Session IV  
1984

By Cheryl

Clara Barton Camp ♡

Dear 1984 Campers,

It's hard to believe that this session is over already! It seems like you all just arrived! I hope you'll keep in touch with friends you've made and come back to camp again next year.

One way that we all keep in touch is to light our campfire candles on Christmas Eve. Clara Barton was born on Christmas Day so the night before her birthday seems like a good time for all of us to take a few minutes to think about camp and the people we've met here. As you light your candle, other campers and staff will be doing the same thing. In the middle of a cold winter, it's a very warm thing to do.

Enjoy the rest of the summer. See you next year. Take good care of yourselves and your diabetes.

Hi Gang!

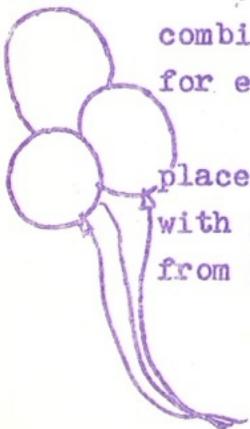

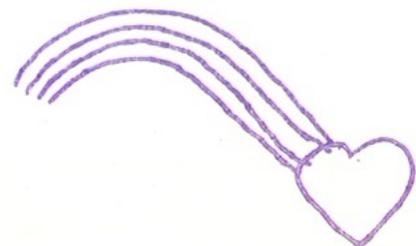

Wow, It's hard to believe the session is over and so is the summer. What a rush! It seems like yesterday that everyone was just arriving and making new friends, and now its already the last day and we have to say so long for now to the friends we've made.

Although we are all leaving, we have many memories to take home with us. You have done so many things in two short weeks. You've had sleepouts with Joslin, Toga Dance, Roller Skating, CIT trip to Camp Hazen, Senior Trip to Mt. Monadnock, thanks for a super time, going to the movies, kept a fire going all night for Gypsy Night Watch, miniature golfing, and special campfires. There are also the very special memories of time spent talking to those special friends we've made here at C.B.C.

Yes, I quit looking, Robin Siedman can have Mr. Shivick, he prefers younger women anyway. Besides, I found something better here at C.B.C. and there are many of you who have found it also. It is the combined spirit of so many special friends that love, share and care for each other.

You have all made this an exceptional summer and I shall keep a place in my heart for each of you. Remember to keep the spirit of C.B.C. with you always. Enjoy the rest of your summer! Write I enjoy hearing from you.

Love Maria

## Blood Testing

Between 7:00 and 7:15 am, we have to get up and do blood testing. We do blood tests four (4) times a day. We use chem strips that run between 20 and 800. If your blood sugar is 240 or higher you are high. If you are 180 to 120 you are just right. And if you are 80 and under, you are low. The time most of us test are between 7:00 and 7:20 in the morning. In the afternoon between 11:30 to 11:45, and ~~at~~ at dinner time we test around 5:00 to 5:15, and at bed time we test around 8:20 to 8:35. Not everyone loves doing them either.

The End

Hot air balloon, Robin Siedman, Shula & Ralph, marshmallow, sea, canoes, hot pink, Russia, Winnie the Pooh, Walt Disney World, tornado, tidal wave, spinach, french horn, Dumbo, January

#### DIV. A

Where is Winnie the Pooh and his hot air balloon in January 1984. Shula and Ralph went to Walt Disney World and saw Dumbo. They asked him if he saw Winnie the Pooh with his hot air balloon. He said he saw him out in his canoe in the sea. He canceled to Russia. When they went to find Winnie the Pooh, there was a tidal wave and they fell out of the boat, and fell into something like spinach, but it was Popple the Sailor and his boat. Have you seen Winnie the Pooh and his hot air balloon? ("No," he said, "but have you heard my french horn?" "no" they answered. When they started off again a tornado picked them up and carried them to Russia. When they got to Russia they saw Robin Siedman with her hot pink socks on. "Have you seen Winnie the Pooh?" Robin says, "yes, he's right up there toasting marshmallows in his hot air balloon." So they had a party. THE END

#### DIV. B's Adventurous Trip to Walt Disney World

It is January and here we go to Walt Disney World in a hot pink, hot air balloon. As we pass over the sea of Russia, we see Shula and Ralph blowing a french horn and eating @ spinach covered marshmallow, while they sit in a canoe which is heading into a tidal wave as a tornado passes over us. Landing in Walt Disney World we see Winnie the Pooh and Dumbo too kissing Robin Siedman.

Thank you,  
your wonderful, loving, fabulous, terrific, beautiful girls  
from Div. B

#### DIV. C

##### A Weird Day

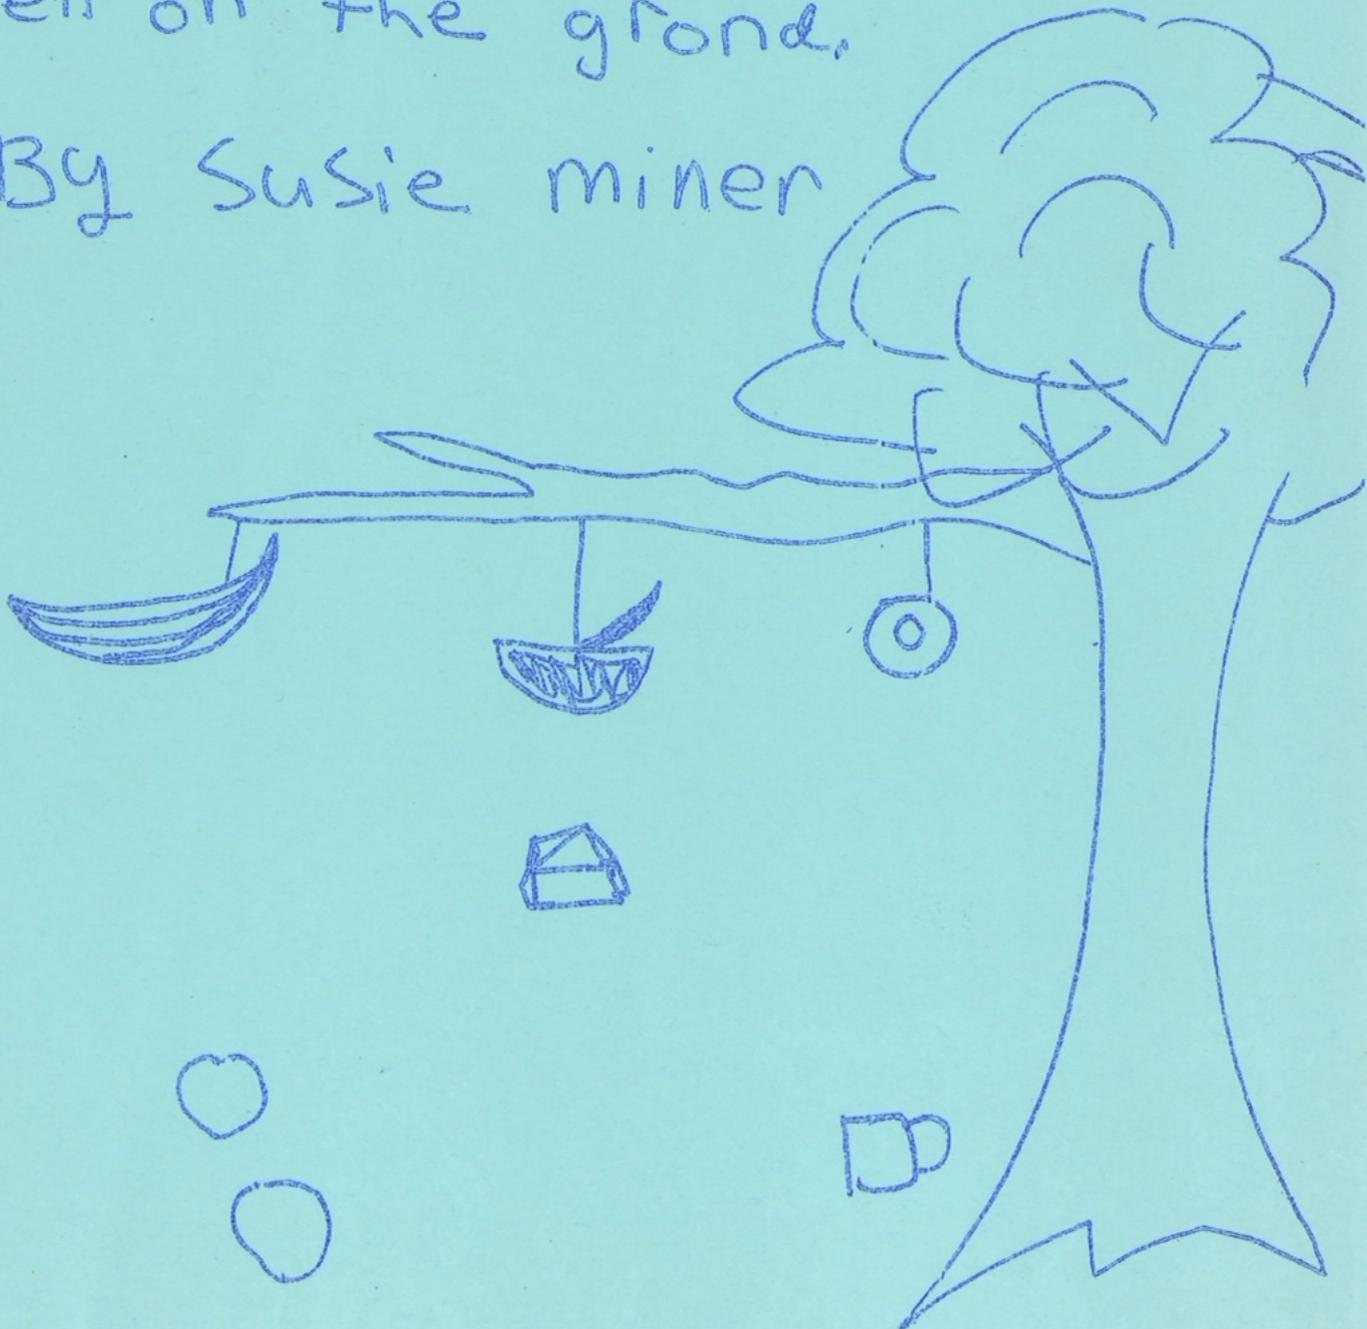

Dumbo kidnapped Shula and Ralph and took them away to Russia in a hot pink, hot air balloon during January. Winnie the Pooh borrowed a canoe from Robin Siedman at CBC, and took it sailing across the sea. They brought marshmallows and spinach to eat. And they hit a tidal wave and a tornado. Eventually they got to Walt Disney World. People sounded a french horn to signal that they were home!!!!

Shula and Ralph decided to stay in Russia and get married.

# Jungle Breakfast

We saw doughnuts on trees.  
We found cereals in the trees.  
We found the eggs in the middle  
of the trees, we found Bananas  
in the trees and I tripped over  
the pitcher of water and  
fell on the ground.

## Rainbows

A rainbow is beautiful and gives lovely  
time.

rainbow is to share, its joys and mine.  
Rainbows are pretty and rainbows are  
bright, you see them in the day time but  
not at night.

## Halloween

The night is scary, dark and dim.  
Shadows fall and box you in.

A ghost appears at the midnight scene,  
And suddenly shouts, "It's Halloween!"

## The Dance

The dance with the adult guys was awesome. The music was great. This session the dance was a log. Everybody dressed up in sheets. The dance began around 6:30 and ended around 9:45. Also 20% was here also. They had bright lights everywhere which made everyone sweat and get hot. I thought for my first year at camp the dance was great and I've had wicked fun here and plan to come back next year.

"The monster"

Down by the lake there is a monster,  
I've seen it there before.  
It's big and ugly, and stomps around,  
And has many colors galore!!!

I've seen it at night,  
And in the day.  
I'll scream and yell at it,  
But darn it, it won't go away!!!

So if you see this monster,  
No matter when you do.  
I recommend you run away,  
And maybe it will follow you!!!

Then, you will be a hero,  
Everyone will cheer.  
And there will be no monster,  
For ANYONE to fear!!!

# ↓ Gold Rush ↓ Day

August 12, 1984

Every Sunday at Clara Barton Camp there is a special day. This session it was "Gold Rush Day." There were four teams who stuck together throughout the day. At 3:00 we played "Almost anything goes". Each team went to six activities and each member of the team had to participate while they were doing the activity, they were timed. At the end, the team who finished all the activities first won. The "miners" came in first, so they won.

Later in the day, every camp member went hunting on the camp grounds for gold! With the gold (spray painted rocks) they went to a carnival which was held in the dining hall. There were 6 games set up. To play it would cost you one nugget (rock), but if you won at that game, you'd get two back! At the end, the person with the most nuggets won a free soda. Jennifer Wilson from Lakeside had 111 nuggets!! And the person who had the most nuggets among all of the campers. They each got a pack of gum!

Well, another summer!

The Cits have truly enjoyed our time at CBC this summer. We love the campers and the staff. 

The Cits have worked hard on Service Projects and Special Projects.

The campfire site across from the birthplace, now called "Fern Hollow" was a tough job. We also cleared the pathway to the campfire behind the boathouse.

We loved working with the campers, staff and fellow Cits. I hope you have enjoyed your stay at CBC this session as much as we have.

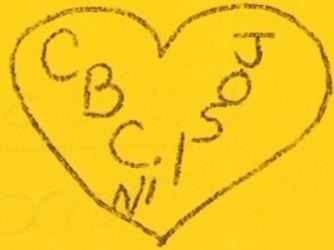

Enjoy the rest  
of the year!  
We love you!

Q. How many times have you been to camp before?

A. This is my first year

Q. Do you like it?

A. Yes, it is very exciting with all the different things to do.

Q. Do you like working with Division B?

A. Yes, I think all the kids are super cool kids.

Q. Are you diabetic?

A. No

Q. Is anybody in your family diabetic?

A. Yes, my grandmother has Type II

Q. Have you made many friends?

A. Yes

Q. Who is your best friend?

A. Elizabeth Mekeon - when I'm hungry, Lisa Reavill - when it's payday, Shuler - when I want gum, Donna Balaski - when I want to watch T.V., Beth + Dee Dee - when I want to go bike riding, and Div. B - when I want back rubs.

Q. Do you want to come back next year?

A. I would like to but since I will be starting work at St. Francis Hospital, it wouldn't be very realistic for me to say I'll come back to work, but I'll be back to visit, definitely.
