RE: Business Retention Coordinator

Dear Clyde McQueen,

On Wednesday June 10th, 2009 I contacted Mike Shew in an email requesting his assistance with a new business opportunity that had come my way. This company, MLB Designs, Inc has been in business for a number of years and has very recently entered into a hardship with debt and is at the very end of the line financially.

Mike responded to my email with a phone call and said he could meet right away. We were overjoyed and grateful that Mike was so willing and eager to help our struggling business. We recently moved from Crestwood to Crossroads and now are on the Country Club Plaza, which has been our home for 11 weeks. The company is completely overwhelmed with debt in collections, no working capital or cash. Mike worked with us on our budget, debt analysis, talking points for investors, ideas for marketing and building a sales team. He has already played an integral part in the reorganization and rebuilding of our business.

Mike Shew is a huge asset to the Full Employment Council. His expertise in business retention and development is a great benefit to small businesses throughout the region.

Best Regards,
