

Curriculum Development & Educational Design

Consult Espinal

Building learning experiences that inspire action and empowerment

Core Competencies

- Curriculum design for adult learners, youth, and community groups
- Development of workshops, webinars, and e-learning modules
- Bilingual (English/Spanish) curriculum creation for diverse audiences
- Culturally responsive teaching frameworks
- Career coaching, workforce readiness, and financial capability training
- Facilitation of writing workshops and professional development sessions

Past Performance

- **Sisters of Economic Action (SEA)** – Designed and led writing workshops for women of color in economic development.
- **CollegeNow Cleveland** – Mentored students through customized learning plans and career pathways.
- **Teachers College, Columbia University** – Earned M.A. in TESOL with extensive curriculum design experience for multilingual learners.

Differentiators

- Over a decade of teaching and facilitation experience in classrooms and community settings.
- Strong foundation in adult learning theory and culturally responsive pedagogy.
- Ability to translate complex economic concepts into accessible, actionable curricula.
- Dual focus on academic excellence and community empowerment.
