RANGER SQUARE...

Throughout The Year

Bringing More Community...

TO OUR COMMUNITY

Ranger Square Inc. has exciting plans for south Main Street in Hill City. We are creating an exciting venue that serves as the southern gateway to Main Street, Hill City that will not only benefit our community and Civic Organizations, but will also bring more visitors to stay, dine, and shop at the square and on Main Street.

Conservative estimates predict Ranger Square will have a huge economic impact during the first year of operation and for many years to come!

Main Street Hill City is...

THE PLACE TO BE!!!

Ranger Square will reflect the western culture, outdoor beauty and our thriving art community that Hill City is known for. The project includes a multi-use building with commercial retail space and living quarters. Meeting the very real and pressing need for housing and new commercial space in Hill City this will be a great project.

SPRING & SUMMER

Ranger Square will provide an array of events such as concerts and movie nights for our families and visitors during the spring and summer months to hosting numerous other events such as the Hill City Quilt Show & Sale, Hill City Wine, Brew & BBQ Festival, Fine Arts in the Hills, and many more non-profit events.

Concerts Festivals Entertainment

With Ranger Square's convenient location next to the Mickelson Trailhead we will be able to provide a start and/or finish space for marathons and bike races as well as other charitable events in the area. This public space will invite our community and our visitors to spend a day enjoying the splash creek, outdoor seating, shopping, and relaxing on the green space.

FALL & WINTER

Ranger Square will offer affordable fun to our community and visitors with a simulated ice ribbon and fire pit sitting area for the winter season. Giving another reason to visit, dine, and shop downtown Hill City. The square will also provide space to celebrate the holidays with decorated trees and caroling from the stage.

Dine Shop Play Enjoy

Our Hill City School District can utilize the outdoor stage for many events such as spring and winter concerts, classroom plays, and outdoor classroom learning.
