

CPHS 2023 Girls Water Polo Seniors!

SENIOR: Kalena Kardell

Played: 6 years

- Favorite Memory: My sophomore year when we played Northgate when we eventually won 10-9 during Golden Goal (overtime). I drew a few kick outs and all the Northgate parents were screaming that I was being dramatic and acting. Even though I was being extra dramatic to get those kick outs against Northgate, the 6 on 5 opportunities and penalties I drew still helped us win.
- Plans after CP: I am applying to mostly CA colleges, hoping to get into UCSB or UCSD but if not, would love to join my sister at UH Manoa. I am planning on majoring in Business and Finance, but unfortunately not planning on Collegiate swimming or playing water polo after CP. *I plan on visiting home and watching some games at CP still!*
- Free time: In my free time I love to travel and hang out with my friends. Those are the two things I enjoy the most because new places and people I am comfortable with make me the happiest.
- Anything else to share: My CP experience has been full of new experiences and amazing memories. Water Polo will always have a place in my heart with all the great memories I have within it.

- Favorite Memory: My favorite memory from playing this sport is from my first season, when my JV team played in the Battle of the Bay tournament in Alameda. It was so fun to hang out with my JV team and we felt very happy with how we performed.
- Plans after CP: After I graduate from CP I plan to go to DVC and then transfer to a 4 year college. I am interested in becoming a nurse and I am excited to apply to several different nursing schools after I complete my associate public health degree. I also want to continue playing water polo while I'm in college and participate in a collegiate choir group.
- Free time: During my free time, I like to draw, illustrate, paint, craft, ride my bike, sing, practice photography, and grow plants.
- Anything else to share: Throughout my time going to high school, my most favorite memories are being part of the choir program. This year, I am in the honors Chamber Choir, the Concert Choir, and work as a section leader. The choir program has given me the chance to travel and experience new things performing in different shows, and it has been a huge highlight of my high school experience. Choir has also been really special to be a part of everyday with some of my closest friends and I'm excited to continue this passion during my college career.
