Mr. McQueen,

I am the Staffing and Safety Leader for Frito Lay, Inc. for the Kansas City Zone. I would like to take this opportunity to thank your organization for the assistance the Full Employment Council has given Frito Lay in finding quality candidates for our Sales Force. I took over this position approximately one year ago, and was challenged by my supervisor to recruit and retain quality candidates for our organization.

I was introduced to Mike Shew by Keith Williams, our Zone Business Manager, and that is where our partnership began. Since that time we have had many quality candidates come through our system from the Full Employment Council, two currently going through the final stages of the hiring process as this letter is being written. We have acquired these talented individuals through a number of different means with your organization, ranging from contact with Mike on virtually a weekly basis communicating our needs, to participating in the FEC's Job Fairs. In the short time in this position I have seen more qualified candidates coming through our system, leading to better opportunities for success for our employees.

Again, I would like to thank your organization and Mike Shew in particular, for all your assistance. We look forward to a strong successful partnership with the Full Employment Council in the many years to come. Please feel free to contact me if there is anything we can do for you.

Sincerely,

Scott Miller
