This is to certify that

The One Total Home Experience LLC

is buying carpets from India which are made without child labour. Production units and looms are regularly supervised. The control and supervisions are carried out by Rugmark Foundation India. In addition to child labour, social and environmental compliance standards of International Social and Environmental Standard (ISES 2020) are followed.

The contribution from the buyer for the supervision is utilized for social projects (like education, healthcare, vocational training, etc.) and administrative work. All incomes and expenditures are fully transparent and subject to strict control by financial authorities and auditors.
