

MODEL SUBMISSIONS

- Participating in the *2027 BMFW Fashion Shows* is a strategic opportunity to build your portfolio, gain runway experience, and network with industry professionals. These events give emerging talent—like models, dressers, and stylists—a platform to be seen by designers and media. There is no monetary compensation, but non-paid opportunities can still offer significant value:
- Networking: Connect directly with designers, celebrities, casting directors, and stylists.
- Portfolio & Content: Use show photography and runway videos for your professional portfolio or social media to gain more exposure for bigger projects.
- Industry Insights: Understand the fast-paced, high-pressure environment of live runway production, event coordination and high profile events.
- Prestige: Walking for independent brands, emerging or student designers can build credibility for future paid bookings.

You can participate in multiple capacities depending on your skill set: Runway Model: Showcase the designer's collection, practice your walk, and build your physical book. Backstage Dresser: Assist models with quick changes, steam garments, and organize the clothing racks. Beauty Team: Gain hands-on experience as a makeup artist or hairstylist creating runway-ready looks. How to Find Opportunities Regional Events: Look for upcoming casting calls or volunteer drives at regional platforms. **Please ask about our compensation opportunities.**
