Business Retention Coordinator
1740 Paseo
Kansas City, MO 64108

Dear Mr. Shew:

Thank you for taking the time to come speak to our group last week. The information you provided as well as Mr. Wegner from Missouri Enterprise was very informative and I believe caught the attention of our members.

Our membership is derived of a diverse group of business women either working or living in Platte County. We encourage community involvement and support the general welfare of women in Platte County. The service your organization provides compliments our purpose for both business owners who may be seeking qualified employees as well as an individual who may be looking for employment.

I was quite impressed with the information we received. I have already shared it with my nephew and a close friend who is in the job market. Many points and suggestions can be used wherever we go~

Denise McPherson-member

As a business owner, the opportunities for me looking for employees and as someone who might be looking to find a job, there are many programs that are available to someone looking~

Beth Roberts-member

This is definitely a difficult time for many people and the efforts of the Full Employment Council, Platte County Economic Development Council, and Missouri Enterprise are truly extraordinary for businesses and job seekers in Platte County. Thank you again for taking the time to come educate us on your programs and providing the tools to be successful.

Sincerely,

Jennifer Brown
President
