Purpose and Vision

Introducing the Virtual Memory Bank: A Revolutionary Way to Connect with the Past

Imagine a future where you can don your VR goggles and interact with your great-great-grandparents, long-lost friends, or beloved pets. We are thrilled to unveil the **Virtual Memory Bank**, an innovative platform that allows you to store and relive your cherished memories.

Our groundbreaking system enables you to upload photos and videos to create a digital legacy, while earning **\$LBAI** tokens for your contributions. This unique approach not only preserves your memories but also facilitates the creation of generational wealth that can be passed down to your loved ones.

Experience the joy of reconnecting with your history in a fully immersive environment. Celebrate the lives of those who came before you, process grief, and foster deeper emotional connections with family and friends. Unlock the power of memories and create a lasting legacy with the **Virtual Memory Bank**. Join us in making history a part of your future!

Key Problems We Aim to Solve

We strive to:

- Reconnect individuals with friends, family, and pets in the present.

- Create virtual learning environments and therapeutic services through VR.

- Utilize stored data, AI, and VR to enhance these experiences.

Tokenomics

Introducing \$LBAI: Tokenomics and Distribution

Target Audience

Our target audience includes anyone interested in investing in AI technology through cryptocurrency and individuals looking to sell data. Despite the presence of other cryptocurrencies, few are backed by true hardware technology integrated into a legitimate company.

Market Analysis

The cryptocurrency market has shown steady growth, with an estimated \$3.3 trillion added in 2024. As regulations evolve, the adoption of crypto in the retail sector is becoming increasingly viable.

Development Roadmap

Key Milestones Achieved:

- Listing on multiple platforms and exchanges.
- Building a strong, dedicated team.

Future Developments:

In February 2025, we will introduce merchandise items available for purchase using \$LBAI on our website.

Team

Our founding team is led by an Army veteran, a father, and a field service technician with experience in the automotive industry, including five years at Tesla and one year at Rivian. We are supported by dedicated community members who will be given roles as the project grows. Team members can be found in our Telegram chat.

Regulatory Considerations

We comply with all relevant laws and regulations in the United States, specifically in the state of Maryland. As a legally formed LLC, we are not an investment company and do not provide investment advice.

Community Engagement

We prioritize genuine human interaction and engagement, avoiding the use of bots to manipulate prices. While we may utilize bots for chat room functions, our focus is on fostering a peer-to-peer community rooted in authentic connections.
