OUR MISSION

At Business Interruption Consulting, LLC, our mission is to provide expert forensic accounting and advisory services, ensuring our clients receive thorough, accurate, and defensible financial analysis. We specialize in claims preparation, economic damages, financial forensic investigations, and construction dispute resolution, offering clear and reliable guidance throughout legal processes. Our commitment to integrity and meticulous execution empowers our clients to achieve fair and just outcomes in their financial and legal challenges.

Construction Defects & Delay Claims

At Business Interruption Consulting, LLC, we specialize in tackling delay claims and construction defects with a deep understanding of construction accounting, project financing, financial forensics, and valuation. With our strong foundation in accounting and construction, we work hand-in-hand with clients to pinpoint the financial and accounting details needed to evaluate construction costs accurately. We assist counsel in disputes involving contracts with building contractors, engineers, architects, and other professionals involved in constructing various structures and IT systems.

Our Dispute Advisory and Forensics team excels at uncovering accounting abnormalities, financial improprieties, and fraud in the construction industry. We regularly assist legal counsel throughout the construction dispute resolution process, from assessing claims to providing expert testimony. Additionally, we offer advisory services to owners, developers, lenders, and governmental agencies, including school districts. Our focus is on evaluating construction programs, projects, and costs and resolving issues and disputes in large, complex construction projects.

At Business Interruption Consulting, we ensure clients receive thorough support when dealing with delay claims and construction defects. Our in-depth investigations and analyses shed light on the financial impact of construction delays and defects, empowering clients to make informed decisions. By providing expert testimony and advisory services, we help clients achieve fair outcomes in construction disputes, maintaining the integrity and success of their projects.
