

JET Transport Leadership

Jerry Trojanek CEO

Since its inception in November of 1999, JET Transport's mission, has been to provide its customers with reliable on-time services, at the most competitive rates.

For nearly two decades, JET has subscribed to the philosophy of creating solutions for our client's transportation needs, including the warehousing and distribution of shipments.

Constantly innovating and refining our delivery systems to our customer's. JET's unwavering goal has been the advancement of communications with our customers, by implementing leading-edge technology solutions, that track the real-time movement of your freight shipments.

JET has evolved into a logistics specialist, mastering your intermodal and international freight transportation needs, to guarantee your goods make it to their destination as promised.

We are a custom's bonded carrier, which ensures the appropriate handling of your bonded shipments. JET is centrally located to all the major rails in Chicago, insuring prompt response time to all of your requests for service.

JET has an excellent safety record, that ensures the secure transport of your goods anywhere throughout the Midwest. With a protected 8 acer lot, JET offers our customers peace-of-mind in the knowledge their freight is securely in our care. We are more than capable of providing you with the convenient and timely transportation of your freight including the warehousing and transloading of your shipments.

My leadership team at JET pays close attention, to every request our clients have for the movement of their shipments.

To our current customers, we thank you for your patronage, support, and loyalty over the years.

JET's commitment to you, is to continue to earn your business, by providing exemplary freight service to your organization.

Our mission, is your complete satisfaction.

Respectfully,

Jerry Trojanek
CEO
