About MUJ

MUJ is part of Manipal Education and Medical Group which consist established leader in the field of education, research and healthcare. In a span of over seven decades, it has transformed the lives of more than 3,00,000 students from over 59 countries. The group includes five Universities - Manipal Academy of Higher Education (MAHE, Karnataka), Sikkim Manipal University (Sikkim), American University of Antigua (Caribbean Islands), Manipal International University (Malaysia) and Manipal University Jaipur (Jaipur). Manipal University Jaipur, established in 2011 by the Government of Rajasthan, is a prestigious multidisciplinary institution known for academic excellence, research output, and global collaborations. MUJ is UGC-recognized, NAAC accredited with 'A+' grade, ranked 58th in NIRF 2025 (University Category), ranked 98th (Overall Category), and holds strong positions in discipline-wise rankings such as 58th in Engineering and 21st in Architecture. With its state-of-the-art infrastructure, modern laboratories, and rising national reputation, MUJ is a preferred host for international conferences and academic events.

About the Conference

The International Conference on Advances in Mechanical Engineering and Nanotechnology (ICAMEN 2026) will be held at Manipal University Jaipur (MUJ) during Oct. 29-31, 2026 in virtual/physical mode. This conference is a 6th version of a successful ICAMEN series started in 2019 and will provide a splendid opportunity to academicians, researchers, industrial persons and young scientists to address new challenges and discuss future research directions. Contributions are expected from academia, industry, and research agencies. It is a highly selective, single-track meeting that will be soliciting submissions presenting significant, original, and previously unpublished research. ICAMEN 2026 aims to be one of the leading international conferences in the world, and it will provide an exciting environment to researchers to present and discuss the latest engineering technologies and their applications.
