Dear Campers,

It has been a great third session I truly don't know where the time went - it seems as though opening Sunday was a couple of days ago. It was so good to see all of you former campers, and to meet you new campers for the first time. I hope that each of you had as much fun as I did, and will remember CBC throughout the next year. When you're all back at school, remember - Ross, Brittany and I will still be at CBC, shoveling snow and missing you all. Please drop us a note.

I enjoyed walking to Ronnie's with Division A - we made up a great song, you guys. Polar Bear swimmers were awesome. Don't you think you're energized by swimming at 6:30 AM? And how about Lobster Patrol - midnight campfire has a special meaning. You all smiled pretty for your celebrity day pictures, I will remember your happy faces as we wait patiently for next summer. The talent show was soooo funny. You are all stand-up comedians. Dawn Gifford's parents video taped it and will make camp a copy. Next year you can see yourself on tape.

The most important thing about camp is to have a great time and to make friends that will last a lifetime. Then, learning about diabetes is second nature, you learn just from being here. I learn every day from each of you.

Remember, when things aren't so great and you're feeling down, think of us at CBC and smile.

And, keep climbing up sunshine mountain....

Love,

Hi Everybody!

It's hard to believe that this session is over. It seems like only yesterday that we were standing on the front porch of the dining hall welcoming you all here. It has been an awesome session and you have been the best campers, not to mention a great staff. We have been so busy this session, we've hardly had time to relax.

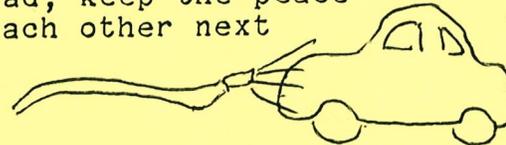

We started the session off by getting acquainted with the men from Joslin. Jane, Deirdre, and Celia did an incredible job as D.J.'s. I'll send your names into BCN if you want to go into a new line of work. Climb, climb up Mt. Wachusett where the little breezes blow. You were great mountaineers. I hope everyone enjoyed the hike. Hey Div. A, did you enjoy eating breakfast with the monkeys? What about our bachelorettes? Cheryl, Bunny, Katie and Deirdre, did you enjoy your first date? Hey Celia, I have another occupation you could apply for that's more exciting than a D.J.? Professional Chaperone!! Best of luck in your new endeavors. Thanks CIT'S 1, great job on the car wash! Campers you're all STARS in my book. Celebrity Day was super! Great job committee, the menu that day was the best so far. Campers you're awesome. I didn't realize we had so many talented people in camp. I'm sorry I missed the guest appearance of Bonjovi and company. I did get to meet them in their dressing room. We ended our busy session with a hike to Buffumville with Div. B, C, and Seniors. Div. A had a fun day at Camp and hiked to Ronnies for ice cream cones. Laura, Michelle, and Shelley we loved your song. Thanks for singing it for us.

And today is THURSDAY our last day together, I hope you all had fun. It FIGURES, Katie had the best date.

We've had alot of fun, we've learned alot about ourselves, and I hope you learned a little more about living with diabetes. As we remember all the good times and fun we had, keep the peace and spirit that is CBC with you until we see each other next summer. Keep in touch. I'll miss you!

LOVE,

*Maria*

Dear Personals column,

I'm trying to find a girlfriend for the summertime only. The girl I date during the winter is awesome, but she goes away for the summer. For the past two summers, I have spent my time stuffed in a paper bag on a closet shelf.

Some people think I'm full of hot air, but I'm a really nice guy. If anyone would like to date me until she gets back in the fall, I would be interested in meeting her.

Signed,  
Ralph

## The Dance

On the night of Tuesday, July 28, 1987, there was a dance at CBC with the Joslin boys. The dance lasted from 6:15 to 9:00 pm. The dancing started off slowoy, but soon the dining hall was packed. There were trains of people running around the dining hall. Requests were being made and played and paula Daniels sang "Greatest Love of All" by Whitney Houston. At 8:30, everyone got his or her snack and rested, and then were soon back on the dance floor again. The last half hour ther were mostly slow songs played. Campers and counselors were both out dancing.

twc girls in Peaceful Pen recieved bracelets, and a few other girls exchanged addresses with their dancing partners.

When 9:00 arrived, there was a lot of moaning and gfoaning because campers wanted to keep on dancing, but counselors managed to get their kids back to the cabins to get tested and ready for bed. Div, A didn't go to their cabuns after the dance; they went to the barn for a sleep-out with the boys from Joslin.

After all the boys were gone, it was back to our normal schedule.

## Movie Watch

On Thirsday night the seniors and Div. C went totthe center ro watch the movie Stand By Me. Everyone laid out their blankets and after getting a snack of ice creaaam sandwiches, got comfy and cozy. The movie began and the crowd became silent.

The movie was very funny, sometimes scary, and even gross. All in all the movie was terrific. I'm sure everyone would have given it a ten.

Soon everyone except some staff left the center. Later when my cabin was going to the lab, we could see some people were watching the movie again. On behalf of everyone who saw the movie, it was a good idea for an activity that night.

## A Letter Home

Dear Mom and Dad,

Here at camp everything's fine, really fine. My roommates are gross, the room is a wreck, and the food in the dining hall is barfy. If that is not bad enough, I almost drown in the poll while trying to dive. Oh yes, and on Tuesday. we had a dance, and no one asked me to dance. What can I do?

Love,  
Your daughter

P.S. Send a care package, please!!!

## Our Climb Up Mount Wachusett

It started when the bus pulled into the lot. Everyone was so excited, they were jumping up and down, or did that mean they all had to go to the bathroom? After the lines ended, we finally started on our way to the top of Mt. Wachusett.

Hiking up that rocky path started out really hard, but after a few minutes, we all were getting pretty used to it. As we kept walking, there were quite a lot of people stopping to rest because they were feeling low, but after a few glucose tabs or honey they too were on their way heading to the top.

After some bee stings and a lot of hard work, we Made it to the road where the camp van and Vicky were waiting. Some stopped because of sprained ankles and other problems and got a ride to the top, but the rest of us took it on foot and rounded the corner. In about 2 minutes, we were there at the top, and, boy was everyone proud.

We rested and ate. The view was beautiful. Pretty soon it was time to leave, and everyone packed up their junk and left. It was a long hike down, and soon enough, we got lost. WE came to a main raod, and some one found the way to get back. We walked on the side of the road for what seemed like hours. The van then rounded the corner and said it was just up the road a little ways. Some people started to run, and in about 5 minutes we were there.

Once again, everyone stopped for the bathroom and then loaded the bus. It was a tiring trip, but it was worth it.
