LIFE IS WHAT YOU MAKE IT! Go into a thing with anticipation and pleasure and eagerness and you will have a good time. You know the old phrase: "laugh and the world laughs with you, weep and you weep alone" It is so true. Look at the people who have the most friends they are the laughing ones.

So as you leave CBC look forward to another summer when you will do better the things you did well this year. Look forward to making new friends and keeping the old.

Lillian L. Abbe.

Being at the Clara Barton Camp is a great experience and it has been so nice among all of you. The memories of this camp will stay with me for ever. This has given me a very optimistic and better outlook about diabetes. I am learning a lot from all of you and I intend to work hard in the future to be able to make observations and find measures that help make people with diabetes live healthier lives. To me, all of you look healthy in all respects and I have yet to see a more cheerful group. We are all fortunate to have Dr. D. White, the Joslin Clinic and Unitarian Universalist women's Federation look after us for all these years. The credit also goes to the able administration, nursing personnel, the fine staff, and to the fine food. Believe me this is the finest camp of all. From you all who have diabetes, I ask only one thing, and that is to faithfully follow the principles of diabetes care, that is DIET, INSULIN, EXERCISE. You will see that you will do a great job anywhere once you are careful about taking care of yourself. I hope to hear about your accomplishments in future.

My wife and our little girl have had a great time among you and we wish you all very many happy years ahead.

Ramesh C. Khurana M.D.

With all best
wishes,
Carolyn

DINNER DANCE

On July 3rd. 1969 our supper was graced by a "dinner dance". The swinging of the hips and such, was started off by our own Debbie Coffin and Holly Geer. While the Doctor and his wife switched records and took some very candid shots with a movie camera, the campers, C.I.T.s and Counselors all had a lively time. Judy Howe led us on with football cheers and we all enjoyed watching Marion and Carole do "their thing" Altogether it was a most enjoyable evening and maybe (???), the opportunity will present itself again.

I work with mentally handicapped children and run a soup

what do I think of camp? I like it very much. It is a new
experience and adventure. I feel at home as everyone is so
friendly and helpful.

WHO AM I?.....Shernez.

PATRICIA SCHUTTS is the Sr. counselor in Squirrels' Nest. She comes from Pittsburgh, Penn. She is 19 years old and has blue eyes and blond hair. She attends Allegheny Community College. She is majoring in elementary Education. She wants to work in waterfront, tennis, volleyball, track and field, and arts and crafts.

LIZ RICE comes from Suptons River, Vt. She is 18 years old and has blue eyes and auburn hair. She works in the kitchen. She came to C.B.C. to get away from home, and to learn about diabetes. She graduated from high school this year. Next year she wants to work and then go into food management.

MARION FOSTER and CAROLE HARLOW are our girls from England this year. Marion is from Frome in Somerset, a rural area in the south west of England, 100 miles from London. This area is famous for its "scrumpy" draught cider which can be bought for 6^d a pint on the farms. Her father owns a clothes store, and she is studying to be an art and English High School Teacher at Westminster College, Oxford, England. Carole is from Ampthill, Bedfordshire, a residential town 50 miles north of London. Her father is a college teacher. Carole also goes to Westminster College and is studying English and French to be a Junior High Teacher. Both Marion and Carole agree that Americans are very friendly, and they will miss the huge ice cream cones. They will however be glad to return to men with longer hair and cheaper prices!

MARY MODERMAN is from Moline Illinois. She is 20 years old and has hazel eyes and black hair. Mary came to CBC for adventure and something new and different from the "ol_d" routine. She attends Illinois State University and is majoring in sociology. She works in the office here at camp.

TERRELL D. JOHNSON, better known as TERRI, is the Sr. counselor i_n Rainbow Ridge. She is 21 and has brown eyes and hair. Terri comes from Pittsburgh, Pa. She came to CBC this year because she had a ball here last summer. She feels that she increased her personal relationships with others and hopes to do so again. Terri is trying to find people who are not machines and who take life on a human level where they exist as a true human. No more, no less.

Terri quit college this past June, but was in biology as a major and English as a minor. She was in volleyball, nature, nature, and, if Debbie Colburn teaches her folksongs, she w_ould like to teach singing.

BARBARA WINTERS lives in Westminster, Mass. She is 21 years old and has brow_n eyes and blond hair. Barb is CBC's food supervisor and helps out in softball. She came to CBC to learn about diabetes, make some money, and to get away from home! She has been attending the University of Maine, where she i s a Sr. majoring in Biology. Barb hopes to go in_º medical research.

JOE LARIMER is our great cook. He comes from North Oxford. Joe is twenty one years old and has brown hair and eyes. He comes to C.B.C. this summer because he enjoyed camp life at C.B.C. so much last year. Joe attends the Mass. College of Pharmacy and is majoring in Pharmacy.

Barbara Danan comes from Philadelphia, Pa. She is 19 and has brown eyes and black hair. Barb came to C.B.C. to get experience in a lab., so that she could get a job when she is finished with her schooling. She plans to attend Adelphia Business School where she hopes to study to be a medical secretary. Barb works in our lab and loves to meet new people.

HELEN WILLIAMS comes from Syracuse, New York. She is the Sr. counselor in Lagoon Lodge. She has brown hair and eyes and is 18 years old. Helen wants to learn about diabetes. Helen ~~***~~ says she loves camp, and wants to work in volleyball, tennis and archery. During the school year, she attends Oswego State University, where, she says, "We wear slacks to classes because it is so cold all the time and it always snows".

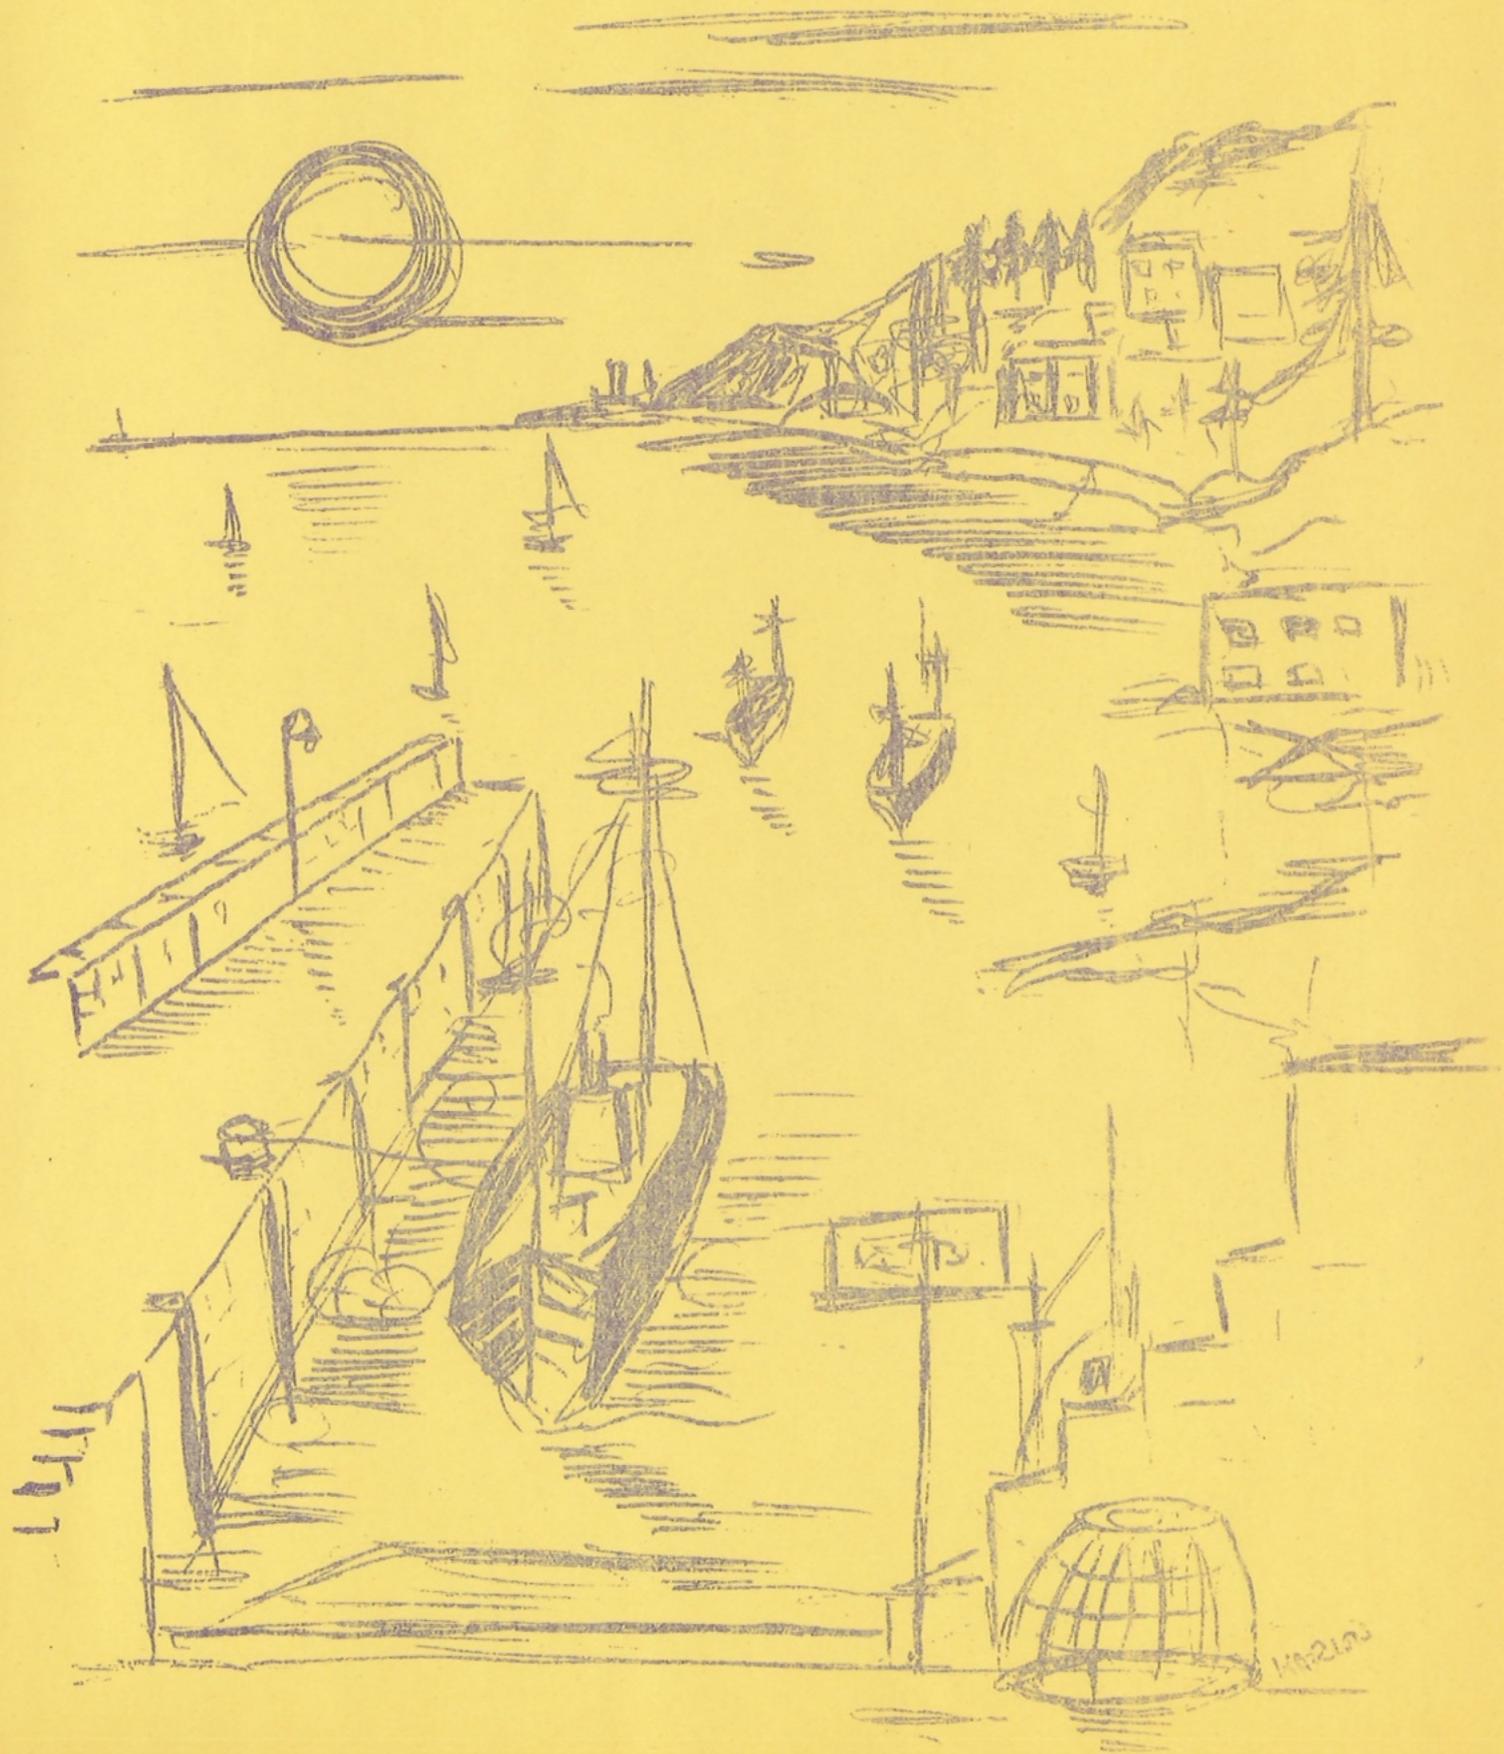

SUZANNE WINZELER is from Uster, Switzerland. She is ?? years old, and has blue eyes and blond hair. Suzanne is the Sr. counselor in Pixie Place. She is a kindergarten teacher in Switzerland. She works in arts and crafts, and sports.

BARB WINTERS who originally came here to learn various lab. techniques, is now our food supervisor. To this change she simply says: "Oh well, I have always liked food anyway". Her favorite activity here is "shooting the bull". In sports she is great as a softball pitcher, and in many other things Barb feels as individuals, the campers are great, but as a group, well that's something else!

BEV KAFFLER another of our members of the Infirmary has come to C.B.C? for the experience in diabetic management. She has also come for rest and relaxation (?) from her intensive nursing. As far as her opinion of the campers here goes, she feels they are "definitely spirited individuals".

DR. AND MRS. KHURANA were both born in Pakistan, but after the partition of India and Pakistan in 1947, they moved to India. They lived in New Delhi, India until the Doctor started his 5 year post graduate work in the U.S.A. This is their 4th year in the USA and after next year they plan to return to India. Their daughter Anju is 19 months old and will learn the Hindu language when they go back. All the Khuranas love this camp and the Doctor hopes he can return here again.

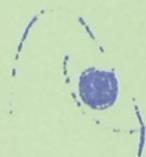

JOSLIN FARM.

On Sunday, July 6th. C.B.C. went to the Joslin Farm in Oxford. Upon arrival the campers were told that they could walk up the hill, have a chance to go on the hay-ride and see all the animals.

Before we left we were given watermelon and plums. We sang some of our favourite camp songs for the Joslins. Dr. Joslin then told us about a pole that his father used to break the ground with.

Everyone had a good time, but wished that we could have stayed longer.

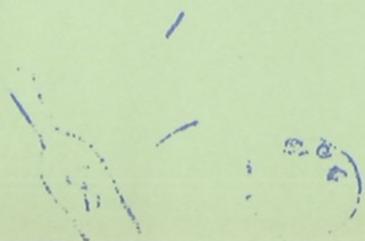

Barb Garrett.

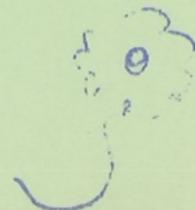

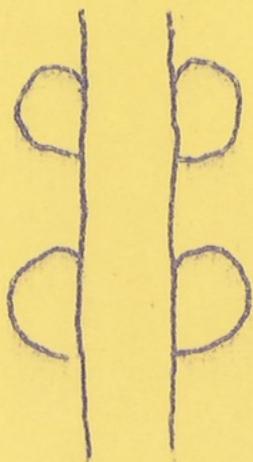

BOWLING

On July 5th., the senior division, better known as Funny Farm went bowling. We ended up at Thunderbird Candlepins bowling alley as the other alley was closed. The highest score was 104, scored by Debbie Lyons. Everyone had a good time and we all agreed that it would be fun to do it again.

The Hike
(Barbara Garrett)

On Tuesday, July 2nd right after lunch, all the Seniors got into two cars and went to Dresser's Ice Cream Stand. Upon arrival the girls discovered another camp there too, by the name of JOSLIN. You can bet that that was a surprise. As all the girls piled out all the boys looked. Suddenly, Confusion-- What flavor?, Double or Single?? When all this was over it was announced that the boys would walk back to Joslin with the girls. The order looked like this-- a few boys in front, some girls, then the rest of the boys. This walk intended to be six miles turned out to be seven thanks to the help of a certain E.P.J. counselor (ROB).

Upon finally reaching JOSLIN, all the seniors were presented with a canister of Kool-aid with cucumbers. As nobody wished to bob for them we lined up to get our drinks. This was the end of the event aside from a few lingering blisters.

THE 7 YEAR ITCH

On Monday night, July 14th the Seniors went to the Mery - Go - Round Theater in Sturbridge. To see the play "The 7 Year Itch". It was about what happens to a man after seven years of marriage, when his wife and son go away for the summer. By use of flashbacks, few props and good acting it was quite funny. The whole play took place in a Mr. Robert Sherman's apartment in New York. I think any body who has not seen it should

THE PARTY.

On Monday July 7th. all the Senior girls went to Joslin for a party. It was too cold for swimming, so everyone went boating and canoeing. After this escapade we went to the Senior Campsite.

While the girls dragged out sandwiches, the boys made a campfire to cook their franks. Towards the end of supper, the boys decided to share their cucumbers, providing the girls broke them. This was readily accepted by all the girls. After everything was cleaned up, it was announced that in place of swimming there would be a softball game. Joslin against Barton. The girls did not score in the first inning, so when the boys got up, they easily took the lead. When the boys were finally out, Rob announced that we would play the Red Rover. How thrilling!!! This game went on despite a few red arms and bruises.

After the game the girls rushed towards the rec. hall to change. Following was a dance in the counselors' lounge. The "Party" was eventful and fun.

Barb Garrett.

AN ENGLISH FOLK SONG..OF NOTE!

I've been a wild rover for many a year,
and I've spent all my money on whisky and beer.
And now I'm returning with gold in great store,
And I never will play the wild rover no more.
and it's no ..nay..never...no nay never no more..
will I play the wild rover, no never no more.

I want to an ale-house I used to frequent,
and I told the landlady my money was spent.
I asked her for credit, she answered me nay,
Sheh custom as yours I can get any day.
and it's no..nay..never..... etc.

So out of my pockets I drew sovereigns bright,
and the landlady's eyes opened wide with delight.
She said "I have whiskey and wine of the best",
"and the words that I spoke sure were only in jest".
and it's no..nay..never..... etc.

I'll go back to my parents, confess what I've done,
And hope they will, pardon their prodigal son;
and if they caress me as oft times be@re
I never will play the wild rover no more.
and it's no.. nay.. never...no nay never no more..
will I play the wild rover, no never no more.

STURBRIDGE

On Wednesday July 8th. C.B.C, took their annual trip to Sturbridge Village. We spent nearly the whole day there, leaving here at 10 and returning back at 4.

While there we toured many of the exhibits. Of particular interest was the Crafts Room/ In there we dipped candles, and used an old printing press to make our report cards which we signed with quill pens. Many of the campers took a short ride on the horse-drawn carriage. A beautiful day contributed to the fun, and all in all made it a wonderful visit.

Ginnie Prescott.

CAN YOU IMAGINE.....

Helen Dean without a needle
The Funny Farm without noise
No Counselors
The Infirmary without Alison
No bugs
a path with no rocks
warm toast
Clean swimming water
The 4th. without E.P.J. fireworks
Meals without scales

THE BARTON ALMA MATER

The hills and pond echo our song
Send softly back our love for you
And in the twilight glow,
Within each heart we know,
Our spirit and our loyalty will grow;

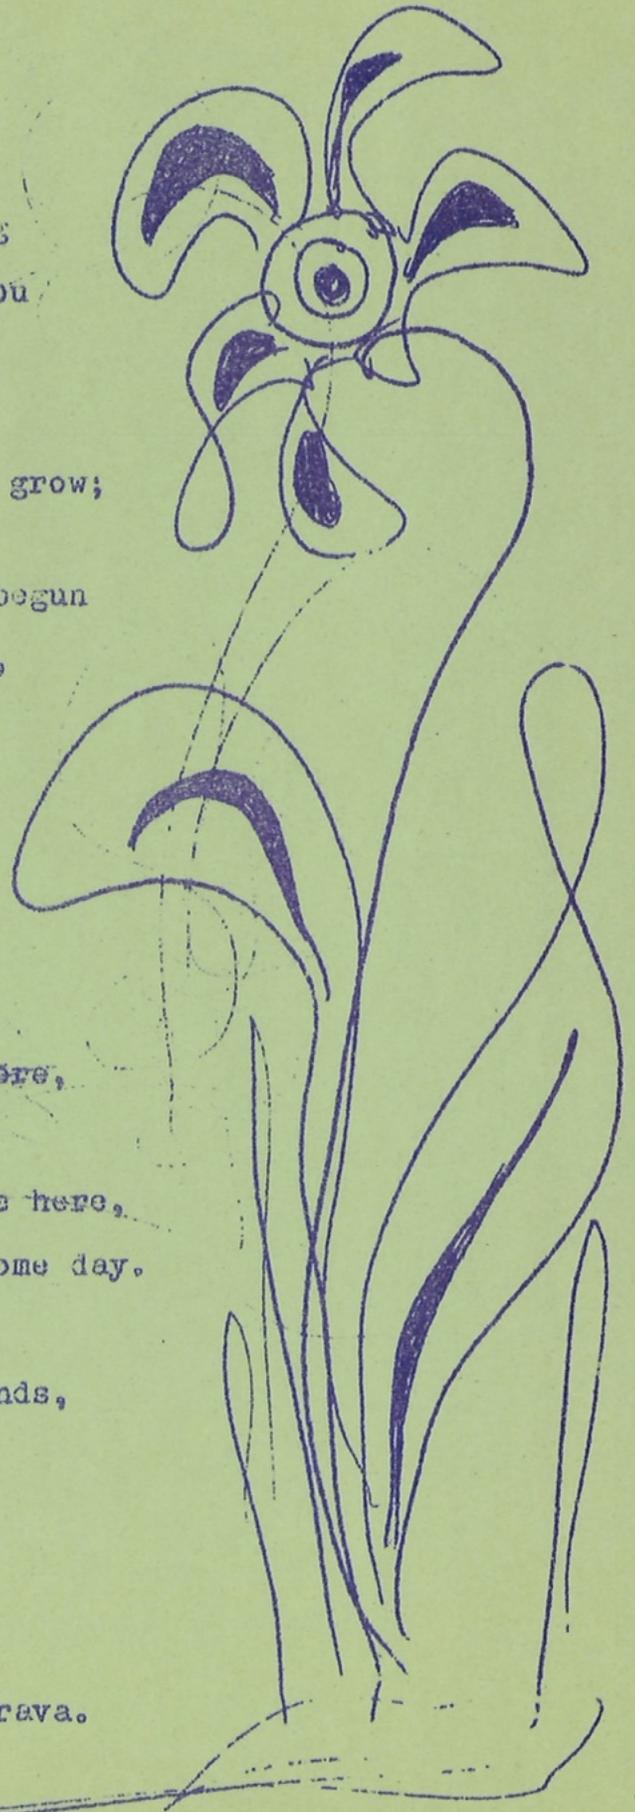

And though we leave we've just begun
To raise our Barton song as one,
And as we sing the echos fall
Brings a greater warmth to all.

REMEMBER

Remember the times you've had here,
Remember when you're away,
Remember the friends you've made here,
And don't forget to come back some day.

Remember the fields and wood lands,
The skies of heavenly blue.
For you girls belong to Barton,
and Barton belongs to you.

Rosalee Brava.
