Kansas City, MO 64108

Dear Mike:

I wanted to take a minute to thank you for your assistance over the past few months. The discussions we have had have helped us keep our business afloat during some very rocky times. While we have not been able to hire back on our employees that were let go at the end of 2008. We are still working and pursuing all the avenues we can to grow the business during this time of opportunity.

The small business loan program you told me about, as well as the resources for the job placement and various links to on-site information has been invaluable. Most importantly you have been available to answer my questions on all my concerns with very rapid response.

I look forward to continuing to work with you in the coming months as I truly hope my company moves out of its difficult times and moves toward the opportunities ahead, especially with the stimulus money, SBA Arc loans and hopefully additional financial avenues making small business owners liquid again to be able to hire new employees and make capital expenditures that will benefit all of us.

Sincerely,

Meredyth A Melcher
Owner and General Manager
