Functions:* Signs used to display information for a community event or function shall be permitted in all zoning districts, provided they are temporary only, and are not placed in the right-of-way.

8.04.05 *Billboards:* Billboards, signboards, and other similar advertising signs subject to the same height and location requirements as other structures in the district and also subject to the following conditions and restrictions.

1. No billboard, signboard, or similar advertising signs shall be located at intersections so as to obstruct vision, hearing, or interfere with pedestrian or vehicular safety.
2. No billboard, signboard, or similar advertising signs shall be located within 50 feet of any lot in a residential district.

3. No billboard, signboard, or similar advertising signs shall be so constructed or located where it will unreasonably interfere with the use and enjoyment of adjoining property.
- 8.04.06 *Hanging Signs:* Signs hung from canopies and awnings shall be no closer than seven and one-half feet from the bottom edge of the sign to grade below.
- 8.04.07 *Signs in the Public Right-of-Way:* No signs shall be allowed in the public right-of-way, except for the following:
 1. Permanent signs, including:
 - a. Public signs erected by or on behalf of a governmental body to post legal notices, identify public property, convey public information, advertise community events, and direct or regulate pedestrian or vehicular traffic.
 - b. Information signs of a public utility regarding its poles, lines, pipes, or facilities; and
 - c. Awning, projecting, and suspended signs projecting over a public right-of-way in conformity with the conditions of 8.03.

ARTICLE 9: SUPPLEMENTAL REGULATIONS

Section 9.01 Home Occupations

The following are the minimum standards required for a Home Occupation:

- 9.01.01 One unlit nameplate of not more than two square foot in area attached flat against the building located on local or collector streets. The area may be increased to four square feet when attached flat against a building located on arterial streets.
- 9.01.02 Advertising displays and advertising devices displayed through a window of the building shall not be permitted.
- 9.01.03 No more than 50 percent of the home or an accessory building or structure shall be used for the home occupation.
- 9.01.04 No more than one employee or co-worker other than the resident(s) shall work from that site.
- 9.01.05 No retail sales are permitted from the site other than incidental sales related to services provided.
- 9.01.06 No exterior storage (excluding storage within accessory buildings or structures, pursuant to Section 9.07 above) shall be permitted.
- 9.01.07 Additional off-street parking may be required for the business.
- 9.01.08 No offensive noise, vibration, smoke, odor, heat, or glare shall be noticeable at or beyond the property line.
- 9.01.09 All businesses related to Family Child Care Home I and Family Child Care Home II shall be licensed in accordance with Neb. Rev. Stat. §71-1902 (R.R.S. 1997).

Section 9.02 Wireless Communication Towers

9.02.01 Intent:

Based upon the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the Act) grants the Federal Communications Commission (FCC) exclusive jurisdiction over certain aspects of telecommunication services. This section is intended to regulate broadcast towers, telecommunications facilities and antennas in the Village in conformance with the Act without prohibiting or tending to prohibit any person from providing wireless telecommunication service. It is the intent of the Village Board to regulate telecommunication facilities, towers and antennas in the Village to protect residential areas and land uses from the potential adverse impacts caused by the of installation of towers and antennas through careful design, siting, and camouflaging; to promote and encourage shared use/collocation of towers and other antenna support structures rather than allow the construction of additional single use towers; to avoid potential damage to property caused by towers, telecommunications facilities and antennas by ensuring such structures are soundly and carefully designed, constructed, modified, maintained, repaired and removed when no longer used or are determined to be structurally unsound; and to ensure that towers and antennas are compatible with surrounding land uses.

9.02.02 Definitions:

All terms in this Section which are not specifically defined herein shall be construed in accordance with the Communications Act of 1934, the Telecommunications Act of 1996 and the Rules and Regulations of the Federal Communications Commission (FCC). As used in this Section, the following terms shall have the following meanings:

- 1. **ANTENNA** shall mean a device, designed and intended for transmitting or receiving television, radio, or microwave signals, direct satellite service (including direct-to-home satellite service), and/or video programming services via multi-point distribution services.
- 2. **ANTENNA SUPPORT STRUCTURE** shall mean any building or structure other than a tower which can be used for location of telecommunications facilities.
- 3. **APPLICANT** shall mean any person that applies for a Tower Development Permit.

4. **APPLICATION** shall mean a process by which the owner of a tract of land within the zoning jurisdiction of the Village submits a request to develop, construct, modify, or operate a tower upon such tract of land. The term application includes all written documentation, verbal statements, and representations, in whatever, formal forum, made by an applicant to the Village concerning such request.
5. **CONFORMING COMMERCIAL EARTH STATION** shall mean a satellite dish which is two meters or less in diameter and is located in an area where commercial or industrial uses are generally permitted under this regulation.
6. **ENGINEER** shall mean any engineer qualified and licensed by any state or territory of the United States of America.
7. **OWNER** shall mean any person with a fee simple title or a leasehold exceeding 10 years in duration to any tract of land within the zoning jurisdiction of the Village who desires to develop, construct, modify, or operate a tower upon such tract of land.
8. **PERSON** shall mean any person, firm, partnership, association, corporation, company, or other legal entity, private or public, whether for profit or not for profit.
9. **SATELLITE DISH ANTENNA** shall mean an antenna consisting of a radiation element intended for transmitting or receiving television, radio, microwave, or radiation signals and supported by a structure with or without a reflective component to the radiating dish, usually circular in shape.
10. **STEALTH** shall mean any telecommunications facility, tower, or antenna which is designed to enhance compatibility with adjacent land uses, including, but not limited to, architecturally screened roof-mounted antennas, antennas integrated into architectural elements, and towers designed to look other than a tower, such as light poles, power poles and trees.
11. **TELECOMMUNICATIONS FACILITIES** shall mean any cables, wires, lines, wave guides, antennas, or any other equipment or facilities associated with the transmission or reception of communications which a person seeks to locate or has installed upon or near a tower or antenna support structure. However, telecommunications facilities shall not include:
 - a). Any Conforming Commercial Earth Station antenna six feet or less in diameter.
 - b). Any earth station antenna or satellite dish antenna three feet or less in diameter.
12. **TOWER** shall mean a self-supporting lattice, guyed, or monopole structure, which supports Telecommunications Facilities. The term Tower shall not include non-commercial amateur radio operator's equipment as licensed by the FCC or structure supporting an earth station antenna serving residential premises or dwelling units exclusively.
13. **TOWER DEVELOPMENT PERMIT** shall mean a permit issued by the Village upon approval by the Village Board of an application to develop a tower within the zoning jurisdiction of the Village; which permit shall continue in full force and effect for so long as the tower to which it applies conforms to this Section. Upon issuance, a Tower Development Permit shall be deemed to run with the land during the permit's duration and may be transferred, conveyed, and assigned by the applicant to assigns and successors-in-interest.
14. **TOWER OWNER** shall mean any person with an ownership interest of any nature in a proposed or existing tower following the issuance of a Tower Development Permit.

9.02.03 **Location of Towers and Construction Standards**

1. Towers shall be permitted conditional uses of land in only those zoning districts where specifically listed and authorized in this regulation.
2. No person shall develop, construct, modify or operate a tower upon any tract of land within the zoning jurisdiction of the Village prior to approval of its application for a Tower Development Permit by the Village Board and issuance of the permit by the Village. Applicants shall submit their application for a Tower Development Permit to the Village Clerk's Office and shall pay a filing fee.
3. All towers, telecommunications facilities and antennas on which construction has commenced within the zoning jurisdiction of the Village after the effective date of this Ordinance shall conform to the

Building Codes and all other construction standards set forth by Village, County, federal, and state laws and applicable American National Standards Institute (ANSI) standards. Upon completion of construction of a tower and prior to the commencement of use, an engineer's certification that the tower is structurally sound and in conformance with all of the aforementioned applicable regulatory standards shall be filed in the office of the Village Clerk.

9.02.04 Application to Develop a Tower

Prior to commencement of development or construction of a tower, an application shall be submitted to the Village Clerk for a Tower Development Permit and shall include the following:

1. Name, address, and telephone number of the owner and if applicable, the lessee of the tract of land upon which the tower is to be located. Applicants shall include the owner of the tract of land and all persons having an ownership interest in the proposed tower. The application shall be executed by all applicants.
2. The legal description and address of the tract of land on which the tower is to be located.
3. The names, addresses and telephone numbers of all owners of other towers or useable antenna support structures within a one mile radius of the proposed tower, including publicly and privately owned towers and structures.
4. An affidavit attesting to the fact that the applicant has made diligent but unsuccessful efforts to obtain permission to install or collocate the applicants telecommunications facilities on a tower or useable antenna support or written technical evidence from an engineer that the applicants telecommunications facilities cannot be installed or collocated on another tower or useable antenna support structure.
5. Written technical evidence from an engineer that the proposed tower will meet applicable Building Codes, and all other applicable construction standards set forth by the Village Board and federal and state and ANSI standards.
6. Color photo simulations showing the proposed location of the tower with a photo-realistic representation of the proposed tower as it would appear viewed from the nearest residentially used and/or zoned property and nearest roadway, street or highway.
7. Descriptions and diagrams of the proposed tower, telecommunications facilities and/or antenna, manufacturers literature, appurtenances such as buildings, driveways, parking areas, and fences or other security enclosures with significant detail to allow persons reviewing the application to understand the kind and nature of the proposed facility.
8. A performance bond in the amount of \$50,000 dollars for the expenses of removal and disposal of the tower.

9.02.05 Tower Development Permit: Procedure

After receipt of an application for a Tower Development Permit, the Zoning Administrator shall schedule a public hearing before the Planning Commission, following all Statutory requirements for publication and notice, to consider such application. The Planning Commission shall receive testimony on the Tower Development Permit and shall make a recommendation to the Village Board. Upon the completion of the Planning Commission Public Hearing the Zoning Administrator shall schedule a public hearing before the Village Board, following all Statutory requirements for publication and notice, to consider such application and the recommendation of the Village Planning Commission. Notice, for each Public Hearing, shall be made at least one time and at least 10 days prior to such hearing. In addition, the Zoning Administrator shall cause a notice to be posted in a conspicuous place on the property on which action is pending. Such notice shall conform to Section 6.03 of this Ordinance. The Planning Commission and Village Board may approve the Tower Development Permit as requested in the pending application with any conditions or safeguards it deems reasonable and appropriate based upon the application and/or input received at the public hearings or deny the application. In all zoning districts in which towers are a permitted conditional use of land, the Tower Development Permit shall be deemed a conditional use permit for said tract of land.

9.02.06 Setbacks and Separation or Buffer Requirements

1. All towers up to 50 feet in height shall be setback on all sides a distance equal to the underlying setback requirement in the applicable zoning district. Towers in excess of 50 feet in height shall be set back one additional foot for each foot of tower height in excess of 50 feet. The height of the tower shall be measured from the grade at the foot of the base pad to the top of any telecommunications facilities or antennas attached thereto. Setback requirements shall be measured from the base of the tower to the property line of the tract of land on which it is located.
2. Towers exceeding 100 feet in height may not be located in any residentially zoned district and must be separated from all residentially zoned districts and occupied structures other than those utilized by the

- tower owner, by a minimum of 200 feet or 100 percent of the height of the proposed tower, whichever is greater.
3. Towers of 100 feet or less in height may be located in residentially zoned districts provided said tower is separated from any residential structure, school, church, and/or occupied structures other than those utilized by the tower owner, by a minimum of 100 percent of the height of the tower.
 4. Towers must meet the following minimum separation requirements from other towers:
 - a. Monopole tower structures shall be separated from all other towers, whether monopole, self-supporting lattice, or guyed by a minimum of 750 feet.
 - b. Self-supporting lattice or guyed towers shall be separated from all other self-supporting lattice or guyed towers by a minimum of 1,500 feet.

9.02.07 Structural Standards for Towers Adopted

The *Structural Standards for Steel Antenna Towers and Antenna Supporting Structures*, 1991 Edition (ANSI/EIA/TIA 222-E-1991) is hereby adopted, together with any amendments thereto as may be made from time to time, except such portions as are hereinafter deleted, modified, or amended by regulation and set forth in this Article of the Zoning Regulation.

9.02.08 Illumination and Security Fences

1. Towers shall not be artificially lighted except as required by the Federal Aviation Administration (FAA). In cases where there are residential uses/zoned properties within a distance of 300 percent of the height of the tower, any tower subject to this Section shall be equipped with dual mode lighting.
2. All self-supporting lattice or guyed towers shall be enclosed within a security fence or other structure designed to preclude unauthorized access. Monopole towers shall be designed and constructed in a manner which will prevent, to the extent practical, unauthorized climbing of said structure.

9.02.09 Exterior Finish

Towers not requiring FAA painting or marking shall have an exterior finish which enhances compatibility with adjacent land uses, subject to review and approval by the Planning Commission and Village Board as part of the application approval process. All towers which must be approved as a conditional use shall be stealth design unless stealth features are impractical or the cost of such features represents an undue burden on the applicant.

9.02.10 Landscaping

All tracts of land on which towers, antenna support structures, telecommunications facilities and/or antennas are located shall be subject to the landscaping requirements of the Village.

9.02.11 Maintenance, Repair or Modification of Existing Towers

All towers constructed or under construction on the date of approval of this regulation may continue in existence as a non-conforming structure and may be maintained or repaired without complying with any of the requirements of this Section. Nonconforming structures or uses may not be enlarged or the degree of nonconformance increased without complying with this Section, including applying for and obtaining a Tower Development Permit. Any modification or reconstruction of a tower constructed or under construction on the date of approval of this regulation shall be required to comply with the requirements of this Section including applying for and obtaining a Tower Development Permit. Said application shall describe and specify all items which do not comply with this Section and may request, subject to final review and approval of the Village Board, an exemption from compliance as a condition of the Tower Development Permit.

9.02.12 Inspections

The Village reserves the right to conduct inspection of towers, antenna support structures, telecommunications facilities and antenna upon reasonable notice to the tower owner or operator to determine compliance with this Section and to prevent structural and equipment failures and accidents which may cause damage, injuries or nuisances to the public. Inspections may be made to determine compliance with the Village's Building Codes and any other construction standards set forth by the Village, federal, and state law or applicable ANSI standards. Inspections shall be made by either an employee of the Village Clerk's Office, Zoning Administrator, or a duly appointed independent representative of the Village.

9.02.13 **Maintenance**

The towers, antenna support structures, telecommunications facilities and antennas shall at all times be kept and maintained in good condition, order and repair so that the same does not constitute a nuisance to or a danger to the life or property of any person or the public.

9.02.14 **Abandonment**

If any tower shall cease to be used for a period of one year, the Clerk's Office shall notify the tower owner that the site will be subject to determination by the Zoning Administrator that the site has been abandoned. Upon issuance of written notice to show cause by the Zoning Administrator, the tower owner shall have 30 days to show preponderance of evidence that the tower has been in use or under repair during the period of apparent abandonment. In the event the tower owner fails to show that the tower has been in use or under repair during the relevant period, the Zoning Administrator shall issue a final determination of abandonment of the site and the tower owner shall have 75 days thereafter to dismantle and move the tower. In the event the tower is not dismantled and removed, the tower shall be declared a public nuisance by the Zoning Administrator, or his/her designee and a written request shall be directed to the Village Attorney to proceed to abate said public nuisance pursuant to authority of the Revised Nebraska State Statutes and Village of Denton codes, and charge the costs thereof against the real estate on which the tower is located or the owner of record of the said real estate.

9.02.15 **Satellite Dish Antennas, Regulation**

Upon adoption of this regulation, installation of satellite dish antennas shall be permitted within the zoning jurisdiction of Denton only upon compliance with the following criteria:

1. In residentially zoned districts, satellite dish antennas may not exceed a diameter of 10 feet.
2. Single family residences may not have more than one satellite dish antenna over three feet in diameter.
3. Multiple family residences with 10 or less dwelling units may have no more than one satellite dish antenna over three feet in diameter. Multiple family residences with more than 10 dwelling units may have no more than two satellite dish antennas over three feet in diameter.
4. In residential zoning districts, satellite dish antennas shall not be installed in the required front yard setback or side yard setback area.
5. All satellite dish antennas installed within the zoning jurisdiction of Denton, upon adoption of this regulation, shall be of a neutral color such as black, gray, brown, or such color as will blend with the surrounding dominant color in order to camouflage the antenna.

Section 9.03 Fences

No fence shall be constructed within the zoning jurisdiction of the Village of Denton unless it is constructed in conformance with the following requirements:

9.03.01 *Height Limitations*

The height limitation for fences shall be 72 inches above ground level except as provided herein.

1. No fence shall be constructed within a required front yard of any lot, except as may be otherwise provided herein.
2. All fences around Junk Yards, Salvage Yards shall be a minimum of eight feet in height.
3. The height of a fence shall be determined by the vertical distance measured from the established grade level at the nearest sidewalk, top of curb, or other public right-of-way to the top of the highest part of the fence. Earthen berms, whether manmade or not, terraces, and retaining walls that elevate the fence shall be considered a part of the fence, and shall be included in the height of the fence. It is not intended that any structure other than a fence is permitted on any part of a lot or premises by this section, and all other structures shall comply with the provisions of this Ordinance.
4. Where it is demonstrated that for security purposes the perimeter fencing around a factory or building located in an area zoned as an Industrial District must be higher than six feet in height may be approved by through a Conditional Use Permit or otherwise prescribed herein.
5. Fences constructed along and parallel to lot lines separating a residential lot from property located in a Commercial or Industrial District shall not exceed eight feet in height.
6. Fences constructed along and parallel to rear and side lot lines adjoining arterial streets, as designated by the Nebraska Department of Roads, shall not exceed eight feet in height.

9.03.02 *Design Criteria/Location*

1. Fences located within a front of a residential lot shall not exceed 48 inches in height and must qualify within the definition of an open fence, except that solid fences may be constructed along a side lot line parallel and adjacent to the lot line that is adjacent to a Commercial District or an Industrial District.
2. No fence or vegetation shall be situated or constructed in such a way as to obstruct vehicular traffic or otherwise create a traffic safety hazard. No fence or vegetation shall be situated or constructed within the required sight triangle.
3. The use of barbed wire in the construction of any fence is prohibited except:
 - a. Perimeter security fencing of buildings constructed in a General Commercial or Industrial District. The plans and specifications for any such fencing must be approved by the Village before commencement of construction.
 - b. Farm fencing constructed for agricultural purposes on parcels of land in the Transitional Agriculture District.
4. All supporting posts for fence construction shall be set in concrete except for agricultural fencing in the Transitional Agriculture District.
5. All fences shall be maintained in good repair.
6. All fences shall be located inside the boundaries of the property upon which constructed except where two (2) adjacent property owners, pursuant to written agreement filed with the Village, agree to build one (1) fence on the common lot line of adjacent side yards or back yards.

9.03.03 *Electric Fences.*

No electric fence shall be constructed or maintained within the Village of Denton or within its extraterritorial zoning jurisdiction except in the Transitional Agriculture District.

9.03.04 *Facing.*

The finished surface of all fences shall face toward adjoining property or street frontage. However, in the case of two or more property owners wishing to share a common fence line between their properties, said property owners shall jointly determine upon which side of the common fence line the finished face of the fence shall be placed. Such determination shall be consistent for the entire length of the common fence line.

9.03.05 *Fences in existence as of the date of adoption of this Ordinance.*

Any existing fence which was in conformity with the provisions of any previous ordinance and which was in place as of the date of adoption of this Ordinance may remain without change, notwithstanding same may be in conflict with one or more provisions of this Ordinance. However, any replacement or change of said existing fence or addition of a new fence shall meet the requirements of this Ordinance.

9.03.06 *Swimming Pools.*

All above- or in-ground swimming pools of a permanent nature constructed within the zoning jurisdiction of the Village of Denton shall comply with the regulations of the Lancaster County Health Department.

Section 9.04 Performance Standards for Industrial Uses

9.04.01 *Physical Appearance:*

All operations shall be carried on within an enclosed building except that new materials or equipment in operable condition may be stored in the open. Normal daily wastes of an inorganic nature may be stored in containers not in a building when such containers are not readily visible from a street. The provisions of this paragraph shall not be construed to prohibit the display of merchandise or vehicles for sale or the storage of vehicles, boats, farm machinery, trailers, mobile homes, or similar equipment when in operable condition.

9.04.02 *Fire hazard:*

No operation shall involve the use of highly flammable gasses, acid, liquids, grinding processes, or other inherent fire hazards. This provision shall not be construed to prohibit the use of normal heating fuels, motor fuels and welding gasses when handled in accordance with other regulations of the Village of Denton.

9.04.03 *Noise:*

No operation shall be carried on which involves noise in excess of the normal traffic noise of the adjacent street at the time of the daily peak hour of traffic volume. Noise shall be measured at the property line and

when the level of such noise cannot be determined by observation with the natural senses, a suitable instrument may be used and measurement may include breakdowns into a reasonable number of frequency ranges.

9.04.04 *Sewage and Liquid Wastes:*

No operation shall be carried on which involves the discharge into a sewer, water course, or the ground, liquid waste of any radioactive or poisonous nature or chemical waste which are detrimental to normal sewage plant operation or corrosive and damaging to sewer pipes and installations.

9.04.05 *Air Contaminants:*

1. Air Contaminants and smoke shall be less dark than designated Number One on the Ringleman Chart as published by the United States Bureau of Mines, except that smoke of a density designated as Number One shall be permitted for one four minute period in each one-half hour. Light colored contaminants of such an capacity as to obscure an observer's view to a degree equal to or greater than the aforesaid shall not be permitted
2. Particulate matter of dust as measured at the point of emission by any generally accepted method shall not be emitted in excess of two tenths (0.2) grains per cubic foot as corrected to a temperature of 500 degrees Fahrenheit, except for a period of four minutes in any one-half hour, at which time it may equal but not exceed six tenths (0.6) grains per cubic foot as corrected to a temperature of 500 degrees Fahrenheit.
3. Due to the fact that the possibilities of air contamination cannot reasonably be comprehensively covered in this section, there shall be applied the general rule that there shall not be discharged from any sources whatsoever such quantities of air contaminants or other material in such quantity as to cause injury, detriment, nuisance, or annoyance to any considerable number of persons or to the public in general; or to endanger the comfort, repose, health, or safety of any such considerable number of persons or to the public in general, or to cause, or have a natural tendency to cause injury or damage to business, vegetation, or property.
4. **Odor:** The emission of odors that are generally agreed to be obnoxious to any considerable numbers of persons shall be prohibited. Observations of odor shall be made at the property line of the establishment causing the odor. As a guide to classification of odor it shall be deemed that strong odors of putrefaction and fermentation tend to be obnoxious and that such odors as associated with baking or the roasting of nuts and coffee shall not normally be considered obnoxious within the meaning of this Ordinance.
5. **Gasses:** The gasses sulphur dioxide and hydrogen sulphide shall not exceed five parts per million, carbon monoxide shall not exceed five parts per million. All measurements shall be taken at the zoning lot line.
6. **Vibration:** All machines including punch presses and stamping machines shall be so mounted as to minimize vibration and in no case shall such vibration exceed a displacement of three thousands (0.003) of an inch measured at the zoning lot line. The use of steam or broad hammers shall not be permitted in this zone.
7. **Glare and heat:** All glare, such as welding arcs and open furnaces shall be shielded so that they shall not be visible from the zoning lot line. No heat from furnaces or processing equipment shall be sensed at the zoning lot line to the extent of raising the temperature of air or materials more than five degrees Fahrenheit.

Section 9.05 Small Wind Energy Systems

9.05.01 *Purpose*

It is the purpose of this regulation to promote the safe, effective and efficient use of small wind energy systems installed to reduce the on-site consumption of utility supplied electricity.

9.05.02 *Definitions*

The following are defined for the specific use of this section.

1. **Small Wind Energy System** shall mean a wind energy conversion system consisting of a wind turbine, a tower, and associated control or conversion electronics, which has a rated capacity of not more than 100 kW and which is intended to primarily reduce on-site consumption of utility power.
2. **Tower Height** shall mean the height above grade of the first fixed portion of the tower, excluding the wind turbine itself.

9.05.03 *Requirements*

Small wind energy systems shall be permitted as an Accessory Use within any district where the use is listed and allowed. Certain requirements as set forth below shall be met:

1. Tower Height
 - a. For property sizes between one-half acre and one acre the tower height shall be limited to 80 feet.
 - b. For property sizes of one acre or more, there is no limitation on tower height, except as imposed by FAA regulations.
2. Setbacks
 - a. No part of the wind system structure, including guy-wire anchors, may extend closer than 10 feet to the property lines of the installation site.
3. Noise
 - a. Small wind energy systems shall not exceed 60 dBA, as measured at the closet neighboring inhabited dwelling unit.
 - b. The noise level may be exceeded during short term events such as utility outages and/or severe wind storms.
4. Approved Wind Turbines
 - a. Small wind turbines must have been approved under the Emerging Technologies program of the California Energy Commission or any other small wind certification program recognized by the American Wind Energy Association.
5. Compliance with Building and Zoning Codes
 - a. Applications for small wind energy systems shall be accomplished by standard drawings of the wind turbine structure, including the tower base, and footings.
 - b. An engineering analysis of the tower showing compliance with official building code of the governing body and/or the State of Nebraska and certified by a licensed professional engineer shall also be submitted.
 - c. The manufacturer frequently supplies this analysis.
 - d. Wet stamps shall not be required.
6. Compliance with FAA Regulations
 - a. Small wind energy systems must comply with applicable FAA regulations, including any necessary approvals for installations close to airports.
7. Compliance with National Electrical Code
 - a. Permit applications for small wind energy systems shall be accompanied by a line drawing of the electrical components in sufficient detail to allow for a determination that the manner of installation conforms to the National Electrical Code.
 - b. The manufacturer frequently supplies this analysis.
8. Utility Notification
 - a. No small wind energy system shall be installed until evidence has been given that the utility company has been informed of the customer's intent to install an interconnected customer-owned generator.
 - b. Off-grid systems shall be exempt from this requirement.

Section 9.06 Commercial/Utility Grade Wind Energy Systems

9.06.01 *Purpose*

It is the purpose of this regulation to promote the safe, effective and efficient use of commercial/utility grade wind energy systems within the zoning jurisdiction of the Village of Denton.

9.06.02 *Definitions*

The following are defined for the specific use of this section.

1. **Aggregate Project** shall mean projects that are developed and operated in a coordinated fashion, but which have multiple entities separately owning one or more of the individual WECS within the larger project. Associated infrastructure such as power lines and transformers that service the facility may be owned by a separate entity but are also part of the aggregated project.
2. **Commercial WECS** shall mean a wind energy conversion system of equal to or greater than 100 kW in total name plate generating capacity.
3. **Fall Zone** shall mean the area, defined as the furthest distance from the tower base, in which a guyed tower will collapse in the event of a structural failure. This area is less than the total height of the structure.
4. **Feeder Line** shall mean any power line that carries electrical power from one or more wind turbines or individual transformers associated with individual wind turbines to the point of interconnection with the electric power grid, in the case of interconnection with the high voltage transmission systems the point of interconnection shall be the substation serving the wind energy conversion system.
5. **Meteorological Tower** shall mean, for purposes of this regulation, a tower which is erected primarily to measure wind speed and directions plus other data relevant to siting a Wind Energy Conversion System. Meteorological towers do not include towers and equipment used by airports, the Nebraska Department of Roads, or other applications to monitor weather conditions.
6. **Micro-Wind Energy Conversion System** shall mean a Wind Energy Conversion System of 1 kW nameplate generating capacity or less and utilizing supporting towers of 40 feet or less.
7. **Public Conservation lands** shall mean land owned in fee title by State or Federal agencies and managed specifically for conservation purposes, including but not limited to State Wildlife Management Areas, State Parks, federal Wildlife Refuges and Waterfowl Production Areas. For purposes of this regulation, public conservation lands will also include lands owned in fee title by non-profit conservation organizations, Public conservation lands will also include private lands upon which conservation easements have been sold to public agencies or non-profit conservation organizations.
8. **Rotor Diameter** shall mean the diameter of the circle described by the moving rotor blades.
9. **Small Wind Energy System** shall mean a wind energy conversion system consisting of a wind turbine, a tower, and associated control or conversion electronics, which has a rated capacity of not more than 100 kW and which is intended to primarily reduce on-site consumption of utility power.
10. **Substations** shall mean any electrical facility to convert electricity produced by wind turbines to a voltage greater than 35,000 (35,000 KV) for interconnection with high voltage transmission lines.
11. **Total Height** shall mean the highest point, above ground level, reached by a rotor tip or any other part of the Wind Energy Conversion System.
12. **Tower** shall mean the vertical structures that support the electrical, rotor blades, or meteorological equipment.
13. **Tower Height** shall mean the total height of the Wind Energy Conversion System exclusive of the rotor blades.

14. **Transmission Line** shall mean the electrical power lines that carry voltages of at least 69,000 volts (69 KV) and are primarily used to carry electric energy over medium to long distances rather than directly interconnecting and supplying electric energy to retail customers.
15. **Wind Energy Conservation System** shall mean an electrical generating facility comprised of one or more wind turbines and accessory facilities, including but not limited to: power lines, transformers, substations and meteorological towers that operate by converting the kinetic energy of wind into electrical energy. The energy may be used on-site or distributed into the electrical grid.
16. **Wind Turbines** shall mean any piece of electrical generating equipment that converts the kinetic energy of blowing wind into electrical energy using airfoils or similar devices to capture the wind.

9.06.03 *Requirements*

Commercial/Utility Grade wind energy systems shall be permitted as a Conditional Use within any district where the use is listed and allowed. The following requirements and information shall be met and supplied:

1. The name(s) of project applicant.
2. The name of the project owner.
3. The legal description and address of the project.
4. A description of the project of the project including: Number, type, name plate generating capacity, tower height, rotor diameter, and total height of all wind turbines and means of interconnecting with the electrical grid.
5. Site layout, including the location of property lines, wind turbines, electrical grid, and all related accessory structures. This site layout shall include distances and be drawn to scale.
6. Engineer's certification.
7. Documentation of land ownership or legal control of the property.
8. The latitude and longitude of individual wind turbines.
9. A USGS topographical map, or map with similar data, of the property and surrounding area, including any other Wind Energy Conversion System, within 10 rotor distances of the proposed Wind Energy Conversion System.
10. Location of wetlands, scenic, and natural areas (including bluffs) within 1,320 feet of the proposed Wind Energy Conversion System.
11. An Acoustical Analysis
12. FAA permit
13. Location of all known Communication Towers within two miles of the proposed Wind Energy Conversion System.
14. Decommissioning Plan
15. Description of potential impacts on nearby Wind Energy Conversion Systems and wind resources on adjacent properties.

9.06.04 *Aggregated Projects*

1. Aggregated projects may jointly submit a single application and be reviewed under joint proceedings, including notices, public hearings, reviews and as appropriate approvals.
2. Permits may be issued and recorded separately.
3. Joint projects will be assessed fees as one project.

9.06.05 Setbacks

All towers shall adhere to the setbacks established in the following table:

	Wind Turbine – Non Commercial WECS	Wind Turbine – Commercial/Utility WECS	Meteorological Towers
Property Lines	1.1 times the total height or in an Agricultural or Transitional Agricultural Districts only. In other districts, the setback shall be the distance of the fall zone, as certified by a professional engineer, + 10 feet	1.25 times the total height.	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or 1.1 times the total height.
Neighboring Dwelling Units*		750 feet	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or 1.1 times the total height.
Road Rights-of-Way**	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.	One times the height.	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.
Other Rights-of-Way	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.
Public conservation lands	NA	600 feet	600 feet
Wetlands, USFW Types III, IV, and V	NA	600 feet	600 feet
Other structures	NA	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.	The greater of: The fall zone, as certified by a professional engineer, + 10 feet or one times the total height.
Other existing WECS	NA	To be considered based on: <ul style="list-style-type: none"> • Relative size of the existing and proposed WECS • Alignment of the WECS relative to the predominant winds • Topography • Extent of wake interference impacts on existing WECS • Property line setback of existing WECS • Other setbacks required Waived for internal setbacks in multiple turbine projects including aggregated projects	
River Bluffs		1,320 feet	

* The setback for dwelling units shall be reciprocal in that no dwelling unit shall be constructed within the same distance required for a commercial/utility Wind Energy Conversion System.

** The setback shall be measured from any future Rights-of-Way if a planned change or expanded right-of-Way is known.

Special Safety and Design Standards

All towers shall adhere to the following safety and design standards:

1. Clearance of rotor blades or airfoils must maintain a minimum of 12 feet of clearance between their lowest point and the ground.
2. All Commercial/Utility WECS shall have a sign or signs posted on the tower, transformer and substation, warning of high voltage. Other signs shall be posted on the turbine with emergency contact information.
3. All wind turbines, which are a part of a commercial/utility WECS, shall be installed with a tubular, monopole type tower.
4. Consideration shall be given to painted aviation warnings on all towers less than 200 feet.
5. Color and finish:
All c wind turbines and towers that are part of a commercial/utility WECS shall be white, grey, or another non-obtrusive color. Blades may be black in order to facilitate deicing. Finishes shall be matte or non-reflective.

6. **Lighting:**
Lighting, including lighting intensity and frequency of strobe, shall adhere to but not exceed requirements established by the FAA permits and regulations. Red strobe lights shall be used during nighttime illumination to reduce impacts on neighboring uses and migratory birds. Red pulsating incandescent lights should be avoided.
7. **Other signage:**
All other signage shall comply with the sign regulations found in these regulations.
8. **Feeder Lines:**
All communications and feeder lines, equal to or less than 34.5 kV in capacity, installed as part of a WECS shall be buried, where feasible. Feeder lines installed as part of a WECS shall not be considered an essential service.
9. **Waste Disposal:**
Solid and Hazardous wastes, including but not limited to crates, packaging materials, damaged or worn parts, as well as used oils and lubricants, shall be removed from the site promptly and disposed of in accordance with all applicable local, state and federal regulations.
10. **Discontinuation and Decommissioning:**
A WECS shall be considered a discontinued use after one year without energy production, unless a plan is developed and submitted to the Zoning Administrator outlining the steps and schedule for returning the WECS to service. All WECS and accessory facilities shall be removed to ground level within 90 days of the discontinuation of use.

Each Commercial/Utility WECS shall have a Decommissioning plan outlining the anticipated means and cost of removing WECS at the end of their serviceable life or upon being discontinued use. The cost estimates shall be made by a competent party; such as a Professional Engineer, a contractor capable of decommissioning or a person with suitable expertise or experience with decommissioning. The plan shall also identify the financial resources that will be available to pay for decommissioning and removal of the WECS and accessory facilities.
11. **Noise:**
No Commercial/Utility WECS shall exceed 50 dBA at the nearest structure or use.
12. **Interference:**
The applicant shall minimize or mitigate interference with electromagnetic communications, such as radio, telephone, microwaves, or television signals caused by any WECS. The applicant shall notify all communication tower operators within five miles of the proposed WECS location upon application to the Village/county for permits.
13. **Roads:**
Applicants shall:
 - a. Identify all county, municipal or township roads to be used for the purpose of transporting WECS, substation parts, cement, and/or equipment for construction, operation or maintenance of the WECS and obtain applicable weight and size permits from the impacted jurisdictions prior to construction.
 - b. Conduct a pre-construction survey, in coordination with the appropriate jurisdictions to determine existing road conditions. The survey shall include photographs and a written agreement to document the condition of the public facility.
 - c. Be responsible for restoring or paying damages as agreed to by the applicable jurisdiction sufficient to restore the road(s) and bridges to preconstruction conditions.
14. **Drainage System:**
The applicant shall be responsible for immediate repair of damage to public drainage systems stemming from construction, operation or maintenance of the WECS.

Section 9.07 Self Storage Units / Convenience Storage Units

- 9.07.01 Minimum lot size of the Self Storage facility shall be two acres.
- 9.07.02 Activities within the facility shall be limited to the rental of storage cubicles and the administration and maintenance of the facility.
- 9.07.03 All driveways, parking, loading and vehicle circulation areas shall be paved with concrete, asphalt, or asphaltic concrete. All driveways within the facility shall provide a paved surface with a minimum width of 25 feet.
- 9.07.04 All storage must be within enclosed buildings and shall not include the storage of hazardous materials.
- 9.07.05 No storage may open into the front yards.
- 9.07.06 Facilities must maintain landscape buffer yards of 50 feet adjacent to any public Right-of-Way and 20 feet adjacent to other property lines, unless greater setbacks are require, a total of 35 percent of all buffers shall be landscaped.
- 9.07.07 Height limitations shall require a maximum height of 20 feet for any structure in the facility.
- 9.07.08 The perimeter of each facility shall be fully enclosed by fencing or screen walls. Perimeter fencing shall be provided at a minimum of six feet and maximum of eight feet in height, of material approved by the Building Inspector. Fencing shall be constructed behind required buffer yards.

Section 9.08 Auto Wrecking Yards, Junk Yards Salvage Yards and Scrap Processing Yards

- 9.08.01 The use shall be located on a tract of land at least 300 hundred feet from a residential district.
- 9.08.02 The operation shall be conducted wholly within a noncombustible building or within an area completely surrounded by a solid fence or wall at least eight feet high.
- 9.08.03 The fence or wall shall be uniform in height, texture, and color, and shall be so maintained by the proprietor as to ensure maximum safety to the public, obscure the junk from normal view of the neighborhood.
- 9.08.04 The fence or wall shall be installed in such a manner as to retain all scrap, junk or other material within the yard. No scrap, junk or other salvaged materials may be piled or stacked so to exceed the height of the enclosing fence or wall.
- 9.08.05 No junk shall be loaded, unloaded or otherwise placed either temporarily or permanently outside the enclosed building, fence or wall, or within the public right-of-way.
- 9.08.06 Burning of paper, trash, junk or other materials shall be prohibited.

ARTICLE 10: BOARD OF ADJUSTMENT

Section 10.01 and 10.02 Use of Lancaster County Board of Zoning Appeals

The Village does confirm its use and availability of the Lancaster County Board of Zoning Appeals as permitted under the Revised Nebraska State Statutes § 19-912.01, and its rules and procedures governing the appeals from decisions rendered by the Village as to any application made to the Village by the terms of this Ordinance.

Section 10.02 Powers and Jurisdiction on Appeal

The Lancaster County Board of Zoning Appeals shall have the following powers: (1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official or agency based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures; (2) to hear and decide, in accordance with the provisions of this Ordinance, requests for interpretation of any map, or for decisions upon other special questions upon which the Board is authorized by this Ordinance to pass; and (3) to grant variances, where by reason of exceptional narrowness, shallowness or shape of a specific piece of property at the time of enactment of this Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation under this Ordinance would result in peculiar and exceptional practical difficulties to or exceptional and undue hardships upon the owner of such property, to authorize, upon an appeal relating to the property, a variance from such strict applications so as to relieve such difficulties or hardship, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of this Ordinance.

Section 10.03 Powers and Jurisdiction on Appeal

The Board of Adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official or agency based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures; and
2. To hear and decide, in accordance with the provisions of this Ordinance, requests for interpretation of any map, or for decisions upon other special questions upon which the Board is authorized by this Ordinance to pass; and
3. To grant variances, where by reason of exceptional narrowness, shallowness or shape of a specific piece of property at the time of enactment of this Ordinance, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation under this Ordinance would result in peculiar and exceptional practical difficulties to or exceptional and undue hardships upon the owner of such property, to authorize, upon an appeal relating to the property, a variance from such strict application so as to relieve such difficulties or hardship, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of this Ordinance.

No such variance shall be authorized by the Board unless it finds that:

1. The strict application of the Ordinance would produce undue hardship; and
2. Such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and
3. The authorization of such variance will not be of substantial detriment to adjacent property and the character of the district will not be changed by the granting of the variance; and
4. The granting of such variance is based upon reasons of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit or caprice. No variance shall be authorized unless the Board finds that the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to this Ordinance.

In exercising the above mentioned powers, the Board may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is

taken. The concurring vote of four members of the Board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this Ordinance or to effect any variation in this Ordinance.

Section 10.04 Appeals to District Court

Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment may appeal as provided by Neb. Rev. Stat. §19-912, (R.R.S.1997).

ARTICLE 11: AMENDMENTS

Section 11.01 Amendments

Pursuant to Neb. Rev. Stat. § 19-905 (R.R.S.1997): This Ordinance may, from time to time, be amended, supplemented, changed, modified, or repealed. In case of a protest against such change, signed by the owners of 20% or more either of the area of the lots included in such proposed change, or of those immediately adjacent on the sides and in the rear thereof extending 300 feet therefrom, and of those directly opposite thereto extending 300 feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the legislative body of such municipality. The provisions of Neb. Rev. Stat. §19-904 relative to public hearings and official notice shall apply equally to all changes or amendments. In addition to the publication of the notice therein prescribed, a notice shall be posted in a conspicuous place on or near the property on which action is pending. Such notice shall not be less than 18 inches in height and 24 inches in width with a white or yellow background and black letters not less than one and one-half inches in height. Such posted notice shall be so placed upon such premises that it is easily visible from the street nearest the same and shall be so posted at least 10 days prior to the date of such hearing.

1. It shall be unlawful for anyone to remove, mutilate, destroy, or change such posted notice prior to such hearing.
2. Any person so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than 50 dollars or more than 100 dollars.
3. If the record title owners of any lots included in such proposed change be nonresidents of the municipality, then a written notice of such hearing shall be mailed by certified mail to them addressed to their last-known addresses at least ten days prior to such hearing.
4. At the option of the legislative body of the municipality, in place of the posted notice provided above, the owners or occupants of the real estate to be zoned or rezoned and all real estate located within 300 feet of the real estate to be zoned or rezoned may be personally served with a written notice thereof at least ten 10 days prior to the date of the hearing, if they can be served with such notice within the county where such real estate is located.
5. Where such notice cannot be served personally upon such owners or occupants in the county where such real estate is located, a written notice of such hearing shall be mailed to such owners or occupants addressed to their last-known addresses at least ten 10 days prior to such hearing.

The provisions of this section in reference to notice shall not apply, (1) in the event of a proposed change in such regulations, restrictions, or boundaries throughout the entire area of an existing zoning district or of such municipality, or (2) in the event additional or different types of zoning districts are proposed, whether or not such additional or different districts are made applicable to areas, or parts of areas, already within a zoning district of the Village, but only the requirements of Neb. Rev. Stat. § 19-904 shall be applicable.

Section 11.02 Planning Commission Review

No amendment, supplement, change or modification of this Ordinance, including the boundaries of any zoning district, shall be made by the Village Board without first the consideration by the Village Planning Commission, the Commission shall submit in writing its recommendations on each amendment, supplement, change or modification to the Village Board within 45 days after receipt thereof. Said recommendations shall include approval, disapproval, or other suggestions and the reasons thereof, and a discussion of the effect of each amendment, supplement, change or modification on the Comprehensive Plan. Said recommendations shall be of an advisory nature only.

In addition, any person or persons seeking such an amendment, supplement, change, or modification of any zoning district, shall comply with the following:

11.02.01 At the time that application for a change of zoning district or amendment to the zoning text is filed with the Planning Commission, there shall be deposited a fee of \$50, as established by the Village Board, to cover investigation, legal notices, or other expenses incidental to the determination of such matter.

Section 11.03 Zoning Administrator

The provisions of this Ordinance shall be administered and enforced by a designated Zoning Administrator appointed by the Village Board, who shall have the power to make inspection of buildings or premises necessary to carry out his or her duties in the enforcement of this Ordinance.

Section 11.04 Zoning Permits

The following shall apply to all new construction and all applicable renovations and remodels within the zoning jurisdiction of Denton:

11.04.01 It shall be unlawful to commence the excavation for the construction of any building, or any accessory buildings, or to commence the moving or alteration of any buildings, including accessory buildings, until the Zoning Administrator has issued a zoning permit for such work.

11.04.02 Issuance of a zoning permit. In applying to the Zoning Administrator for a zoning permit, the applicant shall submit a dimensioned sketch or a scale plan indicating the shape, size and height and location of all buildings to be erected, altered or moved and of any building already on the lot. Applicant shall also state the existing and intended use of all such buildings, and supply such other information as may be required by the Zoning Administrator for determining whether the provisions of this Ordinance are being observed. If the proposed excavation or construction as set forth in the application is in conformity with the provisions of this Ordinance, the Zoning Administrator shall issue a zoning permit for such excavation or construction. If a zoning permit is refused, the Zoning Administrator shall state such refusal in writing, with the cause, and shall immediately thereupon mail notice of such refusal to the applicant at the address indicated upon the application. The Zoning Administrator shall grant or deny the permit within a reasonable time from the date the application is submitted. The issuance of a permit shall, in no case, be construed as waiving any provisions of this Ordinance. A zoning permit shall become void 6 months from the date of issuance unless substantial progress has been made by that date on the project described therein. Said permit may become void if substantial work has not been performed on a project for more than six months.

Section 11.05 Certificate of Occupancy

No land or building or part thereof hereafter erected or altered in its use or structure shall be used until the Zoning Administrator shall have issued a certificate of occupancy stating that such land, building or part thereof, and the proposed use thereof, are found to be in conformity with the provisions of this Ordinance. Within five business days after notification that a building or premises is ready for occupancy or use, it shall be the duty of the Zoning Administrator to make a final inspection thereof and to issue a certificate of occupancy if the land, building, or part thereof and the proposed use thereof are found to conform with the provisions of this Ordinance, or, if such certification is refused, to state refusal in writing, with the cause, and immediately thereupon mail notice of such refusal to the applicant at the address indicated upon the application.

Section 11.06 Penalties

Pursuant to Neb. Rev. Stat. §19-913 (R.R.S.1997), the owner or agent of a building or premises in or upon which a violation of any provisions of this Ordinance has been committed or shall exist or lessee or tenant of an entire building or entire premises in or upon which violation has been committed or shall exist, or the agent, architect, building contractor or any other person who commits, takes part or assists in any violation or who maintains any building or premises in or upon which such violation shall exist, shall be guilty of a misdemeanor and may be confined in jail not more that 30 days or shall be punished by a fine not to exceed 100 dollars for any one offense. Each day of non-compliance with the terms of this Ordinance shall constitute a separate offense.

Nothing herein contained shall prevent the Village from taking such other lawful action as is necessary to prevent or remedy any violation. However, nothing shall deprive the citizen of his or her rights under the U.S. Constitution of a jury trial.

Section 11.07 Remedies

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure, or land is used in violation of Neb. Rev. Stat. §19-901 to 19-914 (R.R.S.1997), or this Ordinance, or any regulation made pursuant to said sections, the appropriate authorities of the Village may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

ARTICLE 12: COMPREHENSIVE PLAN RELATIONSHIP

This zoning ordinance is designed to implement various elements of the comprehensive plan as required by state statutes. Any amendment to the district ordinances or map shall conform to the comprehensive plan adopted by the governing body.

ARTICLE 13: LEGAL STATUS PROVISIONS

Section 13.01 Separability

Should any article, section or provision of this Ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of this Ordinance as a whole, or any part thereof other than the part so declared to be unconstitutional or invalid.

Section 13.02 Purpose of Catch Heads

The catch heads appearing in connection with the foregoing sections are inserted simply for convenience, to serve the purpose of any index and they shall be wholly disregarded by any person, officer, court or other tribunal in construing the terms and provisions of this Ordinance.

Section 13.03 Repeal of Conflicting Ordinances

All ordinances or parts of ordinances in conflict with this Ordinance, or inconsistent with the provisions of this Ordinance, are hereby repealed to the extent necessary to give this Ordinance full force and effect.

Section 13.04 Effective Date

This Ordinance shall take effect and be in force from and after its passage and publication according to law.

ADOPTED AND APPROVED by the Village Board of Denton, Nebraska,

This ____ day of _____, 2007.
